IGT (International Game Technology) Slots

They don't really come any bigger than IGT. International Game Technology boasts around half the slot 4 machines in US casinos, and their online output is impressive enough to suggest the developer isn't just a land-based player. 4 In fact, there are few slots manufacturers around today that have so completely cornered both live and online markets.

The slots 4 world was shocked by the firm's takeover by GTECH in 2014 but it did nothing to change the reputation of 4 a firm that's undergone many alterations and takeovers but has remained a major player across the world.

From popular land-based slots 4 (some times called Vegas Slots) to the biggest progressives around, and online slots that keep the welcome bonus hunter occupied, 4 things don't look like slowing down anytime soon for IGT.

About IGT

IGT started out life as A-1 Supply, developing video poker 4 and blackjack games, and slot machines. Founder William "Si" Redd changed the name to SIRCOMA (an abbreviation of Si Redd 4 Coin Machines) and went public as International Game Technology in 1981.

Incredibly, sales of the firm's machines rose from a few 4 million bucks in 1975 to overR\$60 million just seven years later, IGT boasting about 90 percent of the video gaming 4 market in Nevada.

It wasn't until 1986 that IGT's technological revolutions sent the company into the stratosphere.

The firm developed the Player's 4 Edge Video Poker machine as well as one of the first microprocessor-operated machines - the S-Slot - while also investing 4 in lottery ticket terminals in some US states.

By the late 1980s, IGT controlled the market share and celebrated its position 4 by introducing the Megabucks slot machine in 1987. The world's first progressive jackpot slot allowed players to connect across networks 4 and multiple casinos to create some truly 'mega' jackpot prizes.

In the late 1990s, IGT focused its attentions on the British 4 market with a buyout of Barcrest Gaming, in one fell swoop snapping up the giant of the UK fruit machine 4 market.

The 2005 acquisition of WagerWorks provided IGT with the platform it needed for the growing online slots market. It enabled 4 the US player to bring a lot of its popular land-based slots to the online casino world.

But amid an era of takeovers and mergers, it was the giant's acquisition by Italian tech firm GTECH in 2014 that really caught the attention. The sale went through for \$6.4 billion (made up of \$4.7 billion cash and \$1.7 billion of debt).

Popular IGT Slots

Let's get down to the business; when it comes to some of the most popular slot machines around, IGT titles are up there.

Wheel of Fortune, and its many variants and upgrades, features a real-life spinning wheel atop the slot machine which is triggered by lining up special symbols on the reels.

Taking the 'wheel' bonus to another level, however, is the big-brand video slot based on the hit Hollywood film, Sherlock Holmes.

Featuring five reels and 30 paylines, actual characters and video footage from the Guy Ritchie-directed film accompanies the play. The wheel spin bonus awards progressive jackpots galore and \$1 million payouts are not uncommon.

Enjoyed in land-based casinos the world over, as well as the best online casino sites, Cleopatra is the Egyptian-themed slot to end all Egyptian-themed slots (sorry, Book of Ra).

Five Cleopatra symbols on a payline triggers a 10,000-line bet jackpot, while a free spins bonus awards 15x multiplier.

Da Vinci Diamonds, meanwhile, is the online slot that casinos never tire of using to attract new real-cash depositors. The game features IGT's trademark 'Tumbling Reels' where winning combinations disappear to allow symbols above to fall into their place. In both land-based and online casinos, the Da Vinci Diamonds Dual Play format features two game screens where symbols 'tumble thru' the top set of reels onto the bottom one.

Elsewhere, IGT's Multiway Xtra range of slots like Siberian Storm offer something different - and 72- possible paylines - but newer slots like Bubble Craze have tapped into a desire from slots players to see something a bit different in the lobby.

One of a new breed of arcade-style slots, Bubble Craze is played over a honeycomb-style set of reels where 'bubbles' rise from the bottom to form connecting paylines.

Progressive Jackpot Games

Where do you start but with Megabucks? Developed in the 1980s as the first progressive jackpot 'wide area' slot machine to carry a \$1 million jackpot, it quickly became popular with slots players across the US.

The game has been responsible for some ridiculously big winners, but perhaps none bigger than the software engineer who bagged a \$39 million jackpot in 2003 playing at the Excalibur casino in Las Vegas.

Other IGT Games

IGT is just about slots. In 1997 the firm introduced its 'MegaSports' system that allowed sports bettors to gamble on sports in Vegas more efficiently. At the same time, it devised computerised systems to keep track of gambling activity on every game in a casino and award personalized bonuses to players - a first.

