There's nothing more fun than playing games with friends online! We offer all sorts of two-player games including 1 v 1 Fighting Games, work together in two-player Co-op Games, play with 2 or more players in our Board Games, play Basketball, Soccer, Football and more in our Sports Games, or discover dozens of other games. Examples of popular two player games we have are TicTacToe, Master Chess and Basketball Stars. Whether you like to play games together and be on the same team by battling against the environment or competing against each other, we got it all!

You can play our online 2 Player Games on your PC, mobile phone, or tablet without downloading anything. Access our web games from your browser for free. Our games can be played without Flash. Most of our 2 Player Games can be played together on one computer. Some of the games you can also play together on different computers, see our .io Games or Multiplayer Games.

How to Play 2 Player Games?

Most of our 2 Player Games require just one computer with one keyboard. The keys are mentioned in the walkthrough, game menu, or description. For example, one player uses the arrow keys while the other uses the WASD keys. So, share the screen and keyboard together and enjoy playing.

Most of our 2 Player Games can also be played on mobile phones and tablets. Here the screen will be divided into multiple parts, and each player controls from their own part.
