Guide: How To Come Up With A Slogan For Your Sports Promotion Business

Why Is Your Slogan Important?

Slogans are critical 5 when doing any sort of marketing or advertising for your business.

Your slogan's role is to help the customer understand the 5 benefits of your product/service - so it's important to find a catchy and effective slogan name.

Often times, your slogan can 5 even be more important than the name of your brand.

Why?

Because your slogan has the ability to show your customer the 5 type of commitment you have to them and also tells them exactly what your brand stands for.

So, let's dive into 5 all of the critical pieces to coming up with a great slogan for your sports promotion business.

6 Tips For Creating 5 A Catchy Slogan1.

Keep it short, simple and avoid difficult words

Similar to naming your business, your slogan should be short and 5 simple.

A great rule of thumb is that your slogan should be under 10 words.

This will make it easy for your 5 customer to understand and remember.2.

Tell what you do and focus on what makes you different

This is a very important piece 5 - and a lot of brands miss the ball and explaining what it is that makes them unique and different 5 from the next competitor.

There are a few different ways you can incorporate what makes your business special in your slogan:

Explain 5 the target customer you are catering your services towards

What problem do you solve?

How do you make other people, clients or 5 your employer look good?

Do you make people more successful? How?3.Be consistent

Chances are, if you're coming up with a slogan, you 5 may already have your business name, logo, mission, branding etc.

It's important to create a slogan that is consistent with all 5 of the above.

This will help when advertising your business and creating a powerful website.4.

Ensure the longevity of your slogan

Times are 5 changing quickly, and so are businesses.

When coming up with your slogan, you may want to consider creating something that is 5 timeless, and won't just fade with new trends.

Try to avoid using terms like "we are the only" and anything with 5 the word "technology," because your statement could be contradicted at any moment.5.

Consider your audience

When finding a catchy slogan name, you'll 5 want to make sure that this resonates across your entire audience.

It's possible that your slogan could make complete sense to 5 your audience in Europe, but may not resonate with your US audience.

The confusion could be due to language barriers or 5 cultural differences - so you will want to determine who your audience is, and how this could be perceived.

6.Get feedback!

This 5 is one of the easiest ways to know if your slogan will be perceived well, and a step that a 5 lot of brands drop the ball on.

Ask friends, family, strangers and most importantly, those that are considered to be in 5 your target market.

Here's a few ways you can ask for feedback:

Ask for feedback on a Facebook group
Subreddits
Niche forums
Twitter communities
Meetups
Product Hunt

Test 5 a few different slogan(s) on Facebook Ads and see what performs best

Ask a stranger at your coffee shop!
