Second prizes up to R\$5

million!

Mega Millions® is the only big jackpot game where second prizes can be as high as R\$5 million if the player has purchased the optional Megaplier® (a R\$1 additional purchase available in most states). That prize level was established when the game's matrix changed on October 19, 2013. Since that date, there have been 1,520 Match 5 winning tickets worth R\$1 million or more, and they have been won in almost every jurisdiction in which the game is sold.

Not surprisingly, larger states such as

California and New York have had the most Match 5 winners simply because they sell the most Mega Millions tickets, but million-dollar prizes have also been won in many jurisdictions with the smallest American lotteries, such as Delaware, Idaho, Kansas, Maine, Nebraska, New Hampshire, New Mexico, North Dakota, Oklahoma, Rhode Island, South Dakota, Vermont, West Virginia, Wyoming, the District of Columbia, and Virgin Islands.

Of those 1,520 winning Match 5 tickets, 249 have been worth more than R\$1 million because they included the optional Megaplier. Thirty-four were worth R\$5 million, 54 were worth R\$4 million, 69 were worth R\$3 million and 92 were worth R\$2 million.

Texas has been the luckiest big-money Megaplier state, with 41 winning tickets sold valued at R\$2 million to R\$5 million. Florida is next with 32 Megaplied Match 5 winning tickets sold. Texas was the first to introduce the Megaplier option when it joined the game in December 2003.

Mega Millions has provided the two smallest American lotteries with the biggest prizes in their history thanks to Match 5 with Megaplier prizes – North Dakota had a R\$3 million winner in May 2024 and again in March 2024, while Wyoming had a R\$5 million winner in March 2024. And in August 2024, there was a R\$3 million winning ticket sold in the Virgin Islands.
