Futebol

Basquete

Olá, allow me to introduce myself. My name is Ana, a digital marketing specialist based in São Paulo, Brazil. I am here to share a typical case of how I implemented a successful online betting campaign for the Oscars 2024.

Background of the Case:

In recent years, online betting has become increasingly trendy in Brazil. With over 137 million internet users and the legalization of online gambling in 2024, the market potential is evident. I got the opportunity to be part of a dynamic team working on the online betting business targeting the Oscar 2024. The challenge was to attract and engage users interested in entertainment and sports betting in the Brazilian market.

Description of the Case:

We leveraged the hype of the Oscars by offering various odds and opportunities to bet on the winners across the different categories. We focused on creating targeted & eye-catching advertisements (landing pages, social media, email marketing) that highlighted the ease use of our platform, wide-ranging categories, lucrative odds, user-friendly interfaces, and secure payment methods.

Implementation Steps:

1. Thorough market research and competitor analysis.
2. Utilizing Google Ads and Search Engine Optimization targeting keywords related to "apostar oscar 2024" and "Oscars 2024".
3. Influencer collaborations on blogs, YouTube, Instagram, and podcasts to raise brand

awareness and generate organic traffic.

4. Targeted emails and discounts promoting various promotions to the segmented user base.

5. Regularly A/B testing of landing pages to gauge user interest and adapt site accordingly.

Gains and Achievements:

1. Our site attracted more than 1 million unique visitors, with a daily increase of more than 25,000 new users.

2. Ad campaigns reached ~5% Click-Through Rate, with over 500,000 clicks.

3. Betting account registrations and total amount bet was 37% and 42% higher than projected figures, respectively.

4. An increase from 18% to 43% in female user registration, highlighting the inclusion of newer audiences.

Recommendations and Precautions:

- It is essential to maintain and monitor responsible gaming measures.

- Local laws and regulations for online betting vary across cities, regions, and demographics.

Thus, adapting and localizing marketing messages and promotional campaigns accordingly is crucial.

Insights Psychologically:

- Leveraging the Fear of Missing Out (FOMO) by providing limited-time offers, new user promos and enticing bonuses drove user actions on our websites and the app.

- Trust, ease-of-use, and security perceptions—specifically payment methods—significant factors that incentivize Brazilian bettors to create accounts and wager.

Analysis of Market Trends:

- Entertainments such as international movie premieres and music festivals, became lucrative niche markets for future promotional activities.

- The potential collaboration of social networks and sports betting providers enables cross-platform and peer-to-peer betting services.

Lessons and Experiences:

- Knowing your target demographic is fundamental for advertisement campaigns. In our case, understanding entertainment and aesthetics aspects appealing to men and women drives positive brand positioning.

Conclusion:

My experience with the Oscars 2024 betting project revealed the multitude of opportunities within diverse sports, entertainment, and e-commerce industries in Brazil, promoting the immense potential to monetize engaged online user bases. Targeting specific, relevant interest peaks through a range of digital marketing strategies and campaign adapts proved a successful approach and can be applied throughout various industries and niches across the country.
