How to Play Texas Hold'em Poker: Hold'em Rules & Hands

If you want to learn how to play Texas hold'em games, then you need to start from the basic rules and hands. That's exactly what you'll find on this beginner's guide to the game.

Texas hold'em is a simple poker game, but it can be daunting to get to grips with.

But don't let that put you off. By the time you are done with this beginner's guide to Texas hold'em poker, you will know:

Here we go over the poker rules for Texas Hold'em.

1. What Is Texas Hold'em Poker?

Texas Hold'em is the most popular of all poker variations.

All of the marquee tournaments around the world (including those played at the World Series of Poker, the World Poker Tour, and the European Poker Tour) feature the no-limit variation of this game.

Texas hold'em is so popular that it is the only poker game many players will ever learn.

It takes a moment to learn, but a lifetime to master.

Discovering how to play Texas hold'em poker is not difficult and the simplicity of its rules, gameplay, and hand-ranking all contribute to the popularity of the game.

However, don't let the simplicity of the game mislead you.

The number of possible situations and combinations is so vast that Texas hold'em can be an extremely complex game when you play at the highest levels.

If you are approaching the game of Texas hold'em for the first time, starting from the basic rules of the game is key. Not only these are the easiest ones to learn, but they are also essential to understand the gameplay and, later on, the game's basic strategy.

2. Texas Hold'em Poker Rules

So how do you play Texas hold'em?

The goal of a Texas hold'em game is to use your hole cards in combination with the community cards to make the best possible five-card poker hand.

Hold'em is not unlike other poker games like five-card draw.

However, the way players construct their hands in Texas hold'em is a little different than in draw poker.

It's always possible a player can "bluff" and get 6 others to fold better hands.

In a game of Texas hold'em, each player is dealt two cards face down (the ' 6 hole cards ')

) Over several betting rounds, five more cards are (eventually) dealt face up in the middle of the 6 table

These face-up cards are called the 'community cards.' Each player is free to use the community cards in combination with 6 their hole cards to build a five-card poker hand.

5 community cards

While we will see each betting round and different phase 6 that forms a full hand of a Texas hold'em game, you should know that the five community cards are dealt 6 in three stages:

The Flop: the first three community cards.

the first three community cards. The Turn: the fourth community card.

the fourth 6 community card. The River: The fifth and final community card.

Your mission is to construct your five-card poker hands using the best 6 available five cards out of the seven total cards (your two hole cards and the five community cards).

You can do 6 that by using both your hole cards in combination with three community cards, one hole card in combination with four 6 community cards, or no hole cards.

If the cards on the table lead to a better combination, you can also play 6 all five community cards and forget about yours.

In a game of Texas hold'em you can do whatever works to make 6 the best five-card hand.

If the betting causes all but one player to fold, the lone remaining player wins the pot 6 without having to show any cards.

For that reason, players don't always have to hold the best hand to win the 6 pot. It's always possible a player can 'bluff' and get others to fold better hands.

If two or more players make it all of the way to the showdown after the 6 last community card is dealt and all betting is complete, the only way to win the pot is to have 6 the highest-ranking five-card poker hand.

Now that you know the basics of Texas hold'em and you start to begin gaining an 6 understanding of how the game works, it's time to get into some specifics.

These include how to deal Texas hold'em and 6 how the betting works.

Basic Rules Key Takeaways: A game of Texas hold'em feature several betting rounds

Players get two private and 6 up to five community cards

Unless all players abandon the game before the showdown, you need the highest poker hand to 6 win

How to Play Texas Holdem Poker

Let's have a look at all 6 the different key aspects of a Texas hold'em game, including the different positions at the table and the betting rounds 6 featured in the game.

The Button

The play moves clockwise around the table, starting with action to the left of the dealer 6 button.

The 'button' is a round disc that sits in front of a player and is rotated one seat to the 6 left every hand.

When playing in casinos and poker rooms, the player with the dealer button doesn't deal the cards (the 6 poker room hires someone to do that).

When you play poker home games with friends the player with the button usually 6 deals the hands.