In 2000 IGT brought out its millionth machine and developed the innovative 'MultiPLAY' machine which allowed players in casinos to play up to four video slots at the same time.

More recently, IGT has attempted a move into the social gaming market with its DoubleDown Casino app. The social casino, available through Facebook, boasts over six million players and features some of the developer's most popular slots like Siberian Storm and Cleopatra. Video poker, blackjack and roulette are also available as part of the Player's Suite.

As máquinas de slots são um dos jogos de casino mais populares do mundo, mas sabia você como elas realmente funcionam? Existe uma percepção comum de que elas podem ser manipuladas, mas a verdade é que elas são projetadas para serem totalmente justas e imparciais.

Uma dessas máquinas de slots modernas usa um mecanismo especial para impedir que elas sejam enganadas por meio do uso de chips de telefone. Mas como elas fazem isso?

Em primeiro lugar, as máquinas de slots têm vários mecanismos elaborados que avaliam exatamente as dimensões e o peso das moedas inseridas. Elas são capazes de canalizar moedas falsas para o bloco de retorno da máquina.

Além disso, as moedas também são passadas por um campo magnético. Com isso, qualquer coisa que não seja uma moeda autêntica será imediatamente rejeitada, mantendo assim o jogo justo e equilibrado.

Sean "Diddy" Combs enfrenta outra demanda por agressão sexual

El rapero y empresario Sean "Diddy" Combs ha sido demandado nuevamente por agresión sexual, lo que marca la séptima demanda de este tipo en los últimos meses.

April Lampros afirma que Combs la agredió sexualmente en cuatro ocasiones entre 1995 y alrededor del 2000, incluyendo un incidente en el que ella fue obligada a tomar éxtasis por Combs. También afirma que "fue informada de que supuestamente Combs había grabado sus relaciones sexuales sin su conocimiento y se las mostró a múltiples personas".

Lampros dice que conoció a Combs cuando era estudiante de moda, y que después de intentar distanciarse de Combs following a second alleged assault, he threatened her with physical violence and said he would blacklist her in the fashion industry.

Ella dijo en un comunicado: "Estoy segura de que la justicia prevalecerá y se quitará la venda para que ninguna otra mujer tenga que pasar por lo que yo viví."

Combs no ha comentado sobre la demanda, pero ha negado previamente otras acusaciones de agresión sexual. The Guardian se ha puesto en contacto con sus representantes para obtener comentarios.

Combs ha enfrentado una serie de demandas similares en meses recientes, habilitadas por la legislación de Nueva York que permite a las víctimas de agresión sexual presentar demandas civiles después de que haya expirado el plazo de prescripción, lo que significa que Combs puede ser responsable de incidentes que datan de la década de 1990.

En noviembre, su exnovia Cassie afirmó "un ciclo de abuso, violencia y tráfico sexual" durante más de una década hasta 2024. Combs "niega vehementemente estas ofensivas y escandalosas acusaciones", dijo su abogado, y la demanda se resolvió al día siguiente. A principios de este mes, se hizo público un video de Combs agrediendo físicamente a Cassie, y Combs se disculpó después, diciendo "asumo toda la responsabilidad ... estaba disgustado en ese momento cuando lo hice. Estoy disgustado ahora". Cassie emitió su propio comunicado después de la disculpa, escribiendo en parte: "Mi única petición es que todos abran su corazón para creer a las víctimas la primera vez".

Tres demandas más siguieron a la de Cassie en el resto de 2024, incluida una acusación de que Combs violó a una mujer cuando tenía 17 años. Después de esas acusaciones, Combs dijo: "No hice ninguna de las cosas terribles que se afirman. Lucharé por mi nombre, mi familia y por la verdad".

En febrero, el productor musical Rodney Jones Jr afirmó que Combs lo agredió sexualmente, con un abogado de Combs llamando a las acusaciones "ficción pura". En marzo, agentes federales allanaron las propiedades de Combs en Los Ángeles y Miami como parte de una investigación de tráfico sexual, descrita por el abogado de Combs como "un uso excesivo grosero de la fuerza de nivel militar". Combs no ha sido acusado de ningún delito por las autoridades federales.

A principios de esta semana, la exmodelo Crystal McKinney afirmó que Combs la obligó a practicarle sexo oral en un incidente de 2003. Combs no ha comentado todavía sobre esa demanda.
