What Is a Poker Bonus?

Online poker bonuses are available through many poker sites that offer real money games. A poker bonus is a reward given to people who sign up to play cash games or poker tournaments on a specific poker site. Poker bonuses exist to encourage people to play games and showcase the many things a poker rooms offers. Players can use these funds for various assets. There is a lot of competition between online poker sites, so being able to offer a substantial deposit match bonus or a free poker bonus helps online poker rooms stand out from the crowd.

Types of Poker Bonuses

Most poker sites offer a welcome bonus to new customers as a way of thanking them for their custom. A welcome bonus comes in many shapes and sizes, with some offering free cash, some awarding free tournament tickets or entries to poker freerolls, while other poker rooms allow you to play free poker without having to make an initial deposit.

Match Bonus

A match bonus is the most common offer you'll find through an online poker room. A first deposit poker bonus is triggered when you make your first deposit at one of the many online poker sites. You may see an offer at a poker site that reads 100% up toR\$600. This means the poker site will match your initial deposit amount 100% up to a maximum ofR\$600. In this example, depositingR\$50 would see you receive aR\$50 bonus, whereas aR\$500 deposit would yield aR\$500 bonus. However, if you depositedR\$1,000, you would receive a maximum of aR\$600 welcome bonus.

You will have to note a few things surrounding a match bonus. These rules should be open on the site you visit, but it does help to see what is open:

How much do you have to deposit before you can qualify for the deposit bonus?

Is this good for a first deposit bonus, or can it work for multiple deposits?

What is the match rate? The rate is 100% in most cases, but it may be lower.

Bonus money usually has to be released once you have claimed them. Each poker room has different rules, but most reward you with points each time you play in real money poker tournaments or in a cash game. Once you have earned a predetermined number of poker points, a percentage of your deposit bonus is released into your playable account balance. Every poker room puts a time limit on how long you have to fully release your deposit bonus. Any unreleased deposit bonus when the time expires is forfeited.

No Deposit Bonus

No Deposit bonuses are rare in the modern online poker world, but they are fantastic if you can find one because they allow you to win real money without risking any of your own money. No deposit bonuses are always much smaller than a traditional deposit bonus, but that can be a great way to start building a poker bankroll for poker players on a tight budget.

You register for an account and then collect the free money for poker play. You don't have to spend any money on the no-deposit bonus. You should review a few points surrounding how you can use your no-deposit bonus:

How much will you get out of your bonus? You might only get a few dollars.

What poker games can you participate in with your bonus? There may be limits on what games you can play.

How much can you win? You could be subject to a limit on how much you can win with your no deposit bonus money.

Do you have to play through the bonus a few times? For example, you might get aR\$10 bonus with a 30x playthrough rate. That means you'd have to play through the value 30 times, meaning you have to betR\$300 to withdraw anything. However, some no deposit bonuses allow you to play poker completely free.

Tournament Tickets

A tournament ticket may be offered among first deposit poker bonuses. A ticket is a voucher that you can use to join a tournament. There are many rules to note for a ticket, including:

The value of the ticket

The type of tournament you can enter

The number of tickets you can get

The rules for these tournaments will vary by each site. It is possible that you could win a great deal of real money from a tournament, although this is all based on your skills and a good helping of luck. Some sites award tournament tickets gradually over the course of a week rather than just granting you 10-20 tournament tickets in one fell swoop.

Reload Bonuses

Reload bonuses are for poker players who are already customers at a poker site, and usually who have already taken advantage of a first deposit bonus. Reload bonuses are a reward for a poker player's loyalty to the site, although they are often offered during naturally quiet periods for the poker site or when there is a prestigious tournament series on the horizon.

Reload bonuses work in a similar way to a first deposit poker bonus. The poker site may offer you a 50% up to R\$250 reload bonus, meaning your deposit is matched 50% up to a R\$250 maximum. Almost every online poker site that offers reload bonuses makes those bonuses smaller than a typical first deposit bonus, but they are worth taking advantage of not least because deposit bonus offers do not come around that often.

