Background:

In 2024, the Brazilian government legalized online sports betting, and since then, the industry has grown significantly. The law also created a state monopoly on online sports betting, which means that only the state-owned company, Casa de Apostas, is allowed to operate online sports betting services.

The legalization of online sports betting in Brazil has led to an increase in the number of people participating in sports betting. According to a survey by the Brazilian Institute of Geography and Statistics (IBGE), the number of people who have placed bets on sports online has increased from 2.5 million in 2024 to 5.3 million in 2024.

2. Increased Participation: The legalization of online sports betting has led to an increase in the number of people participating in sports betting, which has, in turn, increased the revenue generated by the industry.
3. Job Creation: The online sports betting industry has created jobs, not only for the people who work for the state-owned company, Casa de Apostas, but also for those who work in related

industries, such as web development, marketing, and customer service.

Disadvantages of Online Sports Betting:

1. **Addiction:** Online sports betting can be addictive, and the easy accessibility of online betting platforms can make it harder for individuals to control their gambling habits.
2. **Lack of Transparency:** There is a lack of transparency in the online sports betting industry, as it is difficult to verify the accuracy of the odds and payouts offered by betting sites.
3. **Money Laundering:** The anonymous nature of online betting can make it easier for criminals to use online sports betting platforms for money laundering activities.
