## Expressão "feelgood" é um indicador de conteúdo alegre e positivo, mas também funciona como imperativo

The expression "feelgood" generally indicates happy and positive content, but don't forget that it can also be used as an imperative. In other words, you should feel good about this film, or your admirers will be very annoyed and maybe even call you names. This could be the case of this comedy-drama Mexican film about an unconventional professor (interpreted in a winning way by Eugenio Derbez); it is a film that a certain group of spectators will love so passionately that those who suggest it is fundamentally manipulative and without shame of being sentimental can suffer the consequences.

Nevertheless, one cannot deny the abilities of director Christopher Zalla and the cast, which explains why, in the end, Radical wins the bitter tears of joy that even the grumpy ones. Zalla co-wrote the script with Laura Guadalupe, working from an article from 2013 in the magazine Wired about a real professor and his students called A Radical Way of Unleashing a Generation of Geniuses.

### Um roteiro baseado download ggpoker história real

Despite the credentials based on download ggpoker real history, the script is tense like a piano, with provocative incidents like steel cables between coincidences, ironies and tragedies. The character of Derbez, Sergio, goes to a failing school in the border town of Matamoros, Mexico, and immediately starts with the inspirational style of Captain! My Captain! of the Dead Poets Society, inspiring his students to think for themselves. Naturally, this bothers the local authorities, who only care about exam results, as well as the many poor parents who need their children to finish the sixth grade and then go home - in the case of a situation, to help create the new brothers for the mother to continue working download ggpoker a factory and help at the sanitary where the family makes a living with recycled waste.

This last situation is the one that affects the serious young girl Paloma (Jennifer Trejo), but Sergio notices that the girl has a mind that is extraordinarily beautiful and a natural talent for mathematics. Will he be able to help her stay in school, together with the young and handsome Nico (Danilo Guardiola), a boy who carries a torch for Paloma, but who is being pressured to join the local criminal gang with which his brother is now the leader.

All the results seem predestined, until a dramatic arrival at the exam room. But Zalla refrains from making the music excessively lamentable, and there is a "arduino" quite decent and dark in the margins to enrich the story. While this, he manages to capture the delicious performances of the young people: not too knowledgeable or from drama school, but still full of feelings, especially the talented Guardiola.
