Launched in 2013, Cloudbet is one of the oldest crypto casinos and sportsbooks around. The site is well known as one of the top destinations for Bitcoin-based sports betting. Its reputation for great betting action is no accident. Cloudbet's sportsbook has high betting limits and covers every sport under the sun, including soccer, basketball, MMA, and more.

Cloudbet also features a full-fledged online casino with all the games you'd expect. Whether you want to play a spin on the latest bitcoin slots or enjoy a hand or two of blackjack, the casino has you covered. You'll also find a fully stocked live casino with top live dealer games from popular game providers such as Evolution, Ezugi, and Authentic Gaming.

Play top casino games at Cloudbet.

In this casino review, we will take an in-depth look at Cloudbet Casino, the bonuses and casino promotions available, and what games you can expect to see. Our goal is always to be 100% honest and transparent in all our reviews.

### Bonuses and Promotions

Cloudbet offers casino promotions and bonuses for new and returning players. Here, you'll find one of the largest welcome bonuses available at any crypto casino, weekly free spins, and more. We'll walk you through all the details so you know each bonus' true worth.

### Welcome Bonus

## Cloudbet Marketplace

In November 2024, Cloudbet launched a Marketplace, unlike anything I've seen before.

It gives you the opportunity to accumulate Lightning Points that you can spend at the Marketplace where Bonuses and physical gifts are up for grabs.

Here's how it works:

You earn Lightning Points (LP) by placing real money wagers or by referring a friend that places real money wagers, of which you'll get a percentage of your friend's LP. The higher your status level, the higher your points earned per bet and you also get a higher percentage of earning power from your friend's real money bets.

To check how much you need to wager to earn 1 LP, you simply need to click on the drop-down arrow of the specific game...

In this example, you'll see that you'll earn 1 LP for every 4.47 EUR wagered on Crazy Time by Evolution

Once you've accumulated enough points, you can hop over to the Marketplace to buy various bonuses with your Lightning Points. There are pre-packaged Bonuses, Quick Buy Bonuses, Casino Bonuses, Live Casino Bonuses, Free Spins Bonuses, and Sportsbook Bonuses.

Now, the cool thing about these Bonuses is that they are customizable which means, thanks to a simple slider, you are able to adjust the wagering requirements, the bonus value, the bonus payout currency as well as the spin value size for these bonuses.

Let me give you an example:

The Casino Bonus gives you the option to adjust the wagering requirements, the bonus value as well as the bonus currency payout.

Obviously, you'll need to give up more points when the wagering requirements are lower or the bonus amount is higher.

The Sportsbook Bonus lets you adjust only the value and winning payout currency, the Free Spins Bonus has sliders for the number of spins, the spins size, the winning payout currency, and your preferred game, and the Live Casino Bonus gives you the option to select a game, the winning payout currency, and the bonus value.

There are also Exclusive Rewards in the Marketplace that include mind-blowing prizes such as a 2024 Lamborghini Huracán, a Rolex Daytona Watch, or Private Island Maldives Getaway. But, for these, you'll need to dish out between 22,000,000 and 59,000,000 LP.

It's really great to have choices. If you want a lot of free upfront betting credit with a higher wagering requirement, that's great. But, if you prefer less credit and as low as a 1x wagering requirement, you can have that too.

It's brilliant!

## Available Games

Play provably fair games at Cloudbet casino.

Cloudbet has a huge game library featuring the best slots, live casino, and table games around. The site hosts games from top game providers, including NetEnt, Microgaming, and Red Tiger. Games are conveniently sorted by types of games and themes, so you'll easily be able to locate

your favorite Megaways slots or bonus buy slots.

Cloudbet is also home to an excellent selection of provably fair games. These are games where players can use blockchain technology to ensure the game's fairness in every round. Provably fair games at Cloudbet include Plinko, Aviator, Keno, Dice, and more.

Below, you will find just a taste of the great collection of casino games available.

#### Online Slots

Napoleon vs Rabbits by Blue Guru Games

Play new slots like Napoleon vs Rabbits.

