Everyone is permitted to copy and distribute verbatim copies

of this license document, but changing it is not allowed.

Preamble

The licenses  for most software are designed to take away your

freedom to share and change it.
By contrast, the GNU General Public
License is  intended to guarantee your freedom to share and change free
software--to make sure the software is free for all its users.This
General  Public License applies to most of the Free Software
Foundation's software and to any other program whose authors commit tousing it.
(Some  other Free Software Foundation software is covered by
the GNU Lesser General Public License instead.
) You can apply it toyour  programs, too.
When we speak of free software, we are referring to freedom, notprice.
Our General Public Licenses are designed to make  sure that you
have the freedom to distribute copies of free software (and charge for
this service if you wish), that you  receive source code or can get it
if you want it, that you can change the software or use pieces of  it
in new free programs; and that you know you can do these things.
To protect your rights, we need to make  restrictions that forbid
anyone to deny you these rights or to ask you to surrender the rights.
These restrictions translate to certain  responsibilities for you if you
distribute copies of the software, or if you modify it.
For example, if you distribute copies of  such a program, whether
gratis or for a fee, you must give the recipients all the rights thatyou have.
You must make  sure that they, too, receive or can get thesource code.
And you must show them these terms so they know theirrights.
We  protect your rights with two steps: (1) copyright the software, and
(2) offer you this license which gives you legal permission  to copy,
distribute and/or modify the software.
Also, for each author's protection and ours, we want to make certain
that everyone understands that  there is no warranty for this freesoftware.
If the software is modified by someone else and passed on, we
want its recipients  to know that what they have is not the original, so
that any problems introduced by others will not reflect on  the original
authors' reputations.
Finally, any free program is threatened constantly by softwarepatents.
We wish to avoid the danger that redistributors of a  free
program will individually obtain patent licenses, in effect making the
program proprietary.
To prevent this, we have made it clear that any
patent  must be licensed for everyone's free use or not licensed at all.
The precise terms and conditions for copying, distribution and
modification  follow.
GNU GENERAL PUBLIC LICENSE
TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION0.
This License applies to any program or other work which  contains
a notice placed by the copyright holder saying it may be distributed
under the terms of this General Public License.
The "Program",  below,
refers to any such program or work, and a "work based on the Program"
means either the Program or any derivative  work under copyright law:
that is to say, a work containing the Program or a portion of it,
either verbatim or with  modifications and/or translated into anotherlanguage.
(Hereinafter, translation is included without limitation in
the term "modification".
) Each licensee is addressed as "you".

Activities  other than copying, distribution and modification are not covered by this License; they are outside its scope.The act of running the Program  is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program  (independent of having been made by running the Program). Whether that is true depends on what the Program does.1. You may copy  and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately  publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License  and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with  the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer  warranty protection in exchange for a fee.2. You may modify your copy or copies of the Program or any portion of it,  thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section  1 above, provided that you also meet all of these conditions:

a) You must cause the modified files to carry prominent notices stating  that you changed the files and the date of any change.

b) You must cause any work that you distribute or  publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as  a whole at no charge to all third parties under the terms of this License.

c) If the modified program normally reads  commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print  or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you  provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy  of thisLicense. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program  is not required to print an announcement.)

These requirements apply to the modified work as a whole.If identifiable sections of that work  are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its  terms, do not apply to those sections when you distribute them as separate works.But when you distribute the same sections as part  of a whole which is a work based on the Program, the distribution of the whole must be on the terms  of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of  who wrote it. Thus, it is not the intent of this section to claim rights or contest your rights to work written  entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on  the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based  on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of  this License.3. You may copy and distribute the Program (or a work based on it,

under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:
a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
c) Accompany it with the information you received as to the offer to distribute corresponding source code.
(This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)
The source code for a work means the preferred form of the work for making modifications to it.
For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable.However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.
If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.4.
You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License.Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.5.
You are not required to accept this License, since you have notsigned it. However, nothing else grants you permission to modify or distribute the Program or its derivative works.These actions are prohibited by law if you do not accept this License.Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.6.
Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions.
You may not impose any further

