How to play Dracula

This five-reel,

four-row, forty-line slot has a brand-new bat feature, free spins, stacked symbols, stacked wilds, and regular wild symbols. Dracula broods menacingly by the reels and transforms into a cluster of bats when the bat feature is activated. In this exciting feature, a random number of bats fly in and land on the reels. When the reels stop, the bats turn into a random symbol!

We've brought the dark mystery of Dracula to life.

Enter into the vampire's lair – a dark masterpiece of vampiric visual effects and sounds. The Count is expecting you.

Before you start spinning, you'll want to choose

your stake. We've provided options between 0.20 and 200. Once you begin, you'll be looking out for the various characters and symbols to land across the reels. Wins are formed from landing at least three symbols across any of the forty paylines in the game.

You'll find different playing card suits, each with a unique vampire design and various characters including Dracula himself. The vampire lord Dracula is the highest paying slot, giving you up to 200 coins for five of a kind.

We've also included plenty

of unique and exciting bonus features to help you land some big wins! You can read more about those below.

Features

While the game is a lot of fun by itself, we've also included plenty of bonus features to help you as you prepare to meet Dracula and look for the big payouts. Features in our Dracula slot include the following:

Wilds

Wilds

can be found across reels two, three and four during the base game. You'll be able to instantly recognise these as a big, blood-red W symbol. Wilds will help you to form wins by substituting for other paying symbols in the game.

Stacked Wilds

Stacked wilds

can only appear on the third reel during the bonus free spins. These special wilds will take up the entire reel, potentially giving you a big payday across multiple lines.

This symbol will also unlock two more free spins if it lands fully visible.

Dracula

Free Spins And Bonuses

That's not all, we've also added some extra special bonus features to the game that will boost your winning chances. Take a look at these bonuses:

Free Spins

In Dracula slot, rather than having to collect scatters, you can unlock the free spins round by landing the stacked Dracula and stacked Lady symbols on the reels at the same time. This will unlock ten free spins, during which stacked wilds come into play.

Bat Feature

The bat bonus feature can trigger randomly at any point of the base game. Bats will fly across the reels and land at random. Each bat will then transform into the same symbol which can be any symbol from the game, including wilds. This can lead to a big win if you get lucky enough and is one of the most exciting features in the game.

Conclusion

Dracula is one of the most fearsome monsters of all time, and there have been countless films, book and TV shows written about him. Now we've created a slot, in association with Universal, which portrays Dracula and his bloodthirsty nature across the reels. The design team have worked hard to produce some brilliant animations, and Dracula will watch on from the side of the reels as you spin. The features of the game have all been created to give you the highest winning potential possible, and you'll have loads of fun as bats fly around you and fill the reels with mystery symbols.

If you loved Dracula, we're sure you'll love our other online slots too! Take a look at some of the games in our extensive collection to see what you can find. You can also discover the best and most exciting casino bonus offers here on our site!
