contente:

For those still wondering, you can do it all solo except the finale (vault door has a two person lock) and if you create an invite only session (If on PS4 start offline, hit start, hit online tab, hit play online , hit )invite only ) it's better so you don't have players tailing you.

The highly volatile Plunderland slot machine from Relax Gaming features a 7x7 cluster payouts tumble wins mechanism grid. The White Rabbit Wild always tries to land in the Hot Spot position in the middle, which grows the wild size and raises the wild multiplier if it contributes to a victory. All of these and more when you play the game.

How To Play

The Relax Gaming video slot Plunderland has seven rows and seven reels. A winning combination is produced when five or more of the same kind of symbols appear together in a cluster. You can select between making a minimum wager of 0.10 and a top bet of 100. The RTP of the game is greater than the industry standard at 96.43%, and if you use the Bonus Buy function, it rises to 97.14%. With a high volatility and a hit frequency of 21.70%, Plunderland offers players the chance to win up to 10266X their initial wager.

Three different flowers in the hues of blue, purple, and red serve as the lesser paying symbols. A cluster of 32 or more of the same sort of symbols pays out 70X the stake. Alice, the Mad Hatter, and the Red Queen are the symbols with the highest payouts. A cluster of 32 or more of the same sort of symbols pays 150X to 500X the stake. The White Rabbit serves as the game's wild icon, and a golden pocket watch serves as its scatter icon.

The White Rabbit Wild's size increases from 1x1 to 2x2 as it reaches the middle Hot Spot spot. The tumbling mechanism removes the wild when it contributes to a win, and it then returns as a 1x1 wild. The size increases to 3x3 if the animal returns to the hot region in the same tumbling sequence; at maximum, it can

enlarge to 5x5 this way.

When you collect three watch scatter symbols in a row during a winning combination, the Mad Hatter's Bonus Round is activated. The White Rabbit Wild multiplier never resets throughout the six free spins that follow this. After a hot spot expansion win, the Wild still recurs as a 1x1 wild, but the hot spot size is not reset.
