conteúdo:

Swedish software firm Play'n GO . The company has been bagging awards for its innovative, fun approach to slots for many years. With European Roulette Pro , the developer turns its attention to the different medium of table games.

How to play

How

If you place a R\$5 bet on a single number in roulette and that number hits, you will typically win \$175. This is because the payout for a successful single-number bet (also known as a "straight bet") in American roulette is usually 35 to 1.

[paysafecard roulette](#)

Say a single-number bet has a 35:1 payout, and you bet R\$1. If you win, you'll get your money back plus R\$35. Another example: If you win a R\$100 bet (for a 35:1 payout), you get a total of \$3,600 (\$3,500 profit plus the R\$100 you initially bet).
