Roulette is an intriguing game that is played throughout the world. The large payoffs that are possible for small wagers stimulate the interest of the expert as well as the novice player, playing Roulette in Vegas.

The rules of Roulette - different players use different colored chips so the bets are not confused. The value of your chips is determined by the price you pay for them. When you're done playing make certain to redeem your chips at the same table you were playing at. Once you leave that table no one will know the value of your chips.

Each spin of the wheel provides a multitude of options for the player. A player may bet on single numbers, rows of numbers, or on adjacent numbers. A player also may play colors, odd or even numbers, among others. A bet on a single number pays 35 to 1, including the 0 and 00. Bets on red or black, odd or even pay 1 for 1, or even money.

We're proud to offer Roulette in three variations. In addition to our popular American-style Roulette game with 36 numbered slots, a 0 and a 00, we also offer our European Roulette, which has a single 0 along with the standard 36 numbers, and is a favorite among our international customers. We also offer an exciting new version, where an additional betting option is added.

The diagram indicates the Roulette rules payout for single chip bets and the many combinations available to you. The dealer will be happy to explain any of them. The exact placement of the chips determine the bet being made. Each player is responsible for the correct positioning of their wager on the layout regardless of whether the bet is placed by the dealer.

PLAY LIVE SPIN & WIN ROULETTE AT BETFAIR CASINO

What is Live Spin and Win Roulette? Ever wondered what you would get if you merged a roulette wheel with some of the best spin to win slots features? This game features in our live casino, run by our talented live dealers and is based on European Roulette - but with an added multiplier. If you've played Quantum Roulette and Lightning Roulette before - this is similar. Except the other games have up to five multipliers on five different numbers, and Spin and Win Roulette has one multiplier applied to every single number on the grid (straight up bets). This can range between 17x and 99x your bet.

With so many possibilities to win roulette, this is as thrilling as the game gets! Come and try a few roulette spins at Betfair Casino.

LIVE SPIN & WIN RULES: HOW DOES IT WORK?

Each game starts with a betting round and a 20-second betting timer ticking down. You can place your bet anywhere on the grid. Either straight-up single bet or bets, odd/even, black/red, and so on. Just remember only straight-up bets qualify for multiplier wins. And the multiplier is applied

randomly by the Random Number Generator (RNG) of the game - so neither the live casino nor dealer has anything to do with it.

When all players' bets are locked in and the timer has finished, the live dealer will spin the roulette wheel. The ball will spin and spin and once it lands in the winning number pocket, all winning bets will be settled. And of course, multipliers will be paid out accordingly. Then bets will start being taken for the next round with the timer, and on it goes again.

Take the best of roulette, combine it with our live gaming technology and sprinkle in an innovative bonus feature and you get something truly impressive. Known as Live Spin & Win Roulette, this game takes the concept of spinning and winning to a whole new level!

Software Provider: Playtech

It costs between one and 100 coins to play Live Spin & Win Roulette. The game itself is based on European roulette, which means there are 37 numbers to choose from. In line with the traditional format, you can choose to bet on groups of numbers or single numbers (0-36). Assuming you opt for former, standard payout rules apply:

Two-number split = 17:1

Street (three numbers) = 11:1

Corner (four numbers) = 8:1

Line (six numbers) = 5:1

Column/Dozen = 2:1

1-18 (low/19-36 (high) = 1:1

Red/Black = 1:1

Odd/Even = 1:1

However, if you bet on a single number, that's when the magic happens.

FEATURES AND HOW TO PLAY LIVE SPIN & WIN ROULETTE

The defining feature of Live Spin & Win Roulette is the fact you can win prizes worth up to 99:1. Basically, when you bet on a single number (a straight-up bet), you've got the chance to win between 17:1 and 99:1 on your money thanks to a multiplier.

In a traditional game of roulette, the payout on a single number win would be 35:1. However, this is Live Spin & Win Roulette. Before the dealer spins the roulette wheel, a special bonus wheel spins. This reveals a multiplier that's then applied to all numbers.

For example, if the bonus wheel showed 50X, that means all single-number wins will be worth 50:1. That, in a nutshell, is what makes Live Spin & Win Roulette such an exciting and potentially lucrative game.
