Heads-up poker is often mentioned in conjunction with popular types of the game such as Texas Holdem or Omaha. Unlike those variants it isn't actually a type of poker game itself. Instead it's a way of playing them. Intrigued?

What is heads-up poker?

Heads-up poker refers to any form of the game in which the hand is played out between just two players. Head-to-head poker in other words. Virtually any type of poker can be played heads-up. Hands progress according to the rules of the specific type of poker you're playing heads-up, just as they would do were more players involved. However, there are some heads-up adaptations in community card poker games such as Texas Holdem (see how to play, below).

Games of poker can become heads up when just two players remain at the table at the start of a hand, while heads-up tournaments are popular at online poker sites.

With only one opponent to beat, competitors have a high chance of winning each hand regardless of what they are dealt and tend to play aggressively as a result. Similarly, with only one opponent needing to fall for your bluff, bluffing is more likely to be successful.

How to play heads-up poker

As mentioned above, the rules for many forms of poker don't change when playing heads-up. If you're new to poker check out our how to play poker section for an introduction to the game and links to how-to-play guides for Texas Holdem, Omaha and other types of poker.

There is one key adaptation when it comes to playing community card poker games such as Texas Holdem and Omaha heads up, which see the normal position of the small and big blinds reversed.

In poker games other than heads-up the small blind is posted by the player positioned clockwise from the dealer (or nominal dealer in online poker). The big blind is posted by the player to the left of the small blind.

The first round of betting begins with the player who sits to the left of the player who posted the big blind and all subsequent rounds of betting begin with the player who posted the small blind. However in heads-up play, the dealer posts the short blind and their opponent posts the big blind. Why is the position of the blinds reversed in heads-up poker? Basically to ensure fairness. If the position of the blinds wasn't reversed in heads-up poker the player who isn't dealing would get to act first in the betting rounds both before and after the flop because there are only two

players involved. This would give them an advantage.

Turquia suspende el comercio con Israel: un panorama de la creciente aislamiento internacional de Israel

Turquía ha suspendido el comercio con Israel. El tribunal mundial está considerando si los líderes israelíes han cometido genocidio. Las protestas han inundado ciudades y campus de todo el mundo. Irlanda e España han anunciado que reconocerán a Palestina como estado para fin de mes.

Incluso los Estados Unidos - el aliado y benefactor más cercano de Israel durante mucho tiempo - están amenazando por primera vez desde el comienzo de la guerra con retener ciertos envíos de armas.

Siete meses después de que la mayoría del mundo prometiera su apoyo a Israel tras un ataque terrorista liderado por Hamas, el país se encuentra cada vez más aislado. Con una guerra que ha matado a más de 34.000 palestinos y tiene a Gaza al borde de la hambruna, cualquier simpatía internacional que Israel acumuló el 7 de octubre ha desaparecido en gran medida.

De mayor preocupación para Israel: las relaciones con los EE. UU. se están estirando. El presidente Biden, anteriormente discreto sobre sus expectativas de que Israel limite las muertes civiles y aumente el acceso a la ayuda humanitaria, se ha vuelto más vocal en un año electoral bajo la presión política bipartidista. Esta semana, el Sr. Biden dijo que EE. UU. está reteniendo la
