Let's begin, shall we?

As per its name, Super Slots is an online casino heavily focused on slot games. It's home to more than 250, many of which have a higher-than-average RTP, provided by some of the biggest names in online slot game development.

The standout slot has to be Stacked. Produced by BetSoft, Stacked has a 96.39% RTP and comes with low-to-mid volatility. Max win is x664.30 and the game is brand new.

Indeed, Super Slots are constantly updating their library with new slots, and you can find all the latest additions at the top of the homepage.

To get started playing slots, you can claim a 250% bonus up to R\$1,000 on your first deposit by using the code SS250. If you deposit R\$100 or more, you will also get 100 free spins.

Then, use the bonus code SS100 on your following 5 deposits to claim a 100% bonus up to R\$1,000.

As well as slots, you can also play blackjack, roulette, video poker and live casino games. We also think players will appreciate the user layout. Super Slots boasts a professional but colourful site design that's both aesthetically pleasing and functional.

Everything is easy to find, and there's a search function to make it even easier for you to find your favorite games.

2. Ignition (Caesar's Empire) - Highest Online Slots Payouts (\$3k Bonus)

Casino Games : 300+

: 300+ Jackpot Slots : 35

: 35 Bonuses : 300% up to R\$3,000

: 300% up to R\$3,000 Caesar's Empire RTP : 97.5%

: 97.5% Max Payout: R\$7,500

Ignition is an online casino that's primarily known for its poker room.

But its selection of online slots for real money leaves nothing to be desired, too. And it's no surprise, considering that Ignition packs a strong punch with some of the biggest jackpots, evergreen classics, and everything in between.

As such, if you fancy mixing things up between poker and slots, Ignition might be for you.

Alongside its poker rooms, Ignition also offers a very good selection of online slot games.

Moreover, rake is highly generous, the graphics are seamless, and there are plenty of casino bonuses that can be used on slot machines, too.

Speaking of bonuses, Ignition offers a 200% bonus up to R\$2,000 that you can claim on your first deposit. Using crypto, this bonus will increase by 300% up to R\$3,000, and you can use half of those bonus funds to play slot games, with the other half reserved for poker.

Our top pick is Caesar's Empire. Its exact RTP is hard to pin down, but there are suggestions it can go as high as 97.50%, which makes it one of the highest-paying slots in the world right now. Caesar's Empire was produced by RealTime Gaming.

It comes with 5 reels and 20 pay-lines, and it comes with a random progressive jackpot that you can win on any spin (and it doesn't matter how much you staked).

In terms of its payment methods, Bitcoin is accepted, as are a number of other cryptocurrencies – and you can request as much as R\$180,500 in weekly payouts with crypto.

All in all, this is an established online slots casino with thousands of satisfied customers around the world.

3. Cafe Casino (Ocean's Treasure) - Highest RTP Slots (\$2.5k Bonus)

Casino Games : 250+

: 250+ Jackpot Slots : 33

: 33 Bonuses : 350% up to R\$2,500

: 350% up to R\$2,500 Ocean's Treasure RTP : 95.66%

: 95.66% Max Payout: 1500x

Cafe Casino is a popular online slots site where you can take your pick from hundreds of online slot games, including the entertaining Ocean's Treasure.

With a 95.66% RTP and a max win of x1500.00, this is a Norse mythology-inspired slot that's rich with bonus features and cool graphics.

When it comes to its bonuses, Cafe Casino kicks things off with a generous welcome offer worth 350% up to R\$2,500, which you can claim on your first deposit. Note that this bonus is only for those who are gambling with cryptocurrencies.

If you're a non-crypto player, you can claim a 250% bonus up to R\$1,500 instead. Whichever offer you decide to take, you can use it to play all of Cafe Casino's non-jackpot slots.

Existing players are then rewarded with a number of subsequent bonuses, promos and perks, while a rewards program gives you the chance to win some of the weekly prize pool.