Have you been longing for the nostalgia of 8-bit video games? Then, Blue Guru Games has just the slot for you with their new release of Napoleon vs Rabbits. There are no paylines, and all matches are collected in cluster pays. There are also cascading wins on all matches and a free spins bonus game that allows you to win additional free spins and increase your multiplier.

Earn free spins and multipliers.

While this is certainly a bizarre storyline for an online slot, it's certainly a lot of fun. I mean, who can hate on little 8-bit rabbits wearing Napoleonic hats? While it may not be the prettiest game around, it is definitely well-designed in good humor. In the bonus game, you can really rack up a lot of free spins to increase your winnings. I started with only seven free spins but ended up with 16 total by the end. This is a light-hearted game that I would recommend to any fan of cluster pay slots.

#### Live Casino

Crazy Coin Flip by Evolution

Play the best live casino games at Cloudbet.

When it comes to live casino games, few can compete against Evolution. Crazy Coin Flip is a new casino game show the provider released this year, and it appears to be their take on live slots.

You can choose from three different modes to play: Regular Spins – standard gameplay, XXXStreme Spins – guaranteed at least one Scatter symbol, and Super XXXtreme Spins – guaranteed at least two Scatter symbols.

You'll have to spin the reels to qualify for the bonus game.

You'll start by playing the five-reel slot game with hopes of qualifying for the bonus game by collecting Scatter symbols. While there are no additional features to this base game, you still collect payouts along paylines like you would any other slot game. And if you're lucky enough with the Scatters, at least one will have a multiplier attached to it.

Earn additional multipliers to boost your potential winnings.

Once the bonus game is triggered, you'll then be sent to a mini-bonus game for a chance to collect additional multipliers. Then, you're off to the coin flip. The coin has a red side and a blue side, each with a different multiplier. The host will flip the coin, and you'll win a payout determined by the outcome of the flip. This is an interesting live casino game recommended for fans of online slots.

#### Provably Fair Games

Aviator by Spribe

Score huge multipliers playing the Aviator crash game.

Crash games are extremely popular with crypto players as they are the best way to multiply your crypto easily. In Aviator, the goal is to cash out before the plane flies away to get the largest multiplier possible. The game moves quickly and is easy to get the hang of. But what's great about this mini-game from Spribe is that it is a provably fair casino game. Aviator also hosts an in-game chat that allows you to chat with other players in real-time. This is a great crash game for players looking for a quick and easy win.

#### High Roller Slots

Marching Legions by Relax Gaming

Bet big to win big in high roller slots at Cloudbet.

Cloudbet is home to a number of online slots designed for high rollers. Marching Legions is one where you can wager up to R\$100 per spin and has a max win of up to 10,000x your bet. It's also a high RTP slot with 98.12%. There's also a nudge feature on reels with legionnaires that can

trigger respins and help you get to the bonus game faster.

Earn additional troops and more free spins by collecting horn symbols.

This was a fun little adventure-themed slot. I not only enjoyed the digital artwork created here, but the bonus game was unlike any other I've played before. The goal is to collect groups of legionnaires to ensure the largest wins possible. If you collect three horns, you'll call in the reserves and add more troops for additional free spins. This is a very entertaining online slot with great potential for huge wins.

## Table Games

### Money Wheel by Play'n GO

Spin the wheel of chance to win big in Money Wheel.

While not a traditional table game like poker or craps, Money Wheel is an RNG version of the popular Dream Catcher game. The rules are simple. Place your wagers on any one or all possible outcomes on where the spinning wheel will stop. You will receive a payout if you guess correctly. The Joker and the Star have the highest payout possible at 45:1 odds. This is a very simple wheel of chance game that lacks the charm of the live casino version of the game but still has in-game narration, music, and sound effects.

### Design, Experience, and Mobile Compatibility

When it comes to the overall design and UX value on Cloudbet's platform, one word comes to mind: busy. There's a lot going on, and it could prove overwhelming or offputting to those who may be less tech-savvy. However, everything that is there has a purpose, and it does make finding specific games by features and themes much easier.

