Reactoonz review

Theme and Storyline

Reactoonz takes you into a strange world of jelly-like monsters presided over by a serenely smiling alien 2 creature. These adorable little critters combine onscreen to make winning combinations for you and in the process fuel the alien's 2 bonus powering energy orbs.

It is a little difficult to work

out what kind of story serves as context for this 2 world, but it is easy to say that it is a world that is a lot of fun to look 2 at and mess around in.

Symbols in Reactoonz

slot take form of various monsters

Graphics, Sounds and Animations

The graphics are

beautifully rendered 2 and come with plenty of flavour animations for wins, bonuses and the many dials and counters which fill up over 2 the course of gameplay. The result is a visual feast in which there is always something to look at and 2 plenty of surprises waiting around the corners.

The music like many slot machines is a bit invasive and repetitive but if 2 you don't like it, it is easily turned off and the rest of the sound design is a delight with 2 all manner of sci-fi whooshes and pings.

Gameplay

Powered by

Play'n'Go software, Reactoonz is one a growing family of slot machines that 2 are making use of the sophistication of computer software to change up the typical reel based slot machine. Here the 2 mechanic is a cascade, where the monsters fall down as tiles onto a seven by seven grid.

Winning combinations – which 2 are made up of any 5 or more matching

monsters that touch horizontally or vertically – are removed from the 2 game and the tiles above them fall allowing opportunities for new combinations to form. If the new tiles trigger another 2 win it all goes into your win for that "spin".

On top of this are

a series of fun bonus features 2 which are described in full below.

Overall the gameplay

works well with the visuals to make for a fun, constantly changing 2 and very flashy slot machine.

Same 4 symbols in 2x2 grid change into Giantoon symbol with a multiplier

Wilds, Bonuses and Free 2 Spins

There are a number of bonus outcomes. Rather

than being triggered by symbols they are triggered by specific game outcomes.

If 2 you

win nothing on a spin, the alien (known as Gargantoon) may drop four to eight wild symbols onto the 2 grid.

There are also a series of what are known as "Quantum Features".

These result from charges which are generated when 2 you win. If you win enough times in one spin to trigger a Quantum feature, they will trigger. There are 2 four Quantum features which have effects ranging from destroying all the one-eyed monsters on the grid, to turning three to 2 six symbols wild at random and destroying the adjacent symbols (see the image for full details).

Bonus features are called Quantum 2 features in

Reactoonz slot machine

Every spin a random type one-eyed monster is selected and

highlighted. If any of the highlighted 2 monsters are part of a win, when they are removed from the grid, they leave behind two Wild symbols.

Wild symbols 2 only appear

when triggered by an event.

You can also win multipliers should four of the same symbol

fall in a 2 square shape. A two by two square results in a large x2 monster called a Giantoon that then occupies that 2 space. The Giantoon counts as four symbols for the purpose of payouts.

Bet Sizes, RTP and Variance

The RTP of 96.51% is 2 more or less the

industry average and so doesn't impress but also doesn't detract.

The game is highly

volatile, rarely paying 2 out much on any given spin but with the occasional monster win.

The maximum win is 4570 times your bet per 2 spin.

Paytable of Reactoonz slot

Bet

sizing is done on a bet per spin system which makes calculating payouts easy but limits 2 the amount of control you have. While this depends on the site you use, the one we tested allowed a 2 range between £/\$/€0.20 and £/\$/€100.00 with a series of fixed bet sizes in-between.

Conclusion

Reactoonz is a fun and stylish slot with 2 a lot going on for those who like their games with constant action.

Behind the lively animation, there

are also a 2 few nice features and as solid RTP.

It is not the best game in its class,

but it does a decent 2 job of it, and seems to be doing well with players given its

popularity.