Make sure you regularly check your email for any player-specific bonus code from your chosen poker site because poker sites sometimes randomly select customers for a bonus.

VIP Bonus

Online poker sites usually have a loyalty program, otherwise known as a VIP scheme, that rewards players for their loyalty. Players earn loyalty points by playing real money poker games, and the more points you collect, the higher up the VIP scheme you climb. Often poker site VIPs offer exclusive deposit bonuses, enter them into a free tournament with several thousand dollars in the prize pool, or allow them to exchange their points for cash prizes.

You would earn a VIP bonus based on one of these factors:

You might need to wager enough money in poker matches to qualify for the reward.

The value of your reward might be higher if you spend more money on the site.

People who complete more deposits on the site may also qualify for these extras.

It is worthwhile factoring in potential VIP bonuses and rewards when you are choosing where to play online poker.

Referral Bonus

A referral bonus or a refer-a-friend bonus is a reward for introducing a friend or family member to an online poker site. If you love where you play online poker, you can often refer a friend via a link or bonus code unique to you which grants your friend a welcome bonus, and you will receive a bonus when they create a new account, play at the cash tables, or enter a specific number of tournaments.

You can also utilize a referral bonus through some websites. A referral bonus works with a few steps:

You will send a link or bonus code to someone encouraging that person to sign up for a poker room. The person will sign up for an account through your link. The new member will deposit money and play on the site. You will collect a reward based on how much the player deposits and how much that person spends.

Best Deposit Bonus for Online Poker?

It is difficult to say which deposit bonus is the best because there are so many variations to the bonuses poker sites offer. For example, the terms and conditions of one deposit bonus may be better suited to those playing cash games, whereas another may only be suitable to someone who plays medium-to-high-stakes.

The best deposit bonus is one that is perfect for you, your bankroll, and the amount of time you have to play online poker. A poker site offering a 200% up to R\$1,000 bonus may sound perfect, but not if you have to meet the wagering requirements within 15 days and you play at the micro-stakes level. Conversely, a first deposit poker bonus offering 100% up to R\$200 could have terms and conditions that make it far more suitable and, therefore, better for you personally.

Best No Deposit Bonus for Online Poker?

No Deposit bonuses are great for players on a budget because there is no deposit required to trigger them. This means you can try the poker software by playing with free money or tournament tickets with no financial risk to you or your bankroll.

The only real downside to a no deposit bonus is its size. A no deposit poker bonus is generally far smaller than a traditional welcome bonus, often between R\$5 and R\$20. It does not make sense for a bonus to hand out free money to all and sundry; they would soon go bankrupt if they offered anyone and everyone R\$500 for free!

Like with all bonuses, familiarize yourself with the terms and conditions of a no deposit poker bonus before you create an account and become a customer.

Poker Bonus Codes

Quite often, online sites will offer poker bonus codes, usually for players signing up for the first time, but sometimes also for existing players. The poker bonus code is simply a mechanic for taking advantage of the various offers and promotions that an online poker site might make available.

Once you have found a poker bonus code, to use it you simply need to find the relevant field on the site in which to enter it and once you confirm, that should unlock your bonus automatically. Note that not all poker bonuses require you to use a bonus code.

Best Online Poker Sites to Find a Bonus

If you thought categorizing a poker bonus as the best was difficult, wait until you try to do the same for the best online poker sites! As the saying goes, "one man's meat is another man's poison," which basically means that just because a friend raves about how great a poker site is does not mean it is right for you.

Like when choosing a poker bonus, there are many factors worthy of your consideration before taking the plunge and becoming a customer at a new online poker site. Believe it or not, deposit bonus offers come way down that list.

