American football player

John Daniel Matuszak (October 25, 1950 – June 17, 1989), nicknamed "Tooz", was an American football defensive end in the National Football League (NFL) who later became an actor.

Matuszak was the first overall pick in the 1973 NFL Draft and played most of his career with the Oakland Raiders until he retired after winning his second Super Bowl in 1981. He participated in the 1978 World's Strongest Man competition, where he placed ninth. As an actor, Matuszak played in both films and television, appearing first as O. W. Shaddock in 1979 in North Dallas Forty followed by Tonda in the 1981 film Caveman and the deformed Sloth in the 1985 movie The Goonies. His biography, Cruisin' with the Tooz, written with Steve Delsohn, was published in 1987. Early life [edit]

Matuszak was born in Milwaukee, Wisconsin, to Audrey and Marvin Matuszak. He had two brothers, but both died of cystic fibrosis at young ages. One of his sisters also had the disease. The family moved from downtown Milwaukee to Oak Creek, Wisconsin, where Matuszak's classmates ridiculed him as a gawky beanpole. Their disrespect motivated him to develop into a muscular young man, and he became the Wisconsin Class A state champion in the shot put with a throw of 58 ft 11 in (17.96 m).[citation needed] Matuszak was always big for his age, which became an advantage as a defensive lineman in football. He attended Oak Creek High School.[1] After a freshman year playing football at Fort Dodge Junior College in Iowa, Matuszak was recruited to the University of Missouri by Dan Devine. Matuszak enrolled at Mizzou for his sophomore year of college, where he played one season of football for the Tigers as a tight end. Matuszak did not see much playing time at Mizzou because the starting tight end was an excellent blocker. With Dan Devine leaving Missouri for the Green Bay Packers that same year, Matuszak no longer had a spot on the team, and his scholarship was revoked by new coach Al Onofrio. Following his sophomore season at Mizzou, Matuszak transferred to the University of Tampa, where he became the star of their football team. Matuszak was selected to the All American Team 1972. He was also a member of the Sigma Phi Epsilon fraternity.[2] In Matuszak's last college football game, Tampa defeated Kent State 21-18 in the Tangerine Bowl.

Kent State's standouts included future Hall of Fame linebacker Jack Lambert and Gary Pinkel, who coached Missouri from 2001 to 2024. Another Golden Flash senior, future six-time national championship coach Nick Saban, suffered a season-ending injury in October. Kent State's coach was Don James, who went on to win the 1991 national championship at Washington.

By the time he became a professional athlete, Matuszak stood 6 ft 8 in (2.03 m) and weighed over 280 lb (130 kg).[3]

Professional athlete [edit]

Matuszak was the first pick of the 1973 NFL Draft, selected by the Houston Oilers. In addition to his contract with the Oilers, he joined the Houston Texans of the World Football League (WFL), playing a total of seven plays before a restraining order was served to him during a game, barring him from playing for two teams at the same time. Matuszak said he had no plans to play in that game but requested to play after seeing 25 or so men looking for him on the sidelines. He didn't know what was happening at the time and wanted to avoid confrontation. The displeased Oilers traded him to the Kansas City Chiefs for Curley Culp, another player who had threatened to jump to the WFL, and a first-round draft choice in 1975 on October 22, 1974. The trade was a steal for Houston, where Culp became a Hall of Fame performer when coach Bum Phillips moved Culp to nose tackle in the 3-4 defense in 1975.[4] In 1976, the Kansas City Chiefs traded Matuszak to the Washington Redskins but he was released by the Redskins soon after. Later that year, as a free agent, Matuszak signed with the Raiders. He helped them win two Super Bowls (XI and XV) before retiring after spending the entire 1982 season on injured reserve.[5][6]

Matuszak's football career was often overshadowed by his lifestyle.[7] In his autobiography, he stated that he used drugs and abused alcohol while playing professional football. An article written for Sports Illustrated's website in January 2005 named him one of the top five all-time "bad boys" of the NFL.[8]

Matuszak was the only one of the first six selections of the 1973 draft to never earn first-team All-Pro honors. Offensive guard John Hannah, selected fourth by the New England Patriots, was inducted into the Hall of Fame in 1991, his first year of eligibility, following a 13-year career, while quarterback Bert Jones (Baltimore Colts), offensive tackle Jerry Sisemore, tight end Charle Young (Philadelphia Eagles), and defensive tackle Dave Butz (St. Louis Cardinals) were all prominent throughout the rest of the 1970s and into the 1980s.

Actor [edit]

Matuszak acted professionally in the 1980s, making appearances in feature films and on television, often portraying football players or gentle giants. His first major role was in the 1979 movie North Dallas Forty as a football player. He appeared in the movies Caveman, The Ice Pirates, One Man Force, and One Crazy Summer but is frequently remembered as deformed captive Sloth in The Goonies, the makeup for which took five hours to apply.[9] Sloth wears an Oakland Raiders shirt in some scenes. He had numerous guest appearances in TV shows such as Perfect Strangers, M*A*S*H, The Dukes of Hazzard, Hunter, Silver Spoons, The A-Team, 1st & Ten, Hollywood Beat and Miami Vice.

