The frog Wild symbol substitutes for any payable symbol and includes a win multiplier that is applied to all wins involving the symbol. These slippery fellows love to stick around and, for every win, will stay on the reels and increase their multiplier by 1x for every consecutive win they are involved in on the same spin. Fireflies can also appear on the reels and, if a Frog is anywhere in view, it will jump to the Firefly and leave behind a Wild symbol with each Firefly jump leaving behind an additional Wild. Watch out for the Bonus Fireflies which will activate the free spins mode which keeps the activating Frog on the reels for the duration of the feature.

features

Leaping Frog- When a Wild and Firefly symbol are on the reels at the same time, the Leaping Frog feature is activated. During this feature, the Wild will hop to the Firefly and leave behind an additional Wild in the space it jumped from. The Wild will continue to do this until all Firefly spaces have been filled. Duplicate Wilds left behind also contain the current multiplier active when the Wild jumped to the Firefly space. The multiplier on the Wild increases by 1x for each leap made to a Firefly symbol.

Instant Cash Collect- During the base game and free spins modes, Instant Cash symbols can appear on the reels and contain a cash value that is a multiplication of the current bet. Match these with a Wild symbol to have the Wild collect all visible Instant Cash symbols and award their values as an instant cash prize. The Wild symbol also applies its current multipliers to all instant cash values before paying.

Free Spins- Activated when a Wild and Firefly Bonus symbol are both visible on the reels. The Wild will jump to the Firefly Bonus space and award 7 free spins. During the free spins mode, the activating Wild will remain on the reels and continue to trigger the Leaping Frog feature whenever a Firefly or Instant Cash symbol appears on the reels with the Wild increasing its multiplier for every jump made. All Wilds on the reels as a result of the Leaping Frog feature will reset on each spin and the total multiplier will increase for the duration of the feature.