The button determines which player at the table is the acting dealer.

The first two players sitting to the 6 immediate left of the button are required to post a 'small blind' and a 'big blind' to initiate the betting.

From 6 there, the action occurs on multiple streets:

Preflop

Flop

Turn

River

Each one of these moments (or 'streets' in the game's lingo) is explained further below.

The button determines which player at the table is the acting dealer.

In Texas hold'em, the player on button, or last active player closest to the button receives the last action on all post-flop streets of play.

While the dealer button dictates which players have to post the small and big blinds, it also determines where the dealing of the cards begins.

The player to the immediate left of the dealer button in the small blind receives the first card and then the dealer pitches cards around the table in a clockwise motion from player to player until each has received two starting cards.

The Blinds

Two "Hole Cards" are dealt face down and the first round of betting begins

Before every new hand begins, two players at the table are obligated to post small and big blinds.

The blinds are forced bets that begin the wagering.

Without these blinds, the game would be very boring because no one would be required to put any money into the pot and players could just wait around until they are dealt pocket aces (AA) and only play then.

The blinds ensure there will be some level of 'action' on every hand.

In tournaments, the blinds are raised at regular intervals. In cash games, the blinds always stay the same.

In tournaments, the blinds are raised at regular intervals.

As the number of players keeps decreasing and the stacks of the remaining players keep getting bigger, it is a necessity that the blinds keep increasing throughout a tournament.

throughout a tournament. In cash games, the blinds always stay the same.

The player directly to the left of the button posts the small blind, and the player to his or her direct left posts the big blind.

The small blind is generally half the amount of the big blind, although this stipulation varies from room to room and can also be dependent on the game being played.

In a "\$1/\$2" Texas hold'em game, the small blind is \$1 and the big blind is \$2.

First Betting Round: Preflop

Two "Hole Cards" are dealt face down and the first round of betting begins

The first round of betting takes place right after each player has been dealt two hole cards.

The first player to act is the player to the left of the big blind.

This position referred to as 'under the gun' because the player has to act first. The first player has three options:

Call: match the amount of the big blind

match the amount of the big blind Raise: increase the bet within the specific limits of the game

increase the bet within the specific limits of the game Fold: throw the hand away

If the player chooses to fold, he or she is out of the game and no longer eligible to win the current hand.

Players can bet anywhere from the amount of the big blind (the minimum bet allowed) up to the total amount in the current pot.

The amount a player can raise to depends on the game that is being played.

In a game of no-limit Texas hold'em, the minimum opening raise must be at least twice the big blind, and the maximum raise can be all of the chips a player has in his or her stack (an "all-in" bet).

There are other betting variations in hold'em poker.

In fixed-limit hold'em (or just "limit hold'em), a raise is always exactly twice the big blind.

In pot-limit hold'em (played much less often than the other variations), players can bet anywhere from the amount of the big blind (the minimum bet allowed) up to the total amount in the current pot.

After the first player ('under the gun') acts, the play proceeds in a clockwise fashion around the table with each player also having the same three options — to call, to raise, or fold.

Once the last bet is called and the action is 'closed,' the preflop round is over and play moves on to the "flop."

Second Betting Round: The Flop

Three community cards are dealt on the table and a new betting round begins.

After the first preflop betting round has been completed, the first three community cards are dealt and a second betting round follows involving only the players who have not folded already.

A check simply means to pass the action to the next player in the hand.

In this betting round (and subsequent ones), the action starts with the first active player to the left of the button.

Along with the options to bet, call, fold, or raise, a player now has the option to 'check' if no betting action has occurred beforehand.

A check simply means to pass the action to the next player in the hand.

Again betting continues until the last bet or raise has been called (which closes the action).

It also can happen that every player simply chooses not to bet and checks around the table, which also ends the betting round.

Third Betting Round: The Turn

The fourth community card is called the "Turn" and again a new round of betting starts.

Call — match the amount of the big blind

The fourth community card, called the turn, is dealt face-up following all betting action on the flop.

Once this has been completed, another round of betting occurs, similar to that on the previous street of play.

