conteúdo:

Five-card draw (also known as Cantrell draw) is a poker variant that is considered the simplest variant of poker, and is the basis for video poker. As a result, it is often the first variant learned by new players. It is commonly played in home games but rarely played in casino and tournament play. The variant is also offered by some online venues, although it is not as popular as other variants such as seven-card stud and Texas hold 'em.

Gameplay [ edit ]

In casino play the first betting round begins with the player to the left of the big blind, and subsequent rounds begin with the player to the dealer's left. Home games typically use an ante; the first betting round begins with the player to the dealer's left, and the second round begins with the player who opened the first round.

Play begins with each player being dealt five cards, one at a time, all face down. The remaining deck is placed aside, often protected by placing a chip or other marker on it. Players pick up the cards and hold them in their hands, being careful to keep them concealed from the other players, then a round of betting occurs.[1]

If more than one player remains after the first round, the "draw" phase begins. Each player specifies how many of their cards they wish to replace and discards them. The deck is retrieved, and each player is dealt in turn from the deck the same number of cards they discarded so that each player again has five cards.

## **As Rajasthan villages dry up, indios convierten camiones en heladerías móviles**

Los pueblos yesqueros de Gangapur, en el estado desértico de Rajasthan, tienen una nueva temporada en su calendario. Entre noviembre y febrero, los talleres de carrocería a lo largo de la milla larga de mercado polvoriento abren antes del amanecer, los recipientes de acero inoxidable para alimentos se exhiben y los comerciantes almacenan chocolate y jarabes de fresa.

Llegado marzo, los lugareños comienzan a prepararse para emigrar. En los talleres, se convierten miles de vehículos en furgonetas para la venta de variedades de helado, desde el helado condensado con leche sazonado con cardamomo hasta el de chocolate, vainilla y pistacho, mientras que los campesinos locales convertidos en fabricantes de postres tienen sus viejas camionetas miniatura.

El negocio de los helados se ha convertido en una tabla de salvación para los lugareños del noroeste de la India, ya que décadas de escasez de agua han arruinado las cosechas y los medios de vida familiares.

### **Un nuevo sector laboral**

El negocio de los helados ha generado una industria completa en la misma ciudad, dando como resultado una rareza: empleos. El número de talleres de reparación de vehículos y tiendas que venden artículos para heladerías ha aumentado de 50 en 2024 a unas 500 hoy en día.

### **El viaje de los helados**

Cada año, se estima que 50 000 camiones se convierten durante la temporada de cuatro meses. Incluso los impresores locales contratan personal para producir carteles de escúpulas de helado contra un fondo de templos y guerreros locales.

Hay unos 140 millones de migrantes internos en la India: personas que abandonan sus hogares en busca de trabajo en obras de construcción, fábricas o como trabajadores diarios en otros estados. Su decisión de emigrar suele tener raíces en las cada vez más graves pérdidas climáticas en sus lugares de origen.