First, you should check out the PokerNews Reviews of online poker sites to ensure the poker software is to your liking. A poker site's software is something that has to look and feel good to you because you'll use it all the time. An online poker room could have amazing cash games, promotions, and bonuses, but if the software is sub-par, that would make it a non-starter for most poker players. Consider entering some play money games to put the software through its paces without having to risk any of your hard-earned cash.

Ensure that an online poker room offers your favorite game and does so at your stakes. It makes zero sense to join a poker site that only has Pot-Limit Omaha traffic at the R\$2/\$4 tables when you play R\$0.25/\$0.50. Look at the number of cash tables and tournaments running when you are usually available to play poker, and find another site if they are not up to scratch.

Now you can start looking at the various bonuses and promotions on offer. Remember that bigger is not always better regarding a deposit bonus. Choose a welcome bonus that you have a good chance of meeting the playthrough requirements during the allotted time. It is far better to claim a R\$200 welcome bonus that you have 100% chance of releasing than a R\$1,000 bonus that you have a snowball's chance in hell of getting your hands on.

What Are Bonus Playthrough Requirements and Why They Are Important?

Playthrough requirements, also known as wagering requirements, are restrictions an online poker site puts in place to prevent people from claiming a bonus and then immediately withdrawing it as cash. Online poker rooms would not be in business for very long if they gave away hundreds of dollars of welcome bonus payments to anyone creating a new account.

Playthrough requirements are clearly stated under the online poker rooms terms and conditions, and they vary wildly from site to site. Common rules include having to earn a specific number of poker points within a set time. These requirements ensure that your real money play provides some value to the poker site. Once the requirements are fulfilled and the bonus released into your playable account balance, it is yours to do with as you wish.

Are Poker Bonuses Good or Not?

If you like the look and feel of the poker software of an online poker site, are happy with the cash game and tournament traffic, and the online poker room has a loyalty program, then a bonus is a

marvelous thing. From awarding you free money via deposit bonuses, bonus play, or even free spins etc on casino games, bonuses are often the most poker sites offer. Bonuses are a great way to quickly build a bankroll and can help keep your bankroll topped up if you endure a losing session at the tables. Ensure that the wagering requirements are not unrealistic and there is no bonus not to essentially play free poker by claiming a bonus from an online poker room.

E C

A ilha de L'Estartit tem uma localização dramática, mas o drama real está se desenrolando sob as ondas onde um abordagem inovadora para técnicas antigas ajuda a reviver populações futebol 24 bet declínio do peixe-pau valorizado.

Cuttlefish (

Sepia officinalis

) são uma captura valiosa para pescadores espanhóis e um prato popular, seja por conta própria ou como ingrediente-chave na paella de frutos do mar. No entanto nmeros diminuíram no litoral catalão através da combinação entre poluição com pesca recreativa não regulamentada;

Em 2024, um encontro fortuito entre o pescador local Isaac Moya e Boris Weitzmann, biólogo marinho que conduziu à criação do Projeto Sépia (que tem como objetivo duplo reviver as unidades populacionais) com a participação de pescadores artesanais.

Pescadores colocam galhos no fundo do mar para atrair chocos por milhares de anos.

O projeto fixa galhos de árvores no fundo raso do mar logo além da parede portuária Estartit, já que o choco precisa ter um lugar sólido para colocar seus ovos.

"Os pescadores têm colocado galhos no fundo do mar para atrair chocos há milhares de anos", diz Weitzmann. "No Marrocos eles usam palmeiras; na Galiza, pinheiros ". Usando este método tradicional anexamos diferentes espécies dos ramos das árvores às cordas e é um caso futebol 24 bet que olhamos o passado a fim avançar."

No entanto, não contente com a espera dos moluscos para colocar seus ovos. o projeto BR os galhos subaquáticos como incubadora de óvulo que se ligam às redes da pesca

Os galhos das árvores são colocados no mar para atuar como um viveiro de chocos.