restrictions on the recipients' exercise of the rights granted herein.
You are not responsible for enforcing compliance by third parties tothis License.7.
If, as a consequence of a court judgment or allegation of patent
infringement or for any other reason (not limited to patent issues),
conditions are imposed on you (whether by court order, agreement or
otherwise) that contradict the conditions of this License, they do not
excuse you from the conditions of this License.If you cannot
distribute so as to satisfy simultaneously your obligations under this
License and any other pertinent obligations, then as a consequence you
may not distribute the Program at all.
For example, if a patent
license would not permit royalty-free redistribution of the Program by
all those who receive copies directly or indirectly through you, then
the only way you could satisfy both it and this License would be to
refrain entirely from distribution of the Program.
If any portion of this section is held invalid or unenforceable under
any particular circumstance, the balance of the section is intended to
apply and the section as a whole is intended to apply in othercircumstances.
It is not the purpose of this section to induce you to infringe any
patents or other property right claims or to contest validity of any
such claims; this section has the sole purpose of protecting the
integrity of the free software distribution system, which is
implemented by public license practices.
Many people have made
generous contributions to the wide range of software distributed
through that system in reliance on consistent application of that
system; it is up to the author/donor to decide if he or she is willing
to distribute software through any other system and a licensee cannotimpose that choice.
This section is intended to make thoroughly clear what is believed to
be a consequence of the rest of this License.8.
If the distribution and/or use of the Program is restricted in
certain countries either by patents or by copyrighted interfaces, the
original copyright holder who places the Program under this License
may add an explicit geographical distribution limitation excluding
those countries, so that distribution is permitted only in or among
countries not thus excluded.
In such case, this License incorporates
the limitation as if written in the body of this License.9.
The Free Software Foundation may publish revised and/or new versions
of the General Public License from time to time.
Such new versions will
be similar in spirit to the present version, but may differ in detail to
address new problems or concerns.
Each version is given a distinguishing version number.If the Program
specifies a version number of this License which applies to it and "any
later version", you have the option of following the terms and conditions
either of that version or of any later version published by the Free
Software Foundation.
If the Program does not specify a version number of
this License, you may choose any version ever published by the Free SoftwareFoundation.10.
If you wish to incorporate parts of the Program into other free
programs whose distribution conditions are different, write to the author
to ask for permission.

For software which is copyrighted by the Free
Software Foundation, write to the Free Software Foundation; we sometimes
make exceptions  for this.
Our decision will be guided by the two goals
of preserving the free status of all derivatives of our free  software and
of promoting the sharing and reuse of software generally.
NO WARRANTY11.
BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS  NO WARRANTY
FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW.EXCEPT WHEN
OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER  PARTIES
PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER
EXPRESSED
OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED  WARRANTIES OF
MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.THE ENTIRE RISK AS
TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH  YOU.SHOULD THE
PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY
SERVICING,
REPAIR OR CORRECTION.12.
IN NO EVENT UNLESS REQUIRED BY APPLICABLE  LAW OR AGREED TO IN WRITING
WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR
REDISTRIBUTE THE PROGRAM AS  PERMITTED ABOVE, BE LIABLE TO YOU FOR
DAMAGES,
INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES
ARISING
OUT OF THE USE OR  INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED
TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED
BY
YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY
OTHER
PROGRAMS), EVEN IF SUCH HOLDER OR  OTHER PARTY HAS BEEN ADVISED OF THE
POSSIBILITY OF SUCH DAMAGES.
END OF TERMS AND CONDITIONS
How to Apply These Terms to Your  New Programs
If you develop a new program, and you want it to be of the greatest
possible use to the public,  the best way to achieve this is to make it
free software which everyone can redistribute and change under these terms.
To  do so, attach the following notices to the program.It is safest
to attach them to the start of each source file  to most effectively
convey the exclusion of warranty; and each file should have at least
the "copyright" line and a pointer to  where the full notice is found.

This is free software, and  you are welcome to redistribute it

parts of the General Public License.
Of course, the commands you use may
be called something other than `show  w' and `show c'; they could even be
mouse-clicks or menu items--whatever suits your program.
You should also get your employer (if  you work as a programmer) or your
school, if any, to sign a "copyright disclaimer" for the program, ifnecessary.
Here is a  sample; alter the names:Yoyodyne, Inc.

This General Public License does not permit incorporating your program into
proprietary programs.
If  your program is a subroutine library, you may
consider it more useful to permit linking proprietary applications with thelibrary.
If this is  what you want to do, use the GNU Lesser General

Um novo relatório encontrou níveis elevados de chumbo na água da torneira generic medicine for onabet Watts, uma comunidade do sul Los Angeles  que enfrentou décadas com racismo ambiental.
Pesquisadores que trabalham com a Better Watts Initiative, um grupo ambiental comunitário e uma equipe  de pesquisadores da Universidade do Texas (EUA), testaram água potável generic medicine for onabet locais ao redor dos arredores.
As concentrações elevadas foram mais  frequentemente encontradas generic medicine for onabet empreendimentos habitacionais que têm sido atormentados por décadas pela contaminação tóxica do chumbo e outras poluição.
Os pesquisadores  confiaram generic medicine for onabet líderes comunitários para recrutar residentes a participar do estudo, coletando amostras de água das casas e apartamentos da área. Amostras d'água na torneira dos Nickerson Garden - o maior desenvolvimento habitacional público no Los Angeles- tinham níveis superiores  ao limite Agência Ambiental (EPA) 15 partes por bilhão ppb). Mas mesmo exposição aos menores graus pode causar sérios problemas  com saúde; A EPA está analisando seus padrões... [
Amostras de outros projetos públicos, apartamentos e casas unifamiliares estavam acima do 5ppb (que é o padrão da Food and Drug Administration para chumbo generic medicine for onabet água engarrafada). A Academia Americana das Pediatria  diz que as crianças não devem ser expostas a concentrações superiores ao 1PPB.
As descobertas confirmam que a água generic medicine for onabet Watts  é uma das muitas fontes de problemas contínuo da vizinhança com contaminação por chumbo, o qual pode causar sérios questões  sanitáriaes tanto para crianças quanto adultos. "A realidade na situação está no fato do não haver quantidade segura desse tipo",  disse Danielle Hoague doutoranda pelo Instituto UCLA Meio Ambiente e Sustentabilidade (UCL) - voluntária pela Better watts Initiative

[Iniciativa Melhor doswatt]- quem liderou as pesquisas compartilhadas exclusivamente ao Guardian."

