How to Play Roulette Using a Mobile

Let's

start by looking at how to play roulette. There are three main types of the game – European roulette, American roulette and French roulette – however, they all have pretty much the same rules. To start playing, you'll need to place your bets by clicking on the roulette board. Some of the more popular bets are:

Single number :

Predict the exact number that will be selected

: Predict the exact number that will be

selected Odd/Even : Choose whether the number will be odd or even

: Choose whether the

number will be odd or even Red/Black : Choose whether the number will be red or black

:

Choose whether the number will be red or black Split : Select two numbers with the same bet

: Select two numbers with the same bet Street : Select three numbers with the same bet

: Select three numbers with the same bet Square : Select four numbers with the same bet

: Select four numbers with the same bet Columns : Choose an entire column of

numbers

Dozens: Choose 12 different numbers with the same bet

Once you have made your bets (you can make more than one bet per turn when playing all forms of online roulette), it's time to spin the wheel. You can then sit back and wait to see if one or more of your bets have been winners. If they have, the money will be paid to you automatically.

We understand that new roulette players might

not want to play for real money, which is why we offer the chance to play mobile roulette games for free. Don't play roulette mobile free games for too long though, as you're missing out on the chance to win some huge sums of money!

Payout

Information

Each type of bet has its own payout. The payouts for the more commonly seen mobile roulette bets listed further up this page are:

Single number: 35:1

Odd/Even:

1:1

Red/Black: 1:1

Split: 17:1

Street: 11:1

Square: 8:1

Columns: 2:1

As you

can see, the bets with the lowest payouts are odd/even and red/black, as they simply allow you to double your money.
