### Deutsches Roulette Review

When casino games were revolutionised for online gaming, the question players were left asking was — how realistic is a Live Casino? Brilliant providers like Evolution (formerly Evolution Gaming) have managed to identify ways of making your Live Casino experience as authentic as possible. When it comes to Deutsches Roulette, the proof is in the pudding!

About the Deutsches Roulette

With HD,

high-quality streaming and multiple camera views, Deutsches Roulette is a fantastic roulette game by Evolution. With such innovative technology, this live roulette table puts a fun spin on the classic European Roulette as it forms part of the several native game variants offered by Evolution. Hosted by a native-speaking German live dealer, Deutsches Roulette is a dynamic and exciting game we cannot wait for you to try. Let's dive into the details!

Deutsches Roulette Gameplay

Deutsches Roulette has many

excellent features built into the game, but as far as gameplay goes, it is heavily based on the classic single-zero European Roulette game.

Like any live roulette table,

the aim is to successfully predict which numbered pocket the ball will land in and place bets on that number. Since this Live Casino game is based on European Roulette, there are 37 numbered pockets, ranging from one to 36 and a single zero.

Players begin

by placing a bet within the allotted time frame by selecting one of the differently coloured chips found on the screen. Once the betting time expires, the live dealer will spin the roulette wheel and throw the ball in the opposite direction; eventually, the ball will land in one of the numbered pockets, revealing the winning number. If the

player's bet covers that winning number, then they will win a payout.

In roulette,

players can place bets on either one number or a range of them. There are several different types of bets one can place. Knowing what bets are available ties into your gaming strategy, so let's go through them.

Inside bets are wagers inside the betting area, including:

Straight Up Bet — Placing a bet on one number, including the zero.

—

Placing a bet on one number, including the zero. Split Bet — Placing a bet on two horizontally or vertically adjacent numbers.

— Placing a bet on two horizontally or

vertically adjacent numbers. Street Bet — The street bet involves betting on a row of three consecutive numbers horizontally.

— The street bet involves betting on a row of

three consecutive numbers horizontally. Corner Bet — Placing a bet on the intersection of four numbers where all four numbers are covered.

— Placing a bet on the intersection

of four numbers where all four numbers are covered. Line Bet — Wagering on six consecutive numbers that form two adjacent lines.

Outside bets are wagers outside the betting area, including:

Column Bet — Placing a bet on 12 numbers in a single column.

The zero is not included in these bets.

— Placing a bet on 12 numbers in a single

column. The zero is not included in these bets. Dozen Bet — Placing a bet on either the first, second or third set of 12 (dozen) numbers.

— Placing a bet on either the first,

second or third set of 12 (dozen) numbers. Red/Black Bet — Placing a bet on either all 18 red numbers or all 18 black numbers. The zero is not included in these bets.

—

Placing a bet on either all 18 red numbers or all 18 black numbers. The zero is not

included in these bets. Odd/Even — Placing a bet on either all the odd numbers or all the even ones. The zero is not included in these bets.

— Placing a bet on either all

the odd numbers or all the even ones. The zero is not included in these bets.

1-18/19-36 — Placing a bet on either the first 18 or the second 18 numbers. The zero is not included in these bets.

Apart from Inside and Outside bets, players may also place

Neighbour bets, Special bets and Complete bets. Check out the game's rules for more information on these.

Once all players have received their payout, a new round will

begin, and the live dealer will spin the wheel once again.

Bonus Features in Deutsches

Roulette

While Deutsches Roulette is one of the simpler live roulette casino games

Evolution has released, this table still has a few cool bonus features tailored to make your gaming experience all the more special and exciting.

For instance, this Live

Casino table offers detailed statistics that include a comprehensive breakdown of previous rounds as well as your recent results. Easily keep track of the last 500 rounds and see the previous winning numbers.

A really interesting feature is the option

to toggle multiple camera modes. Players can switch between three camera modes, including Classic, Immersive and 3D, allowing them to truly tailor their gaming experience to their needs. While a feature like this may not seem so impressive, not many Live Casino games offer such an option, and so, it has become a feature many players appreciate. Get high-quality close-ups as the live dealer spins the wheel and throws the ball while you sit at the edge of your seat, eager to identify the winning number!

With these camera modes combined with the Live Chat feature, Deutsches Roulette offers a totally immersive experience, making many players feel as if they're right in the heart of Las Vegas casinos.

Conclusion

If you're looking to test out the full Live

Casino gaming experience but would like to stick to the more traditional online casino games, Deutsches Roulette is a very good choice. It does not offer out-of-this-world mechanics, making the gameplay easy to follow while still keeping things interesting.

Evolution truly knows its market, as this live table allows you to zoom in on the wheel as it spins, check out up to 500 previous results and includes a native-speaking German live dealer for players who are more comfortable speaking in their own language. We guarantee you'll have a blast playing Deutsches Roulette live.
