Shining Crown Review

EGT Interactive has never been at the forefront of the online slots industry. Still, they have always been able to deliver rock solid slots in classic niches. Shining Crown is one of them. It won't stun you with major innovations, but objectively speaking, there's little for us to criticize. The playing field is quite simple and offers a combination of 5 reels, 3 rows and 10 paylines .

The production

values are rather average and the age of the slot can be guessed at. The Shining Crown slot originally came out in 2014 and was barely cutting edge at the time, so it's no surprise that it won't impress anyone today. The symbols are of the classic fruit variety. In other words, you can look forward to cherries, lemons, bells, etc. with little to no twists.

Shining Crown Slot - Main Screen

Shining Crown's volatility is low

to medium , which means you won't experience too much bankroll swings. Even then, the jackpot is decent at 5,000x your stake , allowing you to hit a pretty big win if you're lucky. Your bet so good winnings are very possible. Another important point is that you can play for many different stakes. At most online casinos the lowest possible bet is £0.01 per spin. High rollers can then risk up to £1,000 per spin, although this maximum bet may not be available everywhere. In any case, Shining Crown's theoretical RTP is way above average at 96.37% .

What symbols are there?

To win, you need to get 3 or more

matching symbols on a 9 left-to-right payline. The game's paytable is easily accessible and dynamic too. This means it always reflects your current bet size, 9 so you always know what you can win. For five-of-a-kind combinations, the payouts are as follows:

Sevens – Pay 500x your 9 stake for 5 symbols in a combo

Dollar Scatters – Pay

100x your stake for 5 symbols in a combination (anywhere 9 on the board)

Grapes and

Melons – Pay 70x your stake for 5 symbols in a combo

Bells – Pay 20x your 9 stake for 5 symbols in a combo

Cherries, Lemons, Plums and Oranges – Pay 15x your stake for 5 symbols in 9 a combo

There are three special symbols in the Shining Crown slot -

Expanding Wilds, Star Scatters and Dollar Scatters.

The expanding 9 wilds look like

crowns and can land on the three middle reels. They substitute for other symbols and also expand 9 to cover a full reel. This can significantly increase your chances of winning, so we're all for it!

The Star Scatters 9 and Dollar Scatters do not result in

any features. However, what they do is they pay out from all positions. 9 Star Scatters pays out 20x your stake for a triple.

Shining Crown Slot Features

There are two bonus

features in the Shining 9 Crown. The first is called Jackpot Cards and can lead you to the slot's four progressive jackpots. Triggers are completely 9 random and all bets qualify, you really just need luck. When you trigger the feature you start choosing face down 9 cards until you reveal 3 matching cards. Then you win the corresponding jackpot. The amounts of all four jackpots are 9 always displayed at the top of the playing field .

Apart from that, you can also gamble any smaller wins in 9 the gamble

feature . The aim here is to guess whether the random face-down card is red or black.

Guess 9 right and you will double your winnings. Mistype and you will lose them all.

Shining Crown Slot – Gamble Feature

What is 9 the jackpot (max win)?

As we have

already mentioned, there are 4 progressive jackpots in the Shining Crown. The base game 9 then offers a jackpot of 5,000x your stake . That's if you cover the entire field with the top paying 9 sevens.