Again players have the option to check, bet, call, fold, or raise.

Final Betting Round: The River

The last community card is called the "River". This is followed by a last round of betting and finally the "Showdown"

Fold — throw the hand away

The fifth community card, called the river, is dealt face-up following all betting action on the turn.

Once this has been completed, another round of betting occurs, similar to what took place on the previous street of play.

Once more the remaining players have the option to check, bet, call, fold, or raise.

After all betting action has been completed, the remaining players in the hand with hole cards now expose their holdings to determine a winner. This is called the showdown.

The Showdown

The player with the best combination of five cards wins

Players construct their hands by choosing the five best cards from the seven available

The remaining players show their hole cards, and with the assistance of the dealer, a winning hand is determined.

The player with the best combination of five cards wins the pot according to the official poker hand rankings.

3. The Hand Rankings in Texas Hold'em Poker

These hand rankings aren't specifically part of Texas hold'em rules, but apply to many different poker games.

How to Play Texas Hold'em Poker FAQs

What is Texas Hold'em Poker? Texas Hold'em is 6 the most popular poker game variant, where players are dealt two private cards (hole cards), and five community cards are 6 placed face-up in the center of the table. The aim of the game is to make the best possible five-card 6 hand, according to the poker hand rankings, using a combination of your hole cards and the community cards. How do 6 I win at Texas Hold'em? To win a hand of Texas Hold'em, you need to have the best five-card poker 6 hand. The possible hand rankings, from highest to lowest, are Royal Flush, Straight Flush, Four of a Kind, Full House, 6 Flush, Straight, Three of a Kind, Two Pair, One Pair and High Card. What happens if there's a tie in 6 Texas Hold'em? If multiple players have the

same hand ranking, the pot is split equally among the tying players. What is the dealer button, small blind, and big blind? In the game of Texas Hold'em, players take turns being the dealer. A dealer button is used and rotates clockwise after each hand. The player to the left of the dealer is the small blind, and the player two seats to the left is the big blind. The 'Blinds' are forced bets to start the action and build the pot. How are cards dealt in Texas Hold'em? The Dealer in Texas Hold'em will give each player two private hole cards, and then five community cards are placed face-up in the center of the table. The community cards are dealt in stages: the flop (three cards), the turn (one card), and the river (one card). What is the order of play in Texas Hold'em? The order of play rotates clockwise. It starts with the player to the left of the dealer and moves around the table. The player to the left of the dealer posts the small blind, and the next player posts the big blind to start the action. How many players can play Texas Hold'em? Texas Hold'em can be played with as few as two players or as many as ten (in the online casino world some variations of Texas Hold'em can be played solo against the dealer). However, it's commonly played with 2 to 9 players at a table. What is a betting round in Texas Hold'em poker? Texas Hold'em has several betting rounds. After the hole cards are dealt, there is a round of betting. Then, the flop is revealed, followed by another betting round. The turn and river cards are revealed with a betting round after each. Players can check, bet, fold, call, or raise during these rounds. What are the hand rankings in Texas Hold'em poker? The strength of your hand is determined by its rank among all possible hands and the community cards. It's essential to understand hand rankings and how they apply to your specific hand in the context of the community cards. The possible hand rankings, from highest to lowest, are Royal Flush, Straight Flush, Four of a Kind, Full House, Flush, Straight, Three of a Kind, Two Pair, One Pair and High Card. Can players use all, some, or none of their hole cards to form their hand? Players can use any combination of their two hole cards and the five community cards to make the best hand. It's possible to use both hole cards, only one, or none at all, depending on what gives the best hand. When should I fold my hand? There are no hard and fast rules for when you should fold your hand, as it can depend on a number of factors, such as table position, the strength or style of your opponent, and which round of betting you are in. However, knowing when to fold is crucial for preserving your chips and making profitable decisions, so we recommend heading over to the poker strategy section right here on PokerNews to read more. How do I calculate pot odds and implied odds in Texas Hold'em poker? Pot odds involves comparing the current size of the pot to the cost of your next bet. Implied odds consider the potential future bets in addition to the current pot size. Understanding these odds can help you make informed decisions. Is bluffing important in Texas Hold'em? Bluffing is a strategic element of the game. When used wisely, it can help you win pots with weaker hands. However, it's crucial to be selective and consider your opponents and the table dynamics. Can you show your cards to other players during the game? In most poker games, including Texas Hold'em, you can choose to show your hand at the end of the hand if you wish. However, you are not required to reveal your hand if you win a pot. What are the basic strategies for Texas Hold'em? Basic strategies include starting hand selection, position awareness, and understanding betting and odds. Learning when to be aggressive, when to fold, and how to read your opponents are also essential skills. What are the different variations of Texas Hold'em? Kamala Harris agora está no centro das atenções dos Democratas para a eleição presidencial dos EUA

