The trendiest way to play table games today is by visiting a live casino. Cutting-edge studios like Evolution and Playtech offer a myriad of excellent streams that ooze class and authenticity.

However, playing with a live dealer is not always desired nor convenient. These broadcasts require a good and stable Internet connection, the table limits are not always wide, and one often has to wait 40+ seconds for the completion of a single round.

If you're looking for a viable alternative, 3D Roulette is probably your best bet. After reading this review, you'll know about the finest 3D tables, how they work, and where to play them.

What Is Roulette 3D and How Does It Work?

Before

live dealer streams revolutionized the way we play table games, the only way to enjoy Roulette online was to choose an "RNG" title. This is an abbreviation for "Random Number Generator," a complex algorithm that's used to produce random results in games of chance.

In the past, most RNG games didn't have appealing graphics, which was detrimental to immersion. Also, the oldies were either impossible to play on mobile due to being Flash-based or performed poorly on a smaller screen because they were badly optimized.

However, such issues no longer haunt new versions of RNG Roulette. 3D graphics deliver a lifelike experience, one can look at the table and wheel from multiple angles, and the best software suppliers take a mobile-first approach when

developing their products.

Below, we've selected and reviewed the finest 3D releases you can play today. We've highlighted their defining characteristics and shared tips on how to fully utilize their special features. If you decide to try some of them, check the "Play At" row of the table. There, we've listed licensed and reputable gambling sites that offer the specified 3D Roulette game for free and for real money.

European Roulette

Made by Iron Dog Studio RTP 98.65% (even-money bets); 97.3% (all others) Special Features Racetrack with French Bets, Statistics, "La Partage" rule, Fast Play Betting RangeR\$0.50-\$500 OS Compatibility iOS, Android, Windows Play At Karamba, 1xbet, William Hill

Iron Dog's "3D European Roulette" is a misnomer, which is surprisingly good news for players. In addition to following Euro rules, this title incorporates the "La Partage" rule, which essentially makes it a version of French Roulette.

In case you're wondering, "La Partage" restores 50% of all even-money bets (Black/Red, Odd/Even, etc.) if the ball falls on 0. In other words, the house edge on these wagers is halved and measures at 1.35%, making it one of the lowest in gambling.

The 3D Roulette table in this game is minimalistic and looks incredible.

There are no side bets, but you have a racetrack zone at your disposal, which allows the placement of French and neighbor wagers. The interface is intuitive and made with mobile devices in mind.

When you hover your mouse over a betting zone, it will highlight all the numbers that are involved for added convenience. You can wager and start spinning quickly, with one round lasting around 10 seconds. If that's too slow for you, you can always turn on "Fast Play" and halve the waiting time. Perhaps the only downside of this 3D Roulette game is that its betting limits aren't the widest, which might restrict you if you employ progressive strategies.

Realistic Roulette

Made

by Realistic Games RTP 98.65% (even-money bets); 97.3% (all others) Special Features 2D/3D toggle, free camera movement Betting RangeR\$0.20-\$4,000 OS Compatibility iOS, Android, Windows Play At Grosvenor (UK), MELbet, 1xSlots

This is perhaps the prettiest

game on our list, as its developer, Realistic Games, has utilized the WebGL technology to deliver a stunning 3D environment. You can look at the table from any angle you wish with a hold-and-drag motion. If it becomes inconvenient at any point, press the "2D" button to zoom in on the table.

The wheel-spinning animation sequence is incredible to witness, as it follows the movement of the ball from several angles. Unfortunately, there's no option to skip it, which might annoy some, as the 3D Roulette wheel will remain on your screen for around 10 seconds.

Aside from that, this title follows the same rules as our first recommendation, meaning that you'll benefit from an RTP of 98.65%. The table limits are quite wide, but on the flip side, there are no detailed

statistics nor a racetrack layout.

First Person Roulette

Made by Evolution RTP 97.30%

Special Features "Go Live" button, detailed statistics, racetrack Betting

RangeR\$0.20-\$2,000 (can differ) OS Compatibility iOS, Android, Windows Play At Karamba, Genesis Casino, Royal Panda

Our third recommendation comes from Evolution, which many regard as the best provider of live dealer games. This "First Person" release tries to imitate the feeling of you standing in front of a real-life table. It also impresses with astounding 3D visuals, but you're unable to move the camera around while playing. The game does that on its own when you don't interact with it for a few seconds. The 3D Roulette wheel looks particularly good, with realistic light reflections that change once the viewing angle shifts.

The standout functionality of this product is the "Go Live" button, which instantly transports you to Evolution's premium live lobby. You also have a fully-fledged racetrack and a super informative statistics screen that allows you to directly wager on hot & cold numbers and bets.

Sadly, there's no demo

mode of this 3D Roulette game. Free online versions of it don't exist, which is partly explained by the fact that it can lead you to live streams, which are always played with real money. Also, the return rate is 97.30% across the board, as the game sticks to European rules.

Multifire Roulette

Made by Switch Studios RTP 97.30% Special

Features Random straight-up bet multipliers, custom wagers, turbo mode, autoplay, more Betting RangeR\$0.25-\$1,000 OS Compatibility iOS, Android, Windows Play At PlayOJO, Casino Gods, SlotsMagic

We're concluding our review with a fiery offering from Switch Studios, a company associated with the iGaming giant Microgaming. "Multifire Roulette" will feel familiar if you've played Evolution's "Lightning" or Playtech's "Quantum" variations. In a nutshell, this is an enhanced European roulette version that is perfect for those who love straight-up bets.

Basically, this 3D Roulette adds

multipliers that range from x50 to x500 to 2-5 random numbers in each round. If your straight-up bet gets enhanced and the ball falls on it, you could walk away with a massive prize. On the flip side, regular payouts for straight-ups are reduced from 35:1 to 29:1 to revert the RTP to 97.30%. This makes the game extremely volatile, which is what most players are looking for.

We recommend that you give this title a try even if you prefer other bets because it's jam-packed with functionalities. You can save up to 6 custom wagering combinations; there are special bets in addition to a racetrack and even a button for putting money on 3 random numbers.

How to Play European Roulette at Betway Live Casino

The betting layout for inside and outside bets and the Racetrack for called bets are positioned at the bottom of the screen. Below the Racetrack, there are options for opening a Favorite & Special Bets menu that saves up to 15 bets and features extra betting options like Finale en Plein, Finales A Cheval and Complete Bets; and a Statistics menu with three sections. The Statistics menu can be adjusted to display enhanced statistical results from the last up-to-500 rounds and features hot and cold numbers and a wheel chart with the occurrence of each pocket; % of each type of outside and called bets; and a grid with all numbers from the past sessions. Right next to Statistics, you can find an Autoplay button for repeating your previous bet. If

you hover over the Racetrack and the Special Bets submenu, clarifications of the bet and required chip number appear. For an overview of all bet types, chip placement, odds and payouts, use our table below for reference.

All adjustable game settings are located in the upper right corner of the screen, including Switch View for multi camera, 3D or classic view; Show Chat function for following all virtual interactions between the dealer and other players; Settings for general, video and sound adjustments; and a few more options. You can chat with the dealer typing in at the chat box in the lower left corner. Winners are displayed in a classic Evolution fashion as a running stream on the left. You also have the option to pin a menu with betting limits and payouts for each individual inside and outside bet in the top left corner of the screen.