All the games at Cafe Casino have been optimized for mobile play, and these include blackjack and roulette variants, as well as a good choice of live dealer games.

The payment methods you can use to deposit here include Visa, MasterCard, MatchPay, Bitcoin,

Litecoin, Ethereum, and Bitcoin Cash. The great news is that crypto payouts are processed within 1 hour.

4. Las Atlantis (Aztec's Millions) - Biggest Slots Bonuses (\$9.5k)

Casino Games : 200+

: 200+ Jackpot Slots : 77

: 77 Bonuses : Up toR\$9,500

: Up toR\$9,500 Aztec's Millions RTP : 95%

: 95% Max Payout: Progressive jackpot can rise overR\$1 million

Las Atlantis is a quirky modern-day online slot machine site that has a unique underwater casino theme. It looks easy on the eyes and will suit players who prefer to play at slots sites that look and feel a bit different.

Among the 200+ slots available, Aztec's Millions is the top slot to play – a progressive slot that has a 95% RTP.

That's not actually the highest RTP around, but Aztec's Millions is one of the most popular slot games in the world that – as a progressive – gives you more than one way to win and lets you have as many as 10+ dry spins.

Right now, there's a hugeR\$9,500 welcome package up for grabs for new players. Use the code LOVESCENT250 on your first deposit to get the welcome package going with a 250% match bonus up toR\$2,500 that you can use to play online slots.

As well as online slot games, you can also play the likes of blackjack, poker and roulette at Las Atlantis, alongside a solid selection of other casino games. It really is one of the best online casinos you can sign up to.

Live casino games are also available, as are a handful of specialty games that you won't find elsewhere.

5. MyStake (Money Train 2) - Best Bonus-Buy Online Slots (\$1k Bonus)

Casino Games : 3000+

: 3000+ Jackpot Slots : 90+

: 90+ Bonuses : 170% up toR\$1,000

: 170% up toR\$1,000 Money Train 2 RTP : 96.4%

: 96.4% Max Payout: 50,000x

MyStake is the newest online casino on this list – but it packs a bigger slot game selection than all the rest.

Money Train 2 was our favorite slot here (not that we've tried them all, considering there are over 3,000). It has a simple 5-reel grid with 40 paylines and an RTP of 96.4%.

However, this Relax Gaming slot stands out the most with its bonus round, which you can actually buy if you don't have the patience to wait for 3 scatters on your reels.

The maximum win during the bonus round is 50,000x of your initial stake. Pretty insane.

The welcome bonus is pretty generous as well, offering you to claim up toR\$1,500 across 2 deposits or a single 170% match bonus of up toR\$1,000 if you choose crypto when depositing.

Of course, there are plenty of other real money online slots to explore at MyStake, separated into different categories like Popular, Drops & Wins, Megaways, Jackpot Games, and New Games.

If you stick around for more, you can claim up to 150 free spins weekly. With each deposit of at leastR\$50 on Tuesday, Wednesday, and Thursday, you can get 50 extra spins by using the codes Tuesday50, Wednesday50, and Thursday50, respectively.

6. Red Dog Casino (Ancient Gods) - Best Free Online Slots (\$8k Bonus)

Casino Games : 200+

Red Dog Casino is home to Ancient Gods, a popular 96% RTP slot produced by RealTime Gaming.

It has mid-range volatility, you can play it in demo mode, and it comes with 25 active pay-lines

alongside realistic visuals.

To start playing this game with a bump on your deposits, Red Dog gives you the chance to claim an R\$8,000 welcome package spread across your first three deposits.

Other than that, Red Dog Casino offers a huge variety of slot games. A search bar makes it super easy to find the slots you love to play, while other titles include Princess Warrior and Legend of Helios.

Other casino games you can play here include poker, blackjack and roulette.

Red Dog Casino is actually a fairly new online casino that was established in 2024. Even so, it's got a license in Curacao and is a completely secure online casino to use.

