#### 4.1 Live Betting

In live betting, gamblers have the opportunity to place the bet while the game is in progress (being played). It is also referred to as in-play sports betting. Here, they can place on outcomes as they happen. For instance, in football, these outcomes include the next goal, the next substitution, etc. One good thing about live betting is that gamblers can correct their mistakes, making their bet more accurate.

#### 4.2 Streaming

Streaming is the feature that allows bettors to access a live sporting event on the mobile iOS App via the internet (online) in real-time. This feature allows for watching sports events without subscribing to cable TVs

#### 4.3

#### Convenience

Convenience is an important feature in iOS applications as these apps simplify things for online users. iPhone and iPad users are certain that their data will be stored locally. For this reason, they can regularly retrieve their locally saved data with ease and on time.

#### 4.4 Fast Search

iOS apps are designed to facilitate fast search by users, thus reducing time-wasting that is usually caused by buffering. Bettors like the fast search feature as it is critical, especially when betting live. Fast search has advantages such as showing results according to product type, indicating the most relevant results, and continuous scanning.

#### 4.5 Live Alert

Live

alert is the feature that brings the latest updates on live sporting events to the iOS apps and provides notification on the mobile phone. Through this feature, gamblers have access to the events as they unfold thus have the latest news and results regarding a particular match.

#### 4.6 Special Bonuses

The special bonus is a feature available in some iOS apps where the users are awarded free rewards and attractive offers for using a particular app. Special bonuses are created to attract many users while retaining the existing ones and promoting some brands.
