One possibility is that the 'bet with mates' feature was not generating enough revenue for the company. While allowing users to bet with friends can create a more social and engaging experience, it may not have led to an increase in overall revenue for Sportsbet. Additionally, the feature may have been underutilized by users, making it difficult for the company to justify the cost of maintaining and improving it.

Another possibility is that the 'bet with mates' feature was causing compliance or regulatory issues for Sportsbet. Online gambling is subject to strict regulations in many countries, and Sportsbet may have determined that the feature was not in compliance with these regulations. Alternatively, the feature may have created issues related to responsible gambling, such as enabling users to bet beyond their means or placing pressure on friends to bet more than they are comfortable with.

Finally, it is possible that Sportsbet is simply using this pause as an opportunity to reassess and improve the 'bet with mates' feature. The company may be gathering user feedback and analyzing data to determine how the feature can be improved and relaunched in a way that addresses any issues or concerns.

Overall, the pause of the 'bet with mates' feature on Sportsbet is likely due to a combination of factors, including revenue, compliance, and user experience. As the online gambling industry continues to evolve and become more competitive, companies like Sportsbet will need to be agile and responsive to changing user needs and regulatory requirements.