Moreover, because it's so new, Red Dog has all the latest and greatest new slots for real money, it works excellently on mobile, and its stripped-back site design makes it easy to navigate.

7. Slots.LV (Atlantic Treasures) - Biggest Jackpot Slots (\$5k Bonus)

Casino Games : 350+

: 350+ Jackpot Slots : 50+

: 50+ Bonuses : Up to R\$3,000

: Up to R\$3,000 Atlantic Treasures RTP : 96.68%

: 96.68% Max Payout: 400,000 coins

Slots.LV – as you probably guessed – is an online casino that excels when it comes to slot games.

Its range of slot games is varied and includes classic slots alongside new ones and lots of progressives, and it's also got Atlantic Treasures. This is a 96.68% RTP slot with mid-volatility that comes with lots of free spins and bonus games.

Even better is the fact that you can start playing this game with a R\$5,000 welcome package that you can claim across your first 9 deposits.

On your first deposit, you can claim a 200% bonus up to R\$3,000 and 30 free spins for Golden Buffalo if you use crypto. If you deposit USD, you will get a 100% bonus up to R\$2,000 and 20 free spins instead.

For more bonuses, you can check our Slots.lv review.

Other than that, there's barely a slot that you won't find at Slots.LV. Indeed, there are over 50 jackpot slots alone, which by far surpasses anything offered by rival real money online casinos.

You can also play the likes of video poker, craps, blackjack and live dealer games – all of which are produced by top-notch software developers with bags of reputation for creating some of the best online casino and slots games on the planet.

8. Bovada (Arrogant Pirates) - High-Quality Classic Slots (\$3k Bonus)

Casino Games : 300+

: 300+ Jackpot Slots : 32

: 32 Bonuses : Up to R\$3,000

: Up to R\$3,000 Arrogant Pirates RTP : Unknown

: Unknown Max Payout: 800x

Bovada is widely known for its sportsbook, which allows you to bet on all the major sports as well as a large number of niche ones.

Bovada also has an online casino section, which is currently home to over 200 slot games.

Our favorite game here is Arrogant Pirates – a value-based slot that comes with a number of special features. Max win is topped at 800x, the max bet is R\$120, and there are 15 pay lines and a huge amount of fun to be had.

This slots site is no slouch when it comes to bonuses, either. You can get a 100% up to R\$3,000 welcome package across your first three deposits, which jumps to R\$3,750 if you use crypto.

You can also play the likes of poker, while Bovada's live dealer games are authentic, and max and min stakes vary from table to table.

As far as security is concerned, Bovada is fully licensed by Curacao eGaming and has been operating for more than 10 years, establishing a great track record for timely payouts and trust.

To deposit, you can use a variety of payment methods, including credit cards, MatchPay, P2P transfers, and cryptocurrencies.

9. EveryGame (Legend of Helios) - Best 5-Reel Online Slots (200% Bonus)

Casino Games : 300+

: 300+ Jackpot Slots : 50+

: 50+ Bonuses : 200% up to R\$7,777

: 200% up to R\$7,777 Legend of Helios RTP : 96%

: 96% Max Payout: 56,250x

Everygame is an all-in-one online gambling site offering sports betting, poker tournaments, and some of the best 5-reel slot games on the internet.

Among the 300+ slot machine games available here, our favorite is Legend of Helios. It's a 5-reel game with a 96% RTP and an insane max payout of 56,250x your stake.

Because it's still so new, the game takes advantage of all the latest technological advances in online slot gaming to deliver a high-quality (and highly volatile) slot experience.

Even better is the fact that you can start playing this game with a 200% bonus of up to R\$7,777 on your first deposit. You will also get 77 free spins thrown in for good measure – just don't forget to use the code USA200 when depositing to take advantage of this offer.

Everygame is also popular for regularly adding new slots to its repertoire.

What we think players will especially appreciate is that Everygame gives detailed descriptions and information on each slot so that you're able to take your time and pick a real money slot game that's right for you.

Other than that, Everygame actually comes with 2 separate online casinos (a classic casino and a "red" casino).