My biggest complaint here is that you can't contact customer support via the chat feature without registering an account. This means you have to fork your data in order to ask questions you may have about the site, even if you aren't sure that you want to be a player at this casino. Here's why this is a poor idea, what if a user is having issues with registering their new account? How do they get the assistance they need?

While Cloudbet is optimized for mobile play on both iOS and Android devices because of the layout and having so many various menus, it is not very user-friendly to do so. I would recommend this platform for laptop or PC play only.

### Customer Service and Support

Find the FAQ in the live chat box.

Cloudbet hosts support via only two channels.

• FAQ • Live chat • Email: Support@cloudbet

There is no phone. Live chat is available 24/7 and in 17 different languages, including English, Spanish, Japanese, German, Italian, and French. While the email address is not easily located on the website, the support agent I chatted with was kind enough to supply me with it.

When I tested the live chat feature, I was instantly connected to a support agent. I found the support agent to be very helpful, and they answered all my questions to my satisfaction.

Cloudbet can also be contacted via their social media platforms.

• Twitter • BitcoinTalk • Discord

### Deposits, Withdrawals, and Security

Cloudbet supports a huge amount of cryptocurrencies for deposits and withdrawals. You can use any of the following cryptos at this casino site: BTC, ADA, ALGO, AVAX, BCH, BNB, BUSD, DAI, DASH, DOGE, DOT, EOS, ETH, FTM, stETH, LINK, LTC, LUNC, MATIC, PAXG, SHIB, SOL, TRON, UNI, USDC, USDP, USDT, USTC, XLM, XRP, and ZCASH.

**IMPORTANT:** The terms and conditions on Cloudbet's site clearly state, "We reserve the right to apply a handling charge of up to 5% on deposits and withdrawals to cover transaction costs."

Cloudbet is a legally licensed sportsbook and casino and is owned and operated by Halcyon Super Holdings BV (Abraham Mendez Chumaceiro Boulevard 50, Curaçao). It is licensed and regulated by the Government of Curaçao under the gaming license 1668/JAZ.

### Verdict

There are a lot of things that crypto players may initially love about Cloudbet. For starters, it offers both casino games and a great sportsbook. The game selection is massive, and you'll find all your

favorites, as well as all the newest online slots and live casino games available. You can enjoy a Bitcoin welcome bonus of up to 5 BTC and weekly free spins every Tuesday. However, it is important to also look at some of the negative aspects of this casino site.

For starters, the welcome bonus is not a match bonus. You must collect points to have very small increments released to you at a time. This could make it very difficult even to get close to reaching 1 BTC in bonus funds by the end of the 60 day period. At least there are no additional wagering requirements attached to those bonus funds.

My other big gripe here is the 5% transaction fee I discovered in the site's terms and conditions. That is very high, and there are plenty of crypto casinos out there with no transaction fees. While the site does not state that they will do this to every transaction, it is still worrisome to know that they potentially can.

However, it is nice to see that the site welcomes more than just the most popular cryptocurrencies and actually accepts a huge amount of altcoins as well. This makes the site much more accessible to a larger number of players, and you can grab the welcome bonus in your preferred crypto. So, if you are one of those who loves using TRON, Cardano, or other less popular cryptos, this might be the casino for you.

A um rigoroso sistema de reforço positivo, o cãozinho aprendeu que é bom fazer xike fora. Infelizmente ainda não tem ideia do mau dentro para urinar por si mesmo; pode ser a distinção entre interior e exterior se tornou insuficientemente clara ou poderia ter sido simplesmente ineficaz com nosso apoio negativo!

"Isso é, francamente um ultraje", digo ao pequeno cãozinho depois de encontrar mais uma poça na sala. O cachorro que eu localizei novibet mines cozinha não tem ideia do quê estou falando! Ele se senta com a cauda pequena batendo contra o chão esperando para ser recompensado por algo inadvertidamente feito certo...

"O jardim está literalmente atrás de você", eu digo, apontando.

