Rules Of Live Roulette

The rules of roulette

are easy to understand, which is part of the reason why it's such a popular game. The aim of the game is to guess where the ball will land in the wheel by placing bets on the roulette game board. Before each round, the croupier will clear the table and allow players to start betting.

Players are free to make a number of different bets based on where they think the roulette ball will land. The croupier will start spinning the roulette ball and the roulette wheel while bets are being placed; a few seconds after they start spinning, they will announce "No more bets." Players cannot place a bet after this call has been made.

The ball continues to spin around the wheel, and once it loses momentum, it will fall into one of the pockets on the wheel. Based on where the ball lands, the croupier pays out players who have made winning bets, and all losing bets are cleared from the table.
