GAME OBJECTIVE:

Sportingbet Blackjack Pro is a variant of standard Blackjack that features the Perfect Pairs and 21+3 side games. This game allows you to play up to five hands of Blackjack at once, one after the other during game play. The objective is to accumulate cards to get a total of 21 or as close to 21 as possible, without going over 21. The value of a hand is the sum of the point counts of all the cards in the hand.

HOW TO PLAY THE GAME:

This game can be played with up to five hands. In order to play, you must place a bet on at least one of your hands. Every hand may have a different bet amount.

To place a bet, click on a chip in the bottom left of the screen to select your chip value. Click on one of the available betting areas (the 5 larger circles) to place the bet. Every click increases your bets by the value of the selected chip.

Side bets can be placed on the 'Perfect Pairs' or the '21+3' betting areas under any of your hands to the left or right respectively, as well as on the 'Dealer's Pair' betting area near the Dealer's hand. In each game round, you can place one 'Dealer's Pair' side bet, and a 'Perfect Pairs' and '21+3' side bet for each of your own hands that has a regular bet placed on it.

You can click CLEAR BETS to remove all bets from

the table.

Clicking DOUBLE doubles every bet you have placed on the table.

Click UNDO

to remove the last bet made from the table.

The minimum and maximum bet limits

personalised to your account are shown at the top of the table. If there are a range of limits available for a given table, these will be displayed in the lobby or when the game is loaded.

Click the DEAL button to deal the cards. 2 cards are dealt to each of the player's hands for which bet was placed and to the Dealer's hand. The cards are dealt clockwise, one at a time to each hand in turns, with the first card going to the rightmost player hand. The last card goes to the dealer hand and is dealt face down. If

you are playing more than one hand, actions are taken for each hand separately, starting from the rightmost hand, once the cards have been dealt.

If the Dealer's face

up card is an Ace, you are offered insurance. Click ACCEPT to insure one hand at a time against the dealer having Blackjack or click DECLINE for each hand if you do not want insurance. As soon as ACCEPT or DECLINE button is chosen, APPLY TO ALL button will not be shown for the remaining hands. To accept or decline insurance for all the hands at a time, toggle the APPLY TO ALL button to Green color and then click the ACCEPT or DECLINE button. This is also applicable for the "EVEN MONEY?" scenario.

If your first

two cards have the same value, you can split your hand by clicking SPLIT.

Click HIT to

request another card or click DOUBLE to double your bet and receive a third card. If you do not want any more cards, click STAND.

Please note that Insurance, Double and

Split require an additional bet. If your balance does not have enough money to cover these expenses, you will need to deposit more money to use these options.

When you have

played your final hand, the dealer then reveals the Dealer's face down card and may draw additional cards, in accordance with the rules.

When the dealer has stopped taking

cards, each of your hands is compared to the Dealer's hand. If your hand has a higher value than the dealer's and has not exceeded 21, you win with that hand.

If any hand

value reaches 22 or more, it is bust and automatically loses.

If you want to play

another round, place bets as described above or click REBET to place the same bets as in the previous round, then click DEAL to deal the cards. Click REBET & DEAL to place the same bets as in the previous round or DOUBLE & DEAL to place doubled bets of the previous round and deal cards immediately.

BET : The total bet amount is shown in the BET meter at the bottom left of the screen.

BALANCE: Your remaining game balance, after you have placed the desired bet, is shown in BALANCE meter i.e. the current game balance minus the total bet placed.

WIN : The total win amount is shown in the WIN meter at the bottom right of the screen.

Besides 24, of course... In short, 21+3 Blackjack is simply a side bet that you can place alongside your main bet in Blackjack games. Based on three-card poker hand rankings, 21+3 Blackjack bets can potentially lead to much larger wins than a normal Blackjack hand. About the 21+3 Side Bet You will find 21+3 Blackjack offered at a variety of online Blackjack tables, but most commonly in a game of standard Blackjack with six to eight decks.