O cão olha para mim, espirra-se a pensar: ele está falando de comida?

Filhotes novibet mines geral – e este, particularmente - são altamente incentivados pela comida mas não desincentivam por nenhum alimento. Você pode facilmente ensinar um cachorro a

sentar-se para trocar uma única gulotinha com o cão; você também deve ensinála que pare porque já nem se trata mais do seu filhote! E assim como foi introduzido tema da alimentação é muito difícil mudar esse assunto: basicamente acabou na escola...

A obsessão é tudo-consumidor. Eu tive que olear as dobradiças novibet mines todos os armários da cozinha, porque a gritaria deles abrindo convocam seu filhote de qualquer lugar na casa As refeições são breve e frenética; E termina com um pequeno cachorro olhando para você usando uma expressão: vamos fazer isso novamente!

"Onde você conseguiu aquela alface?" Eu digo. Olho para o gramado, onde a tartaruga está me olhando com tristeza e na verdade ele não tem outra expressão

No meio da manhã, depois de descobrir um pedaço escuro no tapete das escadas eu encontro o cachorro deitado na horta roendo uma cabeça angustiada com alface.

"Onde você conseguiu isso?" Eu digo. Olho mais para baixo no gramado, onde a tartaruga está me encarando com tristeza e na verdade ele não tem outra expressão!

"Você tirou isso dele?" Eu digo.

O cão arranca uma folha de alface e a lança no ar.

"De qualquer forma, vim discutir outro assunto", digo eu.

O cão fica de pé e faz xike lá fora.

"Sim, muito bem feito", eu digo. Boa menina etcetera Mas esta outra..."

O cão corre para a cozinha e senta-se ao lado da gaveta onde o cachorro trata são mantidos.

"Tudo bem," eu digo seguindo. Mas fazer xike lá fora é apenas metade da história e também não há mijando por dentro."

O cão olha para a gaveta, depois me vê e então na mesma.

"Tudo bem," eu digo abrindo a gaveta e extraindo um deleite. Embora tecnicamente o que aconteceu nas escadas deve cancelar isso."

O cão salta, agarra-o e depois senta.

"Quer outro?" Eu digo. O cão olha para o lado dele, e ele fica a olhar-me com os olhos postos no olho!

"O que é isso?", grita minha esposa a meio caminho pelas escadas.

"Mas não te disse para sentares", eu digo.

"Jean!", grita a minha mulher. - Venha cá! O cão não se mexe...

"Tudo bem," eu digo. Se alguém perguntar isso nunca aconteceu."

A conselho da namorada mais velha, minha esposa compra ao cachorro uma tigela de cão especial com cumes profundos na parte inferior como um labirinto para dificultar a obtenção dos alimentos e enriquecer assim novibet mines experiência alimentar. O boliche certamente funciona – o horário das refeições agora dura 10 minutos novibet mines vez do oito segundos - mas é difícil determinar qual deles será ainda pior: pressa ou determinação indecente!

"Se você morreu, quanto tempo acha que este cão esperaria antes de comer?" Eu digo: observando isso se preocupar com a tigela.

15 anos, diz a minha mulher.

"Eu nem tenho certeza se você teria que estar morto", eu digo.

Na manhã seguinte, minha esposa leva o filhote de volta ao veterinário para novibet mines segunda série injeções. Mais tarde eu serei informado que a cadela ganhou um quilo nas duas semanas entre compromissos; Mas por enquanto estou desfrutando do raro momento da tranquilidade e me sinto sentado no meu escritório derramado olhando pro jardim com vista à beira-mar O gato está dormindo novibet mines uma cadeira perto mim Há comida também na tigela sobre chão inacabado mas não molestado A tora é comer

Um esquilo vem sobre a parede do jardim com uma porca na boca. Ele zigzagues através da grama à procura de um lugar para enterrar o seu prêmio, finalmente parar e cavar novibet mines meio ao relvado

"Eu não colocaria lá", eu digo. " Não vai durar a tarde."