Com Kamala Harris agora posicionada para desafiar Donald Trump na eleição presidencial dos EUA bet 365 app 5 de novembro, os Democratas estão desfrutando de um ressurgimento de otimismo que estava faltando por muito tempo este ano, enquanto Joe Biden lutava por uma reeleição que acabou abandonando.

Desde o desempenho vacilante do presidente bet 365 app seu debate tardio contra Trump bet 365 app junho e bet 365 app decisão chocante de se retirar da corrida nas semanas seguintes, Harris ascendeu rapidamente para se tornar a candidata presidencial presumivelmente dos

Democratas. As pesquisas mostraram que ela está empatando ou superando Trump no apoio dos eleitores nacionalmente e bet 365 app alguns estados cruciais de balanço que decidirão a eleição.

A vice-presidente pressionou seu ataque realizando energéticos comícios bet 365 app todo o país, mais recentemente com Tim Walz, o governador de Minnesota, que Harris selecionou como bet 365 app companheira de chapa esta semana. Estrategistas e ativistas democratas disseram que Harris deu à partido uma necessária redefinição depois de meses de tremores sobre se a candidatura vacilante de Biden estava configurando o partido para uma histórica derrota.

"Entre a base, o entusiasmo está fora dos gráficos, provavelmente o mais entusiasmado que as pessoas se sentiram desde a campanha de Obama", disse Ben Tribbett, estrategista democrata na Virgínia. "E acho que muito disso tem a ver com um sentimento de alívio. Acho que as pessoas realmente se sentiram como se estivéssemos bet 365 app uma situação que era inabalável e insustentável."

Biden derrotou amplamente Trump nas eleições de 2024, mas nos anos seguintes, o ex-presidente reforçou bet 365 app pegada no Partido Republicano, enquanto seu sucessor democrata lutava para manter o apoio dos eleitores à medida que a economia dos EUA passava por bet 365 app pior onda de inflação desde os anos 80 e os eleitores ficaram céticos sobre a capacidade do homem de 81 anos de fazer o trabalho.

Trump varreu as primárias republicanas no início do ano, enquanto Biden iniciou uma campanha de reeleição com argumentos de que Trump era inadequado para o cargo e representava uma ameaça à democracia e à liberdade reprodutiva.

Mesmo com a condenação de Trump bet 365 app maio por acusações de fraude empresarial e três casos criminais pendentes contra ele, as pesquisas mostraram que Biden nunca obteve uma vantagem clara sobre Trump, especialmente nos seis estados - Wisconsin, Michigan, Pensilvânia, Nevada, Arizona e Geórgia - esperados para decidir a eleição.

Pior ainda para os Democratas foi a possibilidade de a presença de Biden nas cédulas bet 365 app todo o país danificar as chances do partido de recuperar a maioria na Câmara dos Representantes e manter o controle do Senado, especialmente depois que ele lutou para articular seus pontos e contra-atacar os ataques de Trump bet 365 app seu debate.

Essa nervosidade, pelo menos por enquanto, foi aliviada pela decisão de Biden de desistir e endossar Harris, uma ex-senadora da Califórnia que fez uma tentativa fracassada de obter a indicação do partido bet 365 app 2024, e que seria a primeira mulher negra presidente, bem como a primeira de ascendência sul-asiática, se eleita.

