Welcome to Sara's Cooking Class: Red Velvet Cake game, a place where culinary dreams come true! Today, you will be joining Sara on a sweet journey as she teaches you how to make a delectable Red Velvet Cake. This delicious treat is not only delightful to taste but also a lot of fun to make!

As a talented chef, you'll follow

Sara's simple step-by-step instructions to prepare your very own Red Velvet Cake. The

game will take you through four exciting activities: preparing the cake dough, baking the cake, whipping cream frosting, and decorating your masterpiece. Are you ready to roll up your sleeves and dive into the wonderful world of baking?

How to Play

Playing

the game is as straightforward as it gets. You'll only need your mouse as the only tool to select tools, ingredients and mix everything.

First, let's start by preheating the

oven to 350°F and lightly oiling and flouring the round cake pan. Then, in a bowl, mix together flour and salt.

Next, you'll create a cocoa paste in another bowl by adding

cocoa powder and beet juice. In a third, larger bowl, combine the butter and sugar, beating it lightly for about 2-3 minutes. Add the eggs, one at a time, beating well after each addition.

Now, it's time to blend all the ingredients together. Add the

flour mixture, buttermilk, vanilla, and the prepared cocoa paste to the large bowl. Mix them together and then add vinegar and baking soda, beating the mixture well.

Pour this

cake dough into the round cake pan and bake it for approximately 30 minutes in the preheated oven. Once the cake is cooled, you get to frost it with a creamy, delectable cream cheese frosting.

There's more you should know!

To prepare the frosting, you will

mix cream cheese and butter in a bowl. Then, add the vanilla and confectioners' sugar, beating it well using an electric mixer until it becomes light and fluffy.

Now comes

the most exciting part - assembling and decorating your cake! With a sharp knife, carefully cut the cake into 3 horizontal layers. Spread some of the cream cheese frosting over the top of the base layer of the cake and repeat this for each layer.

Once the entire cake is covered with frosting, sprinkle red velvet cake crumbs onto the side wall of the cake.

To finish it off, use the cream cheese frosting cone to decorate

your cake and sprinkle on some extra red velvet crumbs. Now, your beautiful, delicious Red Velvet Cake is ready to serve!

And there you have it! You'll have a blast making

your very own Red Velvet Cake, decorating it to your liking, and serving it up for all to admire. So what are you waiting for? Roll up those sleeves and start baking with Sara today!

El sol está afuera, el fútbol está en y los jardines de cerveza están llenos, pero alguien en tu vida probablemente ha renunciado a beber.

La sobriedad está en todas partes; he leído dos largos ensayos sobre el tema la semana pasada. La sobriedad es elegante también: figuró en una lista de "nuevos símbolos de estatus" en *Grazia* (aunque el vino anaranjado también lo hizo; contienen multitudes).

Sober Curiosity

Aunque no soy una *early adopter*, estoy experimentando curiosidad sobria. No tengo un problema con el alcohol: somos más que amigos de Facebook, pero ni siquiera Liz Taylor y Richard Burton. En mis años de formación, tomé antidepresivos que hicieron que mis resacas fueran tan aterradoramente oscuras que me desanimé del alcohol durante una década. Ahora disfruto de un martini sucia o una margarita (ambos vehículos para la única sustancia de la que realmente tengo un problema: la sal), pero soy relativamente "toma o deja". Tomaré un trago si salgo (lo cual casi nunca) y mi esposo y yo tenemos uno los viernes y sábados por la noche, pero no lo extraño cuando no sucede.

Decisión personal

Podría renunciar fácilmente. ¿Entonces debería hacerlo? Un artículo sobre el "proceso profundamente personal" de decidir si beber o no en el *New York Times* cita un gran metanálisis en 2024 que demostró un "aumento estadísticamente significativo del riesgo de mortalidad por todas las causas" para las mujeres que bebían justo debajo de dos bebidas al día o más, y para los hombres que consumían más de tres al día, lo que sugiere que es una obviedad. Pero, como explicó un investigador, expresado en términos de acortamiento de la vida, no es dramático: "Dos bebidas a la semana, esa elección equivale a menos de una semana de vida promedio perdida". Aún así, es mejor dejar de fumar y los nuevos sobrios dicen que su piel es más brillante y tienen más energía; como alguien con la dinámica espumosa de una de esas ranas que se asemeja a un aburrido aguacate, estoy tentada, pero ambivalente.

Razones personales

¿Por qué? No tengo un problema con el alcohol, pero tengo un gran problema con compararme con los demás y, históricamente, con la negación (un trastorno alimentario en mi veintena), y eso puede ser una combinación tóxica: cualquier cosa que tú puedas renunciar, yo puedo renunciar mejor. Me preocupa que esté considerando la sobriedad principalmente por miedo a perderme.