It's a reputable, well-established slots site with years of experience, and while its sports odds could be better, the fact that it's a slots site that even has a sportsbook in the first place will be seen as a huge bonus to many.

10. Slots Empire (Popinata) - Best Online Slots Themes (\$8k Bonus)

Casino Games : 200+

: 200+ Jackpot Slots : Over 50

: Over 50 Bonuses : Up to R\$8,000

: Up to R\$8,000 Popinata RTP : 96.3%

: 96.3% Max Payout: 125,000x

Slots Empire is yet another online slots casino that's focused on slots. Here, you can play more than 200 slots, all of which are optimized for mobile devices.

The slots roster at this casino is filled with such a huge variety of slots games that there's something here for everyone.

You can play most of the games for real money, while a number of them are available in free/practice mode, too.

Since Slots Empire is a sister site to Red Dog Casino, it offers the same bonus that you will find at Red Dog. On your first 5 deposits, you can claim up to R\$8,000 in bonus funds, which is a really nice way to start playing here.

Other casino games you can play at Slots Empire include blackjack and video poker, and while payout limits are a tad on the short side and won't suit high rollers, this slots casino is still ideal for casual players.

Our top pick of all these games is Popinata, a 96.3% RTP slot game with a Mexican party theme that was developed by RealTime Gaming. It's a 5-reel slot that comes with 5 pay lines and a max payout of 125,000x.

11. Wild Casino (Tower of Fortuna) - Best Crypto Slot Games (\$9k Bonus)

Casino Games : 500+

: 500+ Jackpot Slots : 40+

: 40+ Bonuses : Up to R\$9,000

: Up to R\$9,000 Tower of Fortuna RTP : 96.09%

: 96.09% Max Payout: 3,200x

Wild Casino is an online slots site that currently has almost 500 slots to choose from.

Our favorite among the bunch is Tower of Fortuna – a 96.09% RTP online slot produced by

BetSoft which can be played for real money or for free. Max win is x3200, volatility is average, and there are free spins available.

Other online casino slots you can play at Wild Casino include Frenzy Fortune, Madame Margot (brand new) and Voodoo Queen.

To start playing these games, deposit at least R\$20 via crypto and use the code CRYPTO300 to claim a 300% bonus of up to R\$3,000. Use the code CRYPTO150 on your following four deposits to get a 150% bonus of up to R\$1,500 each time.

If you're going to deposit USD, use the WILD250 code for a 250% bonus up to R\$1,000, and then WILD100 four more times for a 100% bonus up to R\$1,000.

And while slots is where Wild Casino specialises, they also have a good selection of blackjack games (9). There's a live dealer casino, too, as well as video poker games.

Some players might prefer to sign up to a slots casino that has more slots. But the great thing about Wild Casino is that you're not overwhelmed by the choice, and the fact that this is an online casino that puts quality above quantity.

12. El Royale (Asgard) - Best Slots Site for Free Spins (\$7k Bonus)

Casino Games : Over 200

: Over 200 Jackpot Slots : 50+

: 50+ Bonuses : Up to R\$7,000

: Up to R\$7,000 Asgard RTP : 96%

: 96% Max Payout: 6,000x

El Royale is a stylishly themed real money slots casino that actually looks kinda glamorous. If you like the idea of playing slots with free spins casino bonuses to back up your gameplay, this might be the site for you.

One of the best online casino slots you can play here is Asgard.

This online slot is developed by RealTime Gaming, and it's got a 96% RTP. It has 243 pay lines, 5-reels and lots of bonus rounds and exciting features.

Aztec's Millions is another popular slot that's available at El Royale, and altogether there are 200 to choose from.

The welcome package you can claim here maxes out at R\$7,000, and you will need to use the code GARNET on your first five deposits. It works like this:

240% up to R\$2,400 bonus on your first deposit

260% up to R\$2,600 on your 2nd and 3rd deposits combined

200% up to R\$2,000 on your 4th and 5th deposits combined

As you become a regular player, you can take advantage of free spins every time a new game is released, and you can also get more free spins as part of other reload bonuses.