O chumbo é especialmente tóxico para crianças, porque pode dificultar o desenvolvimento de seu cérebro e sistema nervoso. As mulheres grávidas expostas ao lead podem desenvolver complicações incluindo pré-eclâmpsias ou exclampasia; a exposição está ligada à redução do crescimento fetal

Em Watts, um bairro industrializado onde a água da torneira está longe de ser o único fonte para contaminação por chumbo. Os resultados são especialmente preocupantees - disse ela – O projeto habitacional Jordan Down'S foi construído no local do antigo moinho e caminhão-cirúrgico que estava sendo redesenvolvido generic medicine for onabet 2011, com 22.000 partes/milhões detectada na superfície terrestre; 275 vezes mais limiar à limpeza nos Estados Unidos (Califórnia).

A contaminação por chumbo também afetou a escola secundária local, Jordan High. onde as autoridades encontraram poeiras com níveis perigosos de lead e arsenico no topo dos campos esportivos ou dentro das salas da sala-de aula - que culpam uma usina próxima à reciclagem do metal Atlas Iron and Metal (Atlas Ferro) regularmente envia fragmentos generic medicine for onabet generic medicine for onabet cerca para o campus escolar – inclusive durante um primeiro dia na faculdade neste mês após investigação realizada pelo Guardian 2024 os proprietários desta fábrica foram acusados pela faltada

"E há também o legado de quando a chumbo estava na gasolina", disse Hoague - Watts fica ao longo quatro estradas principais e uma grande via expressa para frete. E existe tinta com condutor generic medicine for onabet muitos dos edifícios mais antigos do bairro."Os efeitos sinérgicos desses contaminantes são os que realmente estão causando danos à comunidade," diz ele e>

Os pesquisadores forneceram um rascunho dos resultados de seus testes à Autoridade Habitacional da Los Angeles (Hacla), que disse ter entrado generic medicine for onabet contato com a Better Watts Initiative para coordenar mais exames. "Nós, então verificamos todos os nossos funcionários e equipe manutenção propriedade ver se quaisquer queixas sobre qualidade do água tinha chegado aos escritórios nas nossas propriedades durante o ano passado ", diz Jenny Scanlin

Scanlin observou que Hacla participou de um estudo sobre a qualidade da água no desenvolvimento do Jordan Downs e outros locais públicos generic medicine for onabet Watt, além disso o departamento Los Angeles não encontrou problemas com os tubos das autoridades.

"A Hacla tem um histórico de responder a todas as preocupações e reclamações dos moradores rapidamente, com profundo cuidado", disse ela.

skip promoção newsletter passado

após a promoção da newsletter;

Mas Yirk Turner, um residente de longa data Watts que cresceu generic medicine for onabet Jordan Downes mas não mora mais lá. disse Não foi uma surpresa o fato da água ter também continha chumbo na torneira e há anos os moradores reclamam sobre a qualidade das águas residuais deles - às vezes marrom ou preto- amarelo – O relatório liderado por Hoague encontrou altos níveis do ferro/cobre (metais sem risco à vida), porém são sinais dos efeitos corroído nos tubos antigos

"Muitos moradores não bebem nada além de água engarrafada", disse Turner, que compra três caixas a cada duas semanas. "Então você sabe o trabalho generic medicine for onabet tempo parcial o lado do emprego e todo dinheiro ganho - tenho orçamento para conseguir pegar essa Água".

Ao contrário de outros metais encontrados na água da torneira, o chumbo é incolor e sem cheiro. Turner se preocupa com a forma como seu próprio cérebro pode ter sido afetado por uma vida

inteira generic medicine for onabet exposição: "Eu nasci aqui -  isso significa que eu tenho lidado toda minha existência contra águas contaminadas", disse ele."Isso poderia me afetar muito bem do  jeito pelo qual não estou ciente disso".

As conclusões do relatório são preocupantes e enfurecedoras, disse Tim Watkin. "Estou chateado", ele  diz:"Pense nesta comunidade de 2 milhas quadrada - contaminada a leste ou oeste; sul / norte – não há grande  esforço feito para lidar com o abandono abrangente que permitiu esta podridão sistêmica".

O relatório foi uma iniciativa de liderança comunitária,  disse Watkins lançado "depois que tentou e não conseguiu obter ação municipal sobre o problema", ele afirmou. Agora este relato  liderado pela comunidade encontrou a vantagem a autoridade habitacional da cidade deve imediatamente entrar para investigar mais adiante -e remediar  essa questão- diz Watkenes:

"A justiça ambiental é uma batalha longa e atormentada por reconhecimento do problema, então ainda mais difícil  de descobrir o que fazer", disse Watkins.

"Ainda estamos na fase de reconhecimento", acrescentou. Mas veja, eu tenho 71 anos e  estou cansado constantemente lembrando as pessoas que isso é importante."
