What are Pokemon Games?

Play the latest Pokemon Games Online now and learn how to become a good trainer in the race for Pikachu in these online games. There are few gaming franchises in the world as recognizable as Pokemon is because this is one of Japan's biggest exports when it comes to media, with the franchise having started a few decades ago with the release of a few video games, and then expanded upon its brand with manga series, a highly-popular anime television series which has had all sorts of new remakes and stories over the years, collectible cards, a viral mobile app in the form of Pokemon Go, a successful live-action movie called Detective Pikachu, and, of course, there are lots of Pokemon games online that you can play, with the best of them now being available only on friv games, right here and now!

The beginnings of Pocket Monsters

It might feel this game has been around forever since there are multiple generations of people that have had experiences with these franchises in one way or another, but it's not such an old series, with it starting off in 1996 with the release of a double video-game by Nintendo called Pokemon: Red and Blue, which was called Pocket Monsters in the original Japanese release.

In these games, you had the chance to become what is called a trainer, who ventures through various regions of this fictional world, where you battle animal-like creatures of different elements, and if you defeat them, they can be captured and stored into what are called Pokeballs.

Kanto is the name

of the original area in this world that you could explore, and, as a trainer, you had to battle other trainers from the Indigo League, until you have defeated the eight Gym

Leaders because that is when you have become a Champion. Each Gym Leader is the boss of a gym where they raise trainers as well as Pokemon, usually with each of them focusing on one kind of pocket monster.

The many adventures of Ash Ketchum and his friends

In the games you were the protagonist, you could choose the name you wanted to use, and then start your adventure, but this would not work for the anime series that was inspired by the Pocket Monster Games and started off not too long after the first games, in 1997, which is why we were given a protagonist in the form of Ash Ketchum, a teenage boy who wants to become the best Pokemon trainer and wants to catch them all!

Ash is given a Pokemon called Pikachu to start off his adventures, given to him by Professor Oak, who is the grandfather of Ash's biggest rival, Gary Oak. Pikachu is hard to handle Pokemon and does not want to get into the ball, but he and Ash eventually form a bond and Pikachu becomes his main character, but it mostly never goes into the ball, but rather would rest on Ash's shoulder. Now having his first Pokemon, Ash can start his adventure to conquer the Indigo League.

In his first adventures, he

befriends a former Gym Leader called Misty, and a breeder called Brock, with the trio then venturing through the regions to capture battle trainers, while also having to deal with the various plans put forth by Team Rocket, made up of the very funny characters of Jesse and James, joined by their talking-character called Meowth, who are always hatching up schemes to steal Pikachu from Ash.

The most popular Pokemon to know about!

In addition to Pikachu, who you already met, there are many other iconic characters that kids and adults alike love a bunch, such as Charizard, who is a fire dragon-like Pokemon who can fly and can spew fire from its mouth, Bulbasaur, who is a grass one who uses its seed and veins to attack, Squirtle, a water type that can shoot water and uses its shell for defense, and Charmander completes this trio of original choices, a fire-type that can be hard to handle, but very useful in battles.

Through

training and the battles that they take part in, trainers can evolve their Pokemon to more powerful versions of themselves, gaining new and more powerful abilities, with Pikachu being famous for stopping his own evolution to keep going on adventures with Ash as himself.

### Ciclista americana Lael Wilcox bate récord mundial de ciclismo femenino

La ciclista estadounidense Lael Wilcox ha batido el récord mundial de la mujer más rápida en dar la vuelta al mundo en bicicleta, recorriendo 21 países y 18.125 millas en tres meses y medio.

Wilcox llegó de vuelta a Chicago a las 9 p.m. hora local el miércoles - 108 días, 12 horas y 12 minutos después de haber partido - superando el récord anterior de 124 días y 11 horas establecido por la ciclista escocesa Jenny Graham en 2024.

"Me lo pasé genial - sentía que podría haber seguido pedaleando para siempre", dijo Wilcox en Instagram después de concluir su viaje.

La ciclista de 38 años de Alaska es una ciclista de ultra-resistencia experimentada, habiendo ganado la primera mujer y el primer estadounidense en el TransAm, una carrera de 4.200 millas a través de los EE. UU., en 2024.

Wilcox también ha establecido récords en el Tour Divide, una carrera anual a lo largo de las

Montañas Rocosas, e incluso ganó la carrera de 350 millas Unbound XL en 2024 después de haber pedaleado 600 millas hasta el inicio de la carrera.

Para su intento de récord mundial, Wilcox comenzó en Chicago antes de pedalear hasta Nueva York.

Desde el principio de su viaje, se enfrentó a condiciones difíciles. "El día 4, estaba vomitando todo el día, no paraba de llover y me pinchaba constantemente. Todavía pedaleé 139 millas, pero fue duro", le dijo a su patrocinador, SRAM, según Cycling Weekly.

Desde Nueva York, voló a Portugal, desde donde partió hacia los Países Bajos, finalmente regresando a través de Alemania, los Alpes, los Balcanes, Turquía y Georgia.

Después de un vuelo a Perth, Australia, pedaleó a lo largo de la costa sur hasta Brisbane antes de volar a Nueva Zelanda, su última parada antes de regresar a América del Norte.

Desde su ciudad natal, Anchorage, Wilcox pedaleó hacia el sur hasta Los Ángeles, antes de terminar a lo largo de la Ruta 66 hasta Chicago.

Según los récords de Guinness, un ciclista debe viajar en la misma dirección, comenzar y terminar en el mismo lugar, y acumular al menos 18.000 millas - la circunferencia total de la Tierra - para que un intento de dar la vuelta al mundo sea exitoso.

A medida que se acercaba al final, agradeció a aquellos que habían salido a apoyarla.

"A veces olvido que estoy dando la vuelta al mundo - simplemente se siente como la salida en grupo más divertida a la que he asistido. Las señales & el aplauso & el saltar arriba y abajo en el lado de la carretera significan el mundo para mí", dijo en su Instagram, que es manejado por su esposa, la cineasta Rugile Kaladyte.

A pesar de haber sido recientemente establecido, el récord de Wilcox puede ser roto pronto. La ciclista india Vedangi Kulkarni está aproximadamente a 4.800 millas de su propio intento, que espera terminar en un tiempo similar al de la estadounidense.