You can also play poker at El Royale, as well as blackjack and a range of other speciality games.

El Royale certainly has a serious look and feel to it, and high rollers are welcome. But if we could have one criticism is that, at the time of writing, live poker isn't available. Still, poker fans can enjoy a few automated variants, and the welcome bonus is generous.

Ranking Methodology - How We Chose The Best Online Slots

Reputation

We checked things like an online casino's license, customer reviews and its security to make sure that it's reputable and therefore trustworthy. We also gave a higher ranking to fast payout casinos — as you wouldn't want to wait weeks for your withdrawal to arrive.

Variety of slots

We know that variety is the spice of life, and as such you'll find that the online casinos in our list include a range of slots, such as 3-reels and 5-reels, progressive jackpots, 3D slots and more.

Payout percentage

One of our chief aims was to find online casinos that have high RTP slots. This means that your chances of winning are increased.

Slots bonuses and promotions

Lastly, we added the best slots sites in terms of the size of their bonuses, as well as their frequency and their VIP programs.

Mobile slots

The fact is that a bigger percentage of players play online slots on mobile as opposed to those who play on a desktop. Therefore, finding and recommending online slots sites that work well on smartphones was yet another priority for our team.

What Are the Best Online Slot Machines?

According to our experts, the best real money slots online right now are Caesar's Empire, Ocean's Treasure, and Stacked. All of these games come packed with high RTPs and cool graphics, ensuring a smooth gaming experience.

Of course, the best online slot game for you will depend on your taste, which is why we recommend you explore all of our listed casino online slots before taking a pick.

Most Popular Online Slots Games & Types

If you wanted to play slots 15 years ago, the choices were pretty simple – fruits and sevens, and the occasional Egypt-themed slot game with Cleopatra that nobody knew how it works.

Today, you have thousands of slot games to explore, ranging from classic three-reelers to the latest Megaways slots.

Let's explore some of the most popular types, shall we?

Classic 3-Reel Video Slots

Classic online slot machines will always have a place in the online gambling industry. Three-reel slots usually come with 10 paylines, low volatility, simple gameplay, and no bonus rounds.

You don't play these games for the chance to win huge sums of money but instead to enjoy smaller, more frequent wins that will allow you to play for longer periods with a smaller bankroll.

The best slot machines to play with 3 reels are:

Reel Circus

Caesar's Triumph

Neon Wheel 7s

Wild Fire 7s

5-Reel Slots Machines

Five-reel slot machines came out after the 3-reel classics in order to kick the gameplay up a notch with more winning combinations, exciting bonus rounds, and symbols such as Wilds and Scatters.

To this day, this is the most popular slot game format out there, with themes ranging from fruits, mystery, games based on TV shows, animals, jungle... you name it.

The most popular 5-reel slots are:

Cash Bandits

Bubble Bubble

Mythic Wolf

Gold Rush Gus

Progressive Jackpot Slots

Many online slots have a fixed jackpot, which is not the same as a progressive jackpot.

Progressive jackpots are different in the sense that their jackpot prize continuously rises until one player wins it. Every time a bet is placed, a small portion of that bet goes into the huge progressive jackpot pool, so it's not unusual to find progressives worth R\$1M+.

The most popular progressive slots include:

Shopping Spree

Megasaur

Aztec's Millions

777 Deluxe

Bonus-Buy Slot Games Online

Nearly all modern slots have a bonus game that you can trigger by landing three Scatters or any other symbols based on the game's rules.

What if you don't want to wait to land 3 Scatters?

That's where bonus-buy games come into play. These types of slots allow you to buy your way into the bonus round, and they are becoming immensely popular among all types of players.

The most popular bonus-buy slots include:

Money Train 2

Aloha King Elvis

Beer Bonanza

White Rabbit

Best Slots Online to Play - FAQ

Why Play Slot Machine Games Online?

