Spin & Go strategy will be easier to pick up if you have some experience playing short-handed, either in 0 cash games or in the late stages of tournaments. Due to the short levels and players starting with as few 0 as 25 big blinds (BBs), having a concrete strategy will help you play optimally when a lot of your opponents 0 may just be trying Spin & Go's out for the first time.

By following some of the key points below, you 0 should be able to develop an edge over your opponents despite the shallow starting stacks.

### Building a Stack Early

A common mistake 0 inexperienced players make in this format is waiting for a good hand and not taking the initiative in the first 0 few levels. Remember, you only have 25BBs and the blinds are increasing at turbos speeds; if you wait too long 0 for a good hand you might only have a few big blinds remaining in your stack when it comes. This 0 doesn't mean you should be opening 100% of your range, but controlled aggression is definitely optimal, especially from the button 0 and small blind.

It's important that you try and find out as much information as possible during the early stages, such 0 as:

Are players not defending their blinds properly?

Are all of

your button raises getting through?

Are your opponents playing too passively?

Do your

0 opponents seem like weaker opposition?

Once you have a feel for your opponents, you'll

be able to gauge how aggressive you 0 can be and adjust your opening/shoving ranges around that.

### Calling Becomes Shoving (from the Small Blind)

Due to the shallow stacks,

calling 0 an open raise becomes a lot less profitable in this format. You'll be playing 25BBs effective poker in the first 0 level and even then, you should only really have a

calling range from the big blind.

The problem with calling raises 0 out of the small blind is that you'll be out of position every time and you'll struggle to realize the 0 full equity of your hand when post-flop. Therefore, a lot more hands are added to your 3-bet jamming range, which 0 is going to be so much more profitable than calling.

The

table below shows a typical 3-bet jamming range from the 0 small blind in the early stages when stacks are around 20BBs deep.

For 20BBs Effective

This specific range can be adjusted

depending on the opponent opening from the button. If the player 0 has been relatively tight, or extremely aggressive, you can adjust the range accordingly.

In addition, this

range can also be applied 0 to the big blind, but considering you have already invested 1BB into the pot, the majority of the time you'll 0 be getting the right price to call with most of your range, even off a short stack.

Raise-Sizing

Preserving your stack at

0 all times is something that will go a long way in Spin & Go's. So, When opening from the button 0 a minimum raise ('min-raise') is often ideal, as you don't have anything invested in the pot, so risking the least 0 amount of your stack is going to be much more profitable.

As for opening from the small blind, considering you already 0 have half a big blind invested you have more incentive to fight for the pot and try to take down 0 the hand. Therefore, upping your sizing to around 2.5x BBs is fine from this position as you're increasing fold equity 0 and giving the big blind less incentive to call.

A

common mistake people make from the small blind is min-raising, as 0 you give your opponent a great price to call and they then have the advantage of position. Also, the shorter 0 your stack, the more you'll start to open-shove from the small blind and raise-sizing won't be an issue.

Button and Small 0 Blind – Jamming Ranges

After the first

few levels of a Spin & Go, more often than not you'll find yourself 0 playing a 'push or fold' strategy with fewer than 11 BBs. You'll no longer have the stack to play post-flop 0 poker and 3-bet/folding becomes a less favorable option as well.

If you're

struggling to build a +EV jamming range from the 0 button or small blind, the following charts will give you an idea of what your range should look like.

Note that 0 as your

stack becomes even shorter you can add a few more hands into your jamming range, but

using this 0 table is a good way to build your range and gain some experience by using a set strategy.

As you can see, your small blind jamming range becomes a lot

wider as you only have to 0 get one player to fold. Similar to the button, the shorter you are the wider you can open-jam. Additionally, if 0 the player in the big blind seems like an extremely tight player, you can widen your jamming range as they 0 won't be calling with the correct range.

Once you've started getting a feel for your opponents,

you can adjust your ranges 0 accordingly and start to build a strategy of your own.

## Joanne Coates: Una fotógrafa que captura la vida de las mujeres en la agricultura

Joanne Coates, una fotógrafa y artista con sede en el norte de Inglaterra, ha dedicado su trabajo a retratar la vida de las mujeres en la agricultura. Después de mudarse a una granja en North Yorkshire en 2024, conoció a su pareja, un granjero, y comenzó a {img}grafiar a mujeres trabajadoras en la industria agrícola. Su serie "Daughters of the Soil" presenta a mujeres de diversos orígenes que trabajan en la tierra y luchan por mantenerse a sí mismas y a sus familias. Coates se inspiró en su propia experiencia y en la de otras mujeres para crear esta serie. A través de redes sociales y grupos de mujeres en la agricultura, encontró a Annie Stones, una granjera de 26 años que vive en una granja de ganado y ovejas en el parque nacional de Yorkshire Dales. La determinación y pasión de Annie por su trabajo impresionaron a Coates, y decidió hacer una {img} que reflejara su fuerza y dedicación.

La {img} de Annie Stones ganó el premio al "Mejor retrato en blanco y negro" en el concurso de {img}grafía de la revista British Journal of Photography en 2024. La imagen captura a Annie con

una expresión de determinación mientras sostiene un instrumento utilizado para preparar ovejas para shows y competiciones. El paisaje de fondo muestra las colinas de Swaledale y el cuidado que Annie y su familia ponen en la biodiversidad y la salud del suelo.

El trabajo de Coates no solo destaca la importancia de las mujeres en la agricultura, sino que también cuestiona los estereotipos sobre quién puede ser un granjero. Su enfoque suave y tranquilo en la {img}grafía anima a las personas a hacer preguntas y a cuestionar los roles de género en la industria agrícola.

La exposición "Middle of Somewhere" de Joanne Coates se presenta en el Baltic Centre for Contemporary Art en Gateshead hasta el 17 de noviembre.
