Golden Ticket 2: Overview

Sequel season continues at Play'n GO as they release a follow
up to their 2014 circus themed 3 slot Golden Ticket. The studio has stuck to the core
spirit of the game while fine-tuning the looks, features and 3 potential. Actually, when
you put it like that, there does seem to be quite a lot of changes. Let's take 3 a
ringside seat to go over what's new in Golden Ticket 2.

Visually, there is a lot

linking the two games. 3 It's certainly not a complete disconnect like Jolly Roger 1 and
2 was. Playable from 20 p/c to R\$/€100 per spin, 3 players get the same 5x5 setup along
with 20 fixed paylines located in a tent surrounded by clowns, ringmasters and 3 other
characters of the big top. One minor cosmetic change is the action predominantly took
place outside in the first, 3 this time we've moved under the canvas. The spirit remains
the same though fortunately, which was one of the major 3 selling points of the original.
Play'n GO absolutely nailed the look and feel of an old-time circus, nicely reviving it
3 for the sequel.

As you likely know by now, Play'n GO makes use of flexible RTP which
means you can face 3 different RTP-settings depending on where you're playing. The
default RTP, however, is set to 96.5%. The math model has 3 definitely been altered, so
be prepared to go up against a totally different beast if you've played the original.
That 3 one was a medium volatile slot whilst the sequel is as volatile as Play'n GO slots
come.

In terms of the 3 actual gameplay, it works as follows: on each spin 25 symbols
tumble into the grid. Wins are achieved by landing 3 3 or more matching symbols
connecting either horizontally or vertically. Winning combinations are cleared from the
grid after they have 3 been paid, and any remaining symbols drop to fill the gaps,
potentially creating new wins. With each new drop, the 3 win multiplier is increased by
one, resetting to x1 on a new base game spin.

The payable is full of circus 3 icons

consisting of 5 low pay, 3 high pay symbols. The low pays include a monocycle, juggling

items, a target, 3 knives, and a ringmaster's hat. Hit a line of 5 low pays for rewards of 2 to 4 times the 3 stake. The high pays are three characters from the show - a clown, a blindfolded knife thrower, and a ringmaster. 3 A 5 of a kind combo here rewards 10 times the stake no matter the symbol. Players also get a 3 consolation prize of up to 5x for lines of three or more mixed premiums landing horizontally or vertically.

Finally,

the golden 3 tent is the wild, substituting for any pay symbol to make a combination. It is also worth a fair amount 3 on its own with 5 in a row worth 50 times the stake. Wilds are created in the middle position 3 when a winning combination of three symbols is removed. If there are only wilds left on the grid, then they 3 are removed.

Golden Ticket

2: Features

Play'n GO has given the features a vigorous shakeup and now revolves around multiplier wilds, Win 3 Spins and free spins.

To the left of the grid is a 3 segment

meter that is filled when premium wins 3 occur. Wins consisting of 3, 4, or 5 symbols fill 1, 2, or 3 segments of the meter respectively. Completely 3 filling the meter triggers the multiplier wilds feature where 1 or 2 multiplier wilds are added randomly to the reels.

On 3 the right, one of the three characters is displayed, influencing which wild multiplier it will be. An active clown, knife 3 thrower, or ringmaster, awards the x1, x2, or x3 multiplier wilds respectively. The multiplier wilds feature can only trigger once 3 per game round; then the character changes for the next trigger.

Like the

original, lurking behind the symbols on the grid 3 is the word BONUS. Clearing the BONUS row triggers free spins which comes with three options. The less free spins, 3 the higher the multiplier and the volatility, so players choose their most suitable option:

5

highly volatile free spins with an 3 x3 multiplier wild.

7 medium volatile free spins

with an x2 multiplier wild.

9 low volatile free spins with an x1 multiplier

3 wild.

During free spins, filling 3 segments of the meter triggers a Win Spin using a 2x2 version of the multiplier 3 wild. A new grid of symbols appears, and the multiplier wild is randomly placed on the board. The win multiplier 3 is reset between free spins and Win Spins.

Filling 5 segments of the expanded meter on a Win Spin retriggers

another 3 one – keeping in mind the win multiplier is not reset between consecutive Win Spins. Finally, should you manage to 3 clear the full grid, a bonus prize of 500x the bet is awarded.

Golden Ticket 2: Verdict

Whether the sequel will appeal 3 to the same fans of

the first will be interesting to see. On the one hand, the two games look 3 quite similar, both handling the circus theme in style, creating bags of big top atmosphere.

On the other hand, the 3 volatility and potential are much higher, which may suit a more dedicated attitude.

For some, the removal of the target shooting 3 bonus game will be a

blow. Not that it was highly lucrative, but it was fun, and worked perfectly with 3 the theme. The new bonus games are a lot more sophisticated though, capable of producing more intense moments and larger 3 payouts. Now, Golden Ticket 2 offers wins of up to 5,000 times the stake, or double the first.

All up, it's 3 a case of Golden Ticket looks

and base game meets Moon Princess with elements of Pimped (Win Spins) tossed in 3 for good measure. The result of this mash-up can be as enjoyable as a day out at the circus. That 3 is, one of those delightful disasters of a show which constantly threatens to slip from a state of barely controlled 3 chaos into total mayhem.