Playing real money slots online comes with many different advantages, including higher RTPs across the board, bigger progressive jackpots, and the convenience of playing from anywhere you might be.

They also give you the chance to enjoy bonus rounds, grab free spins and even earn loyalty points.

Can I Play Free Slots at Online Casinos?

Yes, you can play slots online for free if the specific casino sites offer free slots. A free slot is essentially the demo version of a slot machine.

You can play it for free to test out your strategy and get a feel for the game, but you can't win real money.

What Are High RTP Slots?

High RTP slots give you the best chance of winning when playing online slots because their payout percentage is higher than average. This means potentially huge jackpots if you strike lucky (while gambling responsibly, of course).

RTP means Return to Player, and it refers to the amount of times a slot game pays out. If a slot's RTP is pegged at 96% or higher, you can expect it to payout much more than a slot that is pegged at, say, 94%.

What is the Highest Win Rate on Online Slot Games?

Caesar's Empire at Ignition – 97.5% RTP

Money Train 2 at MyStake – 96.4% RTP

Stacked at Super Slots – 96.32% RTP

Ocean's Treasure at Cafe Casino – 95.66% RTP

Aztec's Millions at Las Atlantis – 95% RTP

Caesar's Empire has the highest win rate among online slot games, with an above-average RTP of 97.5%. Just keep in mind that the win rate is different from the highest payout.

For example, Aztec's Millions has a much higher payout potential (overR\$1 million) but pays out less frequently.

Can I Play Slots Online On My Mobile Device?

Yes, you can play slots on your mobile device, as most online casinos are mobile-friendly and have a dedicated mobile website that automatically loads when you use your smartphone.

Some also offer an app that you can download, but you will find that most online slot casinos are available in instant play.

Are Online Slot Casinos Trustworthy?

We trust, as long as an online gambling site is fully licensed, it should be safe to use.

Fully-licensed online slots casinos have put in place measures to ensure they're security to use, as well as transparent and fair. Moreover, it's highly unlikely that they would then do something that would compromise their reputation.

Are Online Slots Rigged?

Online slots games work in such a way at fully licensed casino sites that they simply can't be rigged. This is because they use something called RNG (Random Number Generator) to determine the outcome, and to ensure fairness and transparency.

What are Slots Bonus Rounds?

Bonus rounds are in-game features that you can unlock while playing slot games. They range from free spin rounds, double-up features, multipliers, and more. Essentially, big wins happen when you unlock the bonus round.

We recommend you give Money Train 2 a shot at MyStake if you want a game with plenty of rewarding bonus rounds.

How to Win at Slots Online

Before we start talking about tips you can use when playing online slots, let's get one thing clear:

There is no strategy that guarantees you will win when playing slots online.

With that out of the way, let's see what you can do to increase your winning chances.

Play High-RTP Games

This one's really a no-brainer. Each slot machine game has its own RTP (Return to Player Percentage), which determines how much it will pay out over a large period of time.

Therefore, playing video slots with RTPs higher than 96% is always a good idea.

Know What to Expect From Progressive Slots

There's no better feeling than winning slots with a progressive jackpot. However, you should know that the chances of that happening are slim. On top of that, jackpot slots usually have much lower RTPs due to their massive progressive jackpot.

So, consider whether you're up for the risk that progressive slots carry with them.

Buy a Bonus Round

The biggest slots payouts always happen during a game's bonus round. If you don't have the patience to land 3 scatters or more, many slots games allow you to buy the bonus round for 100x your bet or less.

This doesn't necessarily mean you will win more (nor does it mean that you will lose), but with the help of the multipliers during the bonus round, you will have a much higher chance of hitting a big win.

Play Free Online Slots

If you're completely new to gambling and you want to see whether you will like a certain game or not — then it's best that you start playing online slots for free (in demo mode). You won't be able to win real money this way, but at least you won't be risking anything while testing.