"É mais ou menos como um grande suspiro de alívio", disse Iva King, que co-lidera um grupo do movimento progressista Indivisible bet 365 app Athens, Geórgia. "Muitos de nós realmente apreciamos o presidente Biden. Acho que ele fez um grande trabalho. Mas como muitas pessoas bet 365 app todo o país, depois que vimos o debate, foi como, oh, isso não está parecendo bem."

As pesquisas de opinião públicas realizadas desde que Harris lançou bet 365 app campanha mostraram a vice-presidente com um nível de apoio que o campaigno de Biden não teve.

Uma enxurrada de pesquisas nacionais recentes mostra Harris à frente de Trump nacionalmente, embora nos estados de balanço eles tenham sido menos conclusivos sobre qual candidato está à frente. No entanto, dois grandes prognósticos, Cook Political Report e o Center for Politics da Universidade da Virgínia, anunciaram novas classificações esta semana que movimentaram estados de balanço bet 365 app que anteriormente acreditavam que Trump tinha uma vantagem apertada de volta para a categoria de empate.

Embora Trump tenha números de pesquisa mais fortes do que ele tinha neste ponto há quatro anos, a editora-chefe do Cook Political Report, Amy Walter, disse:

"Pela primeira vez bet 365 app um longo tempo, os Democratas estão unidos e animados, enquanto os Republicanos estão com os pés para trás. Erros involuntários de ambos Trump e seu companheiro de chapa, JD Vance, deslocaram o foco da mídia da idade de Biden para as falhas de Trump. Em outras palavras, a disputa

presidencial passou de uma que era de Trump para perder para uma disputa muito mais competitiva."

O ex-presidente dos EUA começou a caracterizar Harris como muito liberal e se apropriou de posições contra o fracking que ela assumiu bet 365 app bet 365 app campanha de 2024 e de seu papel, sob Biden, bet 365 app tentar restringir o fluxo de imigrantes que cruzam para os EUA a partir do México. O companheiro de chapa de Trump, o senador de Ohio JD Vance, questionou o serviço militar de Walz após bet 365 app seleção esta semana.

Dan Moore, membro do Grassroots Menomonee Falls Area, que está afiliado ao Indivisible, atribuiu a Harris o mérito de energizar os fiéis democratas e mudar a conversa etária de Biden para Trump, que tem 78 anos. No entanto, ele advertiu sobre a potência de atacar a vice-presidente como uma "liberal da Califórnia".

"Acho que isso tem a capacidade de ganhar algum tracção e é apenas algo que eu ouço de pessoas que dizem, 'ela é muito liberal demais para mim'", disse Moore.

Alguns dos argumentos de Trump e Vance recuaram. Trump foi condenado por questionar a identidade de Harris como afro-americana, enquanto Vance está à defensiva após comentários dele desprezando os democratas como "uma turma de mulheres sem filhos e solteiras" ressurgirem. Na quarta-feira, o estrategista republicano proeminente Karl Rove emitiu um aviso público nas páginas editoriais do Wall Street Journal, que são amplamente lidas por conservadores.

"A bilhete Trump-Vance precisa se tornar muito mais disciplinada e se fixar bet 365 app um eficaz linha de ataque contra Harris-Walz que conquista eleitores indecisos e então se mantenha nisso. Se não conseguir alcançar ambos esses objetivos, uma corrida que Trump estava prestes a vencer há três semanas pode ser perdida", escreveu Rove.

Muita coisa pode mudar nos menos de três meses restantes até o dia da eleição e os Republicanos têm outras vias de ataque, incluindo a insatisfação persistente com a inflação, disse Tribbett.

Mas Harris terá mais oportunidades de se reintroduzir ao público, incluindo seu debate de 10 de setembro contra Trump. Mais vitalmente será seu discurso na Convenção Nacional Democrata bet 365 app Chicago mais tarde este mês, onde ela terá a chance de further encher uma base democrata que já foi acendida por bet 365 app candidatura.

"Acho que se ela fizer isso bem, eu acho que ela emergirá da convenção com um impulso", disse ele.
