This set of numbers applies to prepaid cards, debit cards, gift cards, charge cards, and credit cards. Every payment card has a BIN number. The numbers identify the specific industry identifier and the bank or institution offering the card. Revolut: GB BINs vs. LT BINs A bank identification number, or a BIN, is a string of numbers that are found on credit/debit cards. It is typically the first four to six digits of your credit/debit card number. The BIN identifies the bank from which the card was issued. You can easily check your BIN to find out where your Revolut card is from by visiting one of the many free BIN checking sites. It is usually as simple as entering your card number How to Check your BIN Access a BIN-checking website. There are several websites that enable you to check your BIN without you paying a dime.