Death [edit]

Matuszak died on June 17, 1989, as a result of acute propoxyphene intoxication, an accidental overdose of the prescription drug Darvocet, according to the findings of the Los Angeles County Coroner's Office.[10] He was 38 years old. The report also said that hypertrophic cardiomyopathy (an enlarged heart) and bronchopneumonia had been contributing factors in his death. There were also traces of cocaine found in his bloodstream.[11]

Call of Duty: Black Ops II is a 2012 first-person shooter video game developed by Treyarch and published by Activision. It was released for Microsoft Windows, PlayStation 3, and Xbox 360 on November 12, 2012, and for the Wii U on November 18 in North America and November 30 in PAL regions.[1][2][3][4][5] Black Ops II is the ninth game in the Call of Duty franchise of video games, a sequel to the 2010 game Call of Duty: Black Ops and the first Call of Duty game for the Wii U. A corresponding game for the PlayStation Vita, Call of Duty: Black Ops: Declassified, was developed by nStigate Games and also released on November 13.

The game's campaign follows up the story of Black Ops and is set in the late 1980s and 2025. In the 1980s, the player switches control between Alex Mason and Frank Woods, two of the protagonists from Black Ops, while in 2025, the player assumes control of Mason's son, David (codenamed "Section"). Both time periods involve the characters pursuing Raul Menendez, a Nicaraguan arms dealer and later terrorist, who is responsible for kidnapping David in the 80s and later sparking a Second Cold War in 2025. The campaign features non-linear gameplay and has multiple endings.[6] Locations featured in the game include Angola, Myanmar, Afghanistan, Nicaragua, Pakistan, the Cayman Islands, Panama, Yemen, the United States, and Haiti.

Development for the game began soon after the release of Black Ops, with Activision promising that the follow-up would bring "meaningful innovation" to the Call of Duty franchise. Black Ops II is the first game in the series to feature futuristic warfare technology and the first to present branching storylines driven by player choice as well as selecting weapons before starting story mode missions. It also offers a 3D display option. The game was officially revealed on May 1, 2012, following a set of leaked information released during the previous months.

Black Ops II received mostly positive reviews from critics, with praise for its gameplay, story, multiplayer, Zombies mode, and villain, but its Strike Force missions had a mixed reception. The game was a commercial success; within 24 hours of going on sale, the game grossed overR\$500 million.[7] It had remained the largest entertainment launch of all time until September 2013, when Take-Two Interactive announced that Grand Theft Auto V had grossedR\$800 million in its first day of release.[8] It went on to sell 7.5 million copies in the U.S. in November 2012, making it the highest-grossing game of the month.[9] A sequel, Call of Duty: Black Ops III, was released in 2024.[10] Call of Duty: Black Ops Cold War, set between Black Ops and Black Ops II, was released on November 13, 2024.[11][12]

Preços que se pagam por ser lésbica e gastar muito tempo na internet, amando filmes, TV e cultura pop

Existem preços que pago por ser lésbica e gastar muito tempo na internet, amando filmes, TV e cultura pop. Um deles é passar muito tempo na internet.

Eu também sei muitas coisas inúteis que ocupam o espaço no meu cérebro, onde poderia estar "entendendo matemática". Mas, enquanto não estou atualizada sobre coisas como o Dow Jones (um cara?), estou sempre atualizada e ciente das *coisas reais* – como as pessoas atuais da sociedade. Isso inclui pessoas do público que estão passando por um momento de glamour ou as novas estrelas emergentes de suas cascas como borboletas que não podem viver entre nós, os normais, indo freebet em back vez disso para as luzes brilhantes de Hollywood.

Tendências e categorizações de homens famosos

Às vezes, temos uma tendência freebet em back que algumas destas pessoas parecem aparecer ao mesmo tempo, são semelhantes de alguma forma e as pessoas percebem. Essa vez, foi o "namorado roedor quente" – atores de plantão com recursos roedores e faces, como Timothée Chalamet, Jeremy Allen White e Josh O'Connor de Challengers. Não se confunda com "namorados merdas" que eu encontrei, "namorado roedor" é um elogio e algo que as pessoas acham muito atraente. Essa categorização de homens famosos e atraentes não é um fenômeno novo; parece que, ao menos uma vez por ano, somos apresentados a um Novo Tipo de Cara que agora queremos apreciar. Está tudo bem, mas minha pergunta é: onde estão as Novas Tipos de Garotas?

Nos últimos alguns anos, tivemos tendências sedutoras na internet para barrigudos, reis baixinhos, zaddies (homens mais velhos), big dick energy, himbos, nerds, namorados de golden retriever e agora ratos – ampla apreciação entusiasmada de certos tipos de homem que estão fora da norma de alguma forma, mas explicitamente desejados por muitos. Eu acho que isso é ótimo! Eu amo ver a sociedade (muito ligeiramente) expandir freebet em back definição do que é atraente. Eu amo ver pessoas estrelando filmes e TV que parecem diferentes ou normais ou interessantes, ou têm dentes que não parecem que vão brilhar ao entrar freebet em back um clube noturno. Eu apenas desejo que algumas destas tendências acontecessem para mulheres também. A sociedade já está muito mais aberta às diferentes espécies de quente que (homens brancos) podem ser do que mulheres, e ainda assim continuamos a nos virar para criar novas maneiras de expandir o que as mulheres irão não apenas aceitar como quente, mas colocar freebet em back um pedestal. Isso quase nunca vai na direção oposta.

Não há histórias como "Os homens estão ficando loucos por 'mulheres teapot quentes'", ou sobre como outro filme novamente escalou outra "namorada ansiosa do tipo aranha" como protagonista, ufa. As definições de atração para mulheres permanecem inflexíveis, exceto para balançar de "os grandes quadris estão dentro" todos os caminhos para "os seios grandes estão dentro" – desde que você ainda seja magra (sempre na moda) e bonita conforme o padrão. As mulheres fora dessas normas rígidas são geralmente excluídas, e se elas acontecem por acaso se quebrarem, é apenas um indivíduo, e como a levemente gordinha Nicola Coughlan, isso se torna discurso – não uma tendência divertida.
