Some deposit options have no minimum requirements and instantly add credit to your Bwin 2 account. Deposit a maximum of £70,000 via bank transfer. No fees are charged.

Before you begin playing, it's always best to 2 be familiar with Bwin's terms and conditions since they vary from country to country.

For example, suppose you deposited £90 via 2 PayPal and won £150, you would be required to withdraw £90 of the balance to your PayPal account. Once withdrawn, 2 other withdrawal methods would become available.

It's also worth being aware that not all deposit options will be available as withdrawal 2 options. It would be best if you also made yourself familiar with the closed-loop policy, which is a set regulation 2 requiring you to withdraw winnings via the method used to deposit funds - to at least the amount deposited.

After contacting 2 Bwin customer support, clearing our cache and trying a different browser (as advised), no additional payment options appeared. Bwin customer 2 support advised us that UK customers can deposit using the methods listed on AceOdds, and you should contact them if 2 they are not showing in your account.

Here at AceOdds, we've reviewed the Bwin terms and conditions to create a list 2 of possible deposit and withdrawal methods. When creating your account, you may notice that not all those options are listed. 2 When we opened our account, we found that only four deposit options were available.

You may not be asked at the 2 point of account creation, but if you want to be able to withdraw money from your Bwin cash balance, you 2 will need to verify your account. We've created this guide to help you do this quickly and easily.

You'll find that 2 some offers provide Bet Credits as opposed to cash winnings. If you're new to online betting, you should know that 2 Bet Credits must be played and cannot be withdrawn.

Check out our article for more information on withdrawing funds from 2 your Bwin account .

Whether you already have an account with Bwin or are yet to open one, visit AceOdds and 2 take advantage of the available sign up offers .

## Google Pay

Only available when using the Bwin app on your Android or 2 Tablet. Funds reach your Bwin balance instantly with no minimum or maximum deposit listed.

If you're an Android user and prefer 2 to limit the number of places where you store your Debit Card details, Google Pay is a great option. Available 2 for making deposits with Bwin Sports, Poker, Casino and Bingo apps, it's quick and easy when you're on the go.

You 2 can store more than one Debit Card with Google Pay and select from which to deposit. Remember that you'll need 2 to return any winnings to that card too.

## Apple Pay

Available from your Mac and compatible Apple devices. Money is transferred instantly. 2 Bwin set a minimum deposit limit of £5 and a maximum of £2,000.

Apple Pay does for Apple products what Google 2 Pay does for Android. However, unlike Google Pay, you can deposit via Apple Pay using your Mac. If you use 2 an iOS product, you're limited to using the mobile web in safari, not chrome or any other browser. If you 2 don't see Apple Pay listed, it's possible that your model doesn't support it with Bwin.

Although the maximum deposit limit set 2 by Bwin is £2000, it's also worth noting that Apple Pay limits transactions to £10,000 over one week.

## Debit Card

Deposit a 2 minimum of £5 and a maximum of £2,000 into your Bwin account instantly.

Bwin accepts Visa, MasterCard, Maestro and Visa Electron 2 with a minimum deposit limit of £5. For many, Debit card transactions are preferred because they're safely stored with Bwin 2 for future use.

Although Debit Card transactions can be instant, your bank ultimately approves the transaction, which may sometimes cause a 2 slight delay.

You can also change your Debit Card as and when needed. Make sure you keep the closed-loop policy in 2 mind if there are funds to withdraw.

## Luxon Pay

No minimum or maximum deposit limit is set. Funds are instantly transferred to 2 your Bwin account.

Have you heard of Luxon? It's yet another e-wallet available in a very competitive market. Bwin may prefer 2 Luxon for not charging any fees, but it's also a payment option that may not be listed when you first 2 create your Bwin account.

Setting up a Luxon account is easy and can be done via their website. It's great if 2 you need to make payments elsewhere because it allows you to hold funds in different currencies. If you do not 2 see this option available, contact Bwin for support.

## MuchBetter

Instantly deposit a minimum of £5 and a maximum of £1,553.75 into your 2 Bwin account. Deposit in GBP, Euro or USD.

MuchBetter is another e-wallet that's growing in popularity. It differs from others on 2 the market because it's linked to your mobile number instead of your email. As such, ensure the mobile number registered 2 with Bwin is the same as that registered with MuchBetter.

Bwin will populate the MuchBetter payment field when you start the 2 deposit with the mobile number stored. The number cannot be changed, so ensure they match.

## Instant Bank Transfer

Funds clear instantly with 2 the minimum deposit limit set at £5 and the maximum at £5,000.

Instant Banking uses open banking protocols to transfer funds 2 directly from your bank account to Bwin, you can deposit up to £5,000 in this way.

## Neteller

Deposit a minimum of £10 2 and a maximum of £50,000 with Neteller. Funds can clear instantly, and no fees are charged.

Neteller is another platform operating 2 as an e-wallet. However, unlike others on the market, with Neteller, you can also apply for a cash card.

Bwin does 2 not specify that Neteller cannot be used in the UK and lists GBP as an accepted

currency. However, when we 2 created our Bwin account, it wasn't listed as an option we could select. When we contacted Bwin via Live Chat, 2 they advised that there was no reason for this option not showing in our account.

#### PayPal

Instantly deposit a minimum of £10 2 and a maximum of £2,000 from your PayPal account. No fees are applied, and there's no need to store card 2 details with Bwin.

Probably the most common e-wallet and one that will be available to new customers. The benefit of using 2 e-wallets is that you can choose to fund them via more than one bank or Debit Card, giving more flexibility 2 when withdrawing.

