Sunday Briefing: Artem "veeea" Vezhenkov Wins Third Sunday Million

December 17, 2024 Matthew Pitt Senior Editor

Most online poker players dream of winning the PokerStars Sunday Million. It is a dream that remains unfulfilled for the vast majority of those players. Russia's Artem "veeea" Vezhenkov isn't like most players, he has now won the Sunday Million a staggering three times, with this latest victory bagging him more than R\$140,000.

Artem "veeea" Vezhenkov first won the PokerStars Sunday Million on Nov. 15, 2024 when he outlasted a field of 5,925 players to secure an R\$183,675 prize, which is still his largest cash to date. Less than two years later, on Jul. 9, 2024, Vezhenkov took down his second Sunday Million after being the last player standing from 5,554 entrants; this win banked him R\$166,530. Amazingly, Vezhenkov almost won the Sunday Million on Oct. 28 this year, but fell in third-place for an R\$71,822 score. This weekend, Vezhenkov triumphed over 5,235 opponents to get his hands on another R\$141,494.

It is a remarkable achievement by anyone's standards. One Sunday Million victory is a solid achievement in its own right, two is crazy but three and a third-place finish is quite ridiculous. Vezhenkov defeated the United Kingdom's "WhatA298" heads-up to lock in his third Sunday Million title, resigning the British grinder to an R\$99,292 consolation prize. A huge congratulations to Vezhenkov. If he enters the Sunday Million on Dec. 23, PokerStars may as well just give him the title!

Na contagem regressiva para as Olimpíadas de Paris, atletas de 0 todas as partes do mundo aumentaram seus preparativos para manter bullsbet slot vantagem sobre os concorrentes. Lesão e decisão difícil

Dawson se machucou no dedo anelar 0 da mão direita depois de ser atingido por um taco de hóquei bullsbet slot um jogo de treino apenas duas semanas 0 antes de representar os Kookaburras bullsbet slot Paris, nos Jogos que seriam bullsbet slot terceira aparição olímpica. "Foi uma lesão muito significativa no dedo. Quando as pessoas ao 0 meu redor não dizem nada, você sabe que é muito ruim", explica Dawson para o Sport, bullsbet slot Paris, antes do 0 início dos Jogos.

"As coisas começaram a se mover rapidamente. E tudo o que eu me lembro é que alguém disse: 0 'Precisamos ver um cirurgião plástico'".

A lesão foi tão grave que "o cirurgião disse que era muito sortudo ainda estar pendurado", 0 adiciona.

Dawson, bicampeão olímpico, teve duas opções: os cirurgiões poderiam tentar reconstruir seu dedo colocando um fio nele, o que significava 0 quatro a seis meses de repouso para se recuperar completamente e perder as Olimpíadas – ou eles poderiam remover a 0 parte afetada do dedo.

Dawson, que fazia parte de uma equipe nacional que ganhou prata no Tokyo 2024, optou pela última 0 opção e amputou a parte afetada de seu dedo para garantir que ainda pudesse ter outra chance de glória olímpica.

De 0 volta às Olimpíadas

Em 27 de julho, ele se juntará aos Kookaburras para enfrentarem a Argentina apenas nove dias depois de 0 se machucar.

"Isso deu a melhor chance e a melhor oportunidade de jogar aqui. Se não tivesse tomado essa ação, não 0 estaria aqui", diz Dawson sobre bullsbet slot cirurgia, que ele descreve como tendo dado a ele "a melhor perspectiva" para a 0 vida.

"Estou muito afortunado por ainda ter o máximo possível de dedo", adiciona.

"Houve um carrossel de emoções nos últimos 14 dias 0 sem saber realmente. Entrando bullsbet slot meus Jogos Olímpicos e inicialmente pensando que isso seria tirado de mim. Mas então tudo 0 voltou muito rápido. E agora, estou na melhor posição para estar aqui apenas 48 horas antes de nosso primeiro jogo, 0 o que é muito emocionante", diz.

"Estou ansioso pela oportunidade de, acho que este grupo está se construindo para algo muito 0 especial. Nós estávamos muito perto bullsbet slot Tóquio. E acho que há esse desejo ardente e a vontade dentro do grupo 0 de continuar a nos empurrar e ganhar esse título elusivo", adiciona.