{img}: Divulgação/Projecte Spia

Moya partiu para persuadir outros futebol 24 bet futebol 24 bet comunidade de pesca a salvar os

ovos nos baldes da água ao invés dos lance-os no mar onde perecem. Os caçamba são deixados então na caixinha e o ovo é distribuído entre as filiais que servem como um viveiro. Embora seja bem conhecido localmente, Moya não vem de uma família pesqueira e no início teve dificuldade de persuadir outros a evitar jogar os ovos fora.

A inovação não vem de dentro, ela provém do exterior.

"A atitude deles foi um pouco 'o que você sabe?', diz ele, mas felizmente vários jovens locais estavam abertos a novas ideias. Nos dois primeiros anos do projeto eles coletaram 1,5 milhão de ovos".

"É importante que Isaac não venha de uma família dos pescadores", diz Weitzmann. "Na história da humanidade, a inovação vem do interior e o exterior; O nosso trabalho aqui é combinar tradição com inovações para alcançarmos transformação."

Os pescadores locais são encorajados a salvar os ovos para que possam ser devolvidos ao mar. 

O projeto não é apenas sobre conservação. Também visa manter pescadores artesanais no negócio, ajudando-os a vender suas capturas por um preço justo "É o exemplo perfeito da economia circular", diz ele".

Eles escolheram chocos de parte porque têm um ciclo de vida curto. Colocam seus ovos na primavera e depois das seis a oito semanas o projeto leva os jovens para crescerem no mar aberto, atingem maturidade dentro do ano seguinte dando aos pescadores uma boa pesca após as magras meses inverniais

"O choco muitas vezes morre depois de ter colocado seus ovos", diz Weitzmann. "Eles construíram obsolescência planejada." Com efeito, pegar um bagre maduro uma vez que ele colocou os óvulos tem pouco impacto sobre a população".

O projeto procurou apoio de corpos como o parque nacional Montgrí, nas proximidades do local mas também das empresas locais que vão desde a mecânica automóvel até um restaurante Michelin com três estrelas: El Celler.

"Queríamos que todos tivessem uma participação nisso", diz Weitzmann. "Poderia ter mais dinheiro da União Europeia, mas o problema é você conseguir um projeto por dois anos e depois arquivá-lo em gavetas de papelão para guardar as coisas no lugar certo."

"Estamos produzindo mais chocos, mas esse não é realmente o ponto", diz ele. "Queremos mudar a mentalidade de pescadores e consumidores".

Dois chocos nadando de uma das árvores ancoradas no fundo do mar ao largo da L'Estartit. O esquema está aumentando os números e conscientizando-se sobre o assunto

"Os consumidores precisam ser educados sobre o que estão comprando e para onde seu dinheiro está indo. A maioria das pessoas não pergunta ou se importa com isso."

"Como pescador, se eu precisar de 500 [415] por mês para cobrir minhas despesas e me pagarem 5 libras (R\$ 10,00) pelo peixe que vale 10 euros tenho o dobro do número", diz Moya.

"O consumidor é a principal causa da sobrepesca."

É ilegal na Espanha para os pescadores venderem directamente ao público. Eles têm de passar pela associação local e depois pelos grossistas

"O sistema é baseado em um leilão reverso, que empurra para baixo os preços e nós pescadores artesanais não podemos competir com barcos industriais", diz Moya. "Eles chegam a 500 kg de chocos (do mar) o preço está definido; chegamos 10kg sem ninguém se interessar."

Para combater isso, um punhado de pescadores da L'Estartit e das proximidades do l'Escala criaram a Empesca não? uma organização que visa vender directamente para pessoas locais ou empresas.

Apesar de muitos contratempos, Covid entre eles tanto Moya quanto Weitzmann permanecem otimista.

"É como frutas, você tem que esperar mas eventualmente amadurece e cai", diz Weitzmann. E além disso todos sabem de uma maneira diferente: se continuarmos do jeito de hoje se não há futuro."