Another perk with the e-wallets is that you never have to add card details to Bwin. Also, it doesn't 2 matter if the email registered with your Bwin account differs from that registered with your PayPal account. As a bonus, 2 if you click to say you approve the PayPal Billing Agreement, once you've completed the first transaction, you won't ever 2 be asked for secondary approval again.

#### Paysafecard

Deposit a minimum of £5 and a maximum of £1000 with your Paysafecard. Funds are 2 transferred instantly, and no fees are applied.

The Paysafecard is a prepaid card that you top up by purchasing cash vouchers. 2 You can then use it to shop online. It's widely accepted with online gaming sites and is the closest thing 2 you'll get to using a credit card - which is no longer permitted on any gambling sites.

It's easy to apply 2 for a Paysafecard which you can then top up as and when needed by using vouchers. It's also possible to 2 withdraw back to your Paysafecard, and funds can be used elsewhere.

#### Skrill

Deposit a minimum of £10 and a maximum of £10,000 2 into your Bwin account instantly. Note, not for MasterCard deposits.

In their terms and conditions, Bwin flags something essential. That you 2 cannot fund your Bwin account via Skrill if you used a MasterCard to fund your Skrill account.

Skrill is another e-wallet 2 favoured for offering an extensive range of currencies and low-fee transactions. Don't worry, though. As with the other e-wallets, no 2 fees are passed on to UK customers.

#### Skrill 1-Tap

Deposit a minimum of £10 and a maximum of £10,000 into your Bwin 2 account instantly, without secondary authentication. Note, not for MasterCard deposits.

Skrill 1-Tap works on the same terms as Skrill. However, like 2 PayPal, where you can tick the billing agreement and avoid the second stage of authentications. Skrill 1-Tap does the same.

#### Trustly

Deposit 2 a minimum of £5 and a maximum of £776.87 using Trustly. Funds reach your Bwin account instantly.

Trustly is an account-to-account 2 platform that speeds up the bank transfer process, making something that can take up to three days instant.

You'll also find 2 some of the newer banks like Monzo included in the Trustly transfer option, not just the mainstream, high street banks.

#### Promo 2 Code

No minimum or maximum limit. Enter your promo code and instantly top-up funds.

If you received a promo code voucher as 2 a prize for a competition or giveaway, you could use it to add funds to your Bwin account.

There's no maximum 2 or minimum amount, just input the 12-digit voucher code, and you're good to go. Remember that you won't be able 2 to withdraw using this method, and any funds added via the PromoCode feature will be Bet Credits.

#### How to Deposit Funds

While 2 creating this article, we spent some time using the Live Chat feature with Bwin to establish why many of the 2 above methods were not available to us as deposit options.

Having been told there were no restrictions on our account, we 2 opened Bwin in Safari and

Chrome and still got the same results. We would still recommend contacting Bwin for support 2 if your preferred payment method should be available but isn't presented as an option.

#### Accessing the deposit options on Bwin

As pictured, 2 the Deposit icon is situated at the top of the page and will remain there no matter what screen you're 2 on. You'll also get a view of your available balance, which will be made up of cash and credit.

#### Selecting a 2 deposit option at Bwin

As mentioned above, more deposit options should be available to UK customers than those shown in the 2 image above. Having contacted Bwin, support is available if deposit methods are missing. However, if one of the popular payment methods 2 shown is your chosen deposit method, click on it and follow the steps.

#### Always Bet Responsibly

##### Setting Limits

When you open your Bwin 2 account, one of the first screens you'll see is the option to set deposit limits. You can choose to set 2 a limit or have no limit at all at this point, but it's easy to get back to the option 2 if you feel that you need it.

##### Setting your deposit limits at Bwin

The Deposit Limits link is available from the Deposit 2 screen, meaning you can think about it when making a new deposit. Deposit Limits are a safer gambling tool, allowing 2 you to set daily, weekly or monthly deposit limits. It aims to keep you gambling within your means.

There are no 2 restrictions on lowering your deposit limit and limiting what you spend. However, if you request to increase or remove the 2 limit you set, there's a 24-hour wait for this to happen.

This is done so you can think about whether 2 it's a good decision and gives you a chance to change your mind.

##### Finding the Bwin Safer Gambling features

The Safer Gambling 2 link is available on every screen, taking you to the other options available to ensure your gambling remains safe. As 2 well as being able to set a Deposit Limit, you can also set a Stake Limit and a curfew from 2 this screen.

The Curfew is an interesting feature because it stops you from placing bets at certain times, for example, at 2 weekends or after a specific time in the evening.

Reality Checks are also safety features you'll find here, which are great 2 if you're playing a game instead of placing bets on a sport. It's easy to lose track of time and 2 spending, but when you set a Reality Check, Bwin will prompt you to consider stopping play after a set amount 2 of time.

Similarly, the Play Break feature allows you to decide how long you remain in continuous play, which constitutes 2 placing one bet every five minutes. You can set your continuous play limit from one to three hours, and Bwin 2 will warn you when your limit is approaching.

Other standard safety features are Time Out, where you can prevent yourself from 2 placing bets from 24 hours to six weeks; Self Exclusion, from six months to five years; and finally, account closure.

If 2 you need to take a step away from gambling and need help, the better option is to use the Self 2 Exclusion feature instead of closing your account. Closed accounts may be reopened, but you cannot change the Self Exclusion period.

##### Unaccepted 2 Payment Methods

Other than the fact that not all available options may show in your account, Bwin offers a great variety 2 of options.

E-wallets - The only e-wallet not accepted by Bwin is Rapid Transfer. However, given the speed and efficiency of 2 the other e-wallets, this isn't much of a hindrance.

Dedicated Card - Bwin isn't 2 alone in not offering a dedicated cash card.
