Best Online

Roulette Games

There are three variations of classic roulette each with a different betting table: French roulette, American and European roulette.

In addition to classic

roulette, there are many different roulette variations available for those looking to shake up this casino classic.

Below are just a few common variations players can

enjoy:

#### Mini Roulette

Just like it says on the tin, this twist on the classic roulette

has a smaller wheel and fewer numbers – usually 13 numbers, 1-12 and a 0.

#### Multi-Wheel

#### Roulette

Again, the name says it all. This is roulette that has multiple wheels, and typically the player can choose how many wheels to bet on, usually up to 8.

#### 3D

#### Roulette

This is the classic online roulette with upgraded graphics and an engaging 3D display instead of the more basic 2D display typically found in online roulette.

#### Live

#### Dealer Roulette

Visit the casino from anywhere in the world! Join a game online at a table with a dealer spinning the wheel and dropping the white ball live from a real casino, this variation offers a more immersive casino experience, payout odds can vary depending on the game and the betting options chosen.

#### How To Play Casino Roulette Online (For Beginners)

Roulette remains one of, if not the most popular casino games as it can be one of the easiest table games to play. It is as simple as placing your bet and spinning the wheel.

There are many different ways to play with a selection of available bets and differing odds. If you are seeking a potentially bigger payout and willing to face lower odds, then placing inside bets is for you. On the other hand, if you want to play it a bit more safe and accept a smaller possible return on your bet, outside bets could be the way to go.

#### Types of Roulette Bets

Outside Bets are the bets placed in the

boxes outside of the numbers, these have greater odds and lower payouts. These include:

Red or Black – 1:1 payout

Odd or Even – 1:1 payout

High (1-18) or Low (19-36)

– 1:1 payout

Column – 2:1 payout

Dozen – 2:1 payout

Inside Bets are placed on the

numbers, these have lower odds but may provide larger payouts on winning spins. These include:

Six Line: 6 adjacent numbers – 5:1 payout

Corner: 4 adjacent numbers – 8:1

payout

Street: 3 vertical numbers – 11:1 payout

Split: 2 adjacent numbers – 11:1

payout

Straight Up: Bet on only 1 number – 35:1 payout

The different bets allow you to

play roulette your way, making this the perfect game for beginners looking to dip their

toes into online casinos as well as players with a high-risk, high reward attitude. A

simple game that can accommodate any player, it's no wonder roulette has withstood the test of time.

Online Roulette Gameplay and Wheel Layout

Unlike slot games, the Roulette

game layout is almost the same for all variants. It's better to understand the layout

of the wheel and table before the gameplay:

Roulette Online Wheel Layout

As mentioned

earlier, online Roulette has three significant variants: French, American and European

and their wheel layout slightly differs. The American roulette wheel has 38 pockets

that include numbers from 1 – 36 plus 0 and 00. However, European and French Roulette wheels have 37 pockets, excluding the 00.

Roulette Online Table Layout

The variation of

colours and numbers may seem complex at first, but they are pretty easy to understand.

The extra 00 in American Roulette gave it a higher house edge despite the payout on the

game being paid per 36 numbers. Whereas European and French Roulette has a lower house edge as they exclude the 00 pocket on the wheel.

Virtual Roulette Gameplay

Online

Roulette is vastly played worldwide because of its simple gameplay, and here is how the casino game works:

The first step is to choose a licensed online casino with an

adequate Roulette collection. Click on the game, and you can place the bets by moving

the chips on the desired bet. The wheel will spin automatically, and the ball will

decide your fate. If the ball lands on one of your chosen numbers, you get a payout; if

not, better luck next time. Next, you can either change the bet or spin the wheel with

the same bet. You can keep playing the game as long as you want.

Online Roulette Games

For Everybody

The differences between the 3 main versions of roulette (American,

European & French) are subtle and provide a slightly different playing experience, but this largely comes down to personal preference.

American roulette wheel with the

numbers 1-36, 0 and 00 on it. It has a house edge of 5.26%.

European roulette wheel

with the numbers 1-36 and only one 0 on it. It has a house edge of 2.70%.

French

roulette, like European roulette, has a wheel with only the one 0 on it. However, this

version can also include the "La Partage" or "En Prison" rules. The house edge of

French roulette is the same as European roulette but changes to 1.35% when the La Partage rule applies.

La Partage: if the ball lands on 0, you get half your bet back –

in American or European, the player loses their bet (the default rule for French

roulette).

if the ball lands on 0, you get half your bet back – in American or European, the player loses their bet (the default rule for French roulette). En Prison: if the ball lands on 0, then chips are kept aside (in prison), and if you win the next spin, then you get them back; if you lose, then they are lost.

These rules only apply

to even-money bets. Check which of these rules are in effect before playing.

American

Roulette Odds

Bet Odds Red / Black / Odd / Even / High / Low 47.37% Column / Dozen 31.58% Six Line 15.79% Corner 10.53% Street 7.89% Split 5.26% Straight Up 2.63%

European Roulette Odds

Bet Odds Red / Black / Odd / Even / High / Low 48.65%

Column / Dozen 32.43% Six Line 16.22% Corner 10.81% Street 8.11% Split 5.41% Straight Up 2.70%

American Vs European Roulette: Which Should You Play?

The significant

difference between European and American Roulette is their wheel layout; the latter include 00, whereas the former has only one 0 pocket. Players may think that choosing the right wheel may affect their winning odds in the long run, but in reality, there is no particular reason for preferring one over another.

Even though the 00 pocket may

seem like it would increase your payout, all it does is decrease your winning odds. One aspect where the European Roulette takes the lead on American Roulette is its En Prison rule that lets the players imprison their bet that may win their chips back over the next turn. Overall, there is no such thing that playing with a particular wheel can increase your winning chances on Roulette. It's a luck-based casino game generated on RNG technology.

Play Roulette With Real Dealers

While online casinos have become

increasingly popular, it lacks the same atmosphere and social experience that a real casino provides for some. This is where live roulette comes in; the convenience of online meets the social aspect of in person.

Streamed from a real casino with a dealer

spinning the wheel and dropping the ball in real-time, live roulette offers a bustling atmosphere and allows for a more immersive experience.

There are plenty of live

roulette games available on King Casino, such as Kensington Roulette and Grand Roulette.

Roulette Strategies & Tips

There are no strategies that can increase your

winning chances on online or offline Roulette; however, certain betting models are available. You can choose any of these betting systems and plan your gameplay accordingly:

Martingale: In this betting model, players only love even money bets.

Players double their chances on every loss, and with this betting system, players rarely lose their entire bankroll.
