What should I do if Holdem Manager 3 does not work on 888Poker?

The transition to new

software always causes easy discomfort for any person. This is especially true for poker players who, without problems with the settings of poker software, have enough irritants during the game. We will try to make life easier for all regulars and describe the specifics of correctly setting up Holdem Manager 3 for 888Poker.

Set up

888 Poker to work with Holdem Manager 3

888 Poker writes hand histories to your hard

drive. Holdem Manager 3 should automatically import hands to display the HUD (Heads-Up Display). After we successfully set up the Auto Import feature in Holdem Manager 3, you can customize your favorite seat at the table. Notes:

In 2024, the transition to new

software took place at 888poker. The hand history in the new software is in C:\

Users\{User Name}\Documents\888poker\HandHistory. A new poker client automatically

places you in the center at the table. You must configure this to match in HM3 -

Options - Site Setup - Pacific - Preferred Seating. This is one of the most common

problems due to which HUD Holdem Manager 3 does not work on 888Poker or does not work correctly.

In Snap Poker, displaying statistics at tables is prohibited by 888Poker.

After the Nevada and Delaware have been united, the opportunity to import hand histories has disappeared. This is due to Nevada's gambling law, which equates the use of HUD with cheating. For the sake of pooling the pools of these two states, users had to be denied access to hand histories. 888Poker no longer writes hand histories to your hard drive when playing in American versions of its application.

Where can I find

the 888Poker hand history folder?

By default, hand history is located:

C:\Users\YOUR_PC_NAME\Documents\888poker\HandHistory.

An example of a hand history

location: C:\Users\bmoney\Documents\888poker\HandHistory.

Caution: do not copy the hand

history folders above; they are not the exact locations of the hand history files.

1.

Open the client of 888Poker;

2. Click Settings> Game Settings.

3. Verify that the Keep

My Hand History In check box is selected. Copy this path to the folder to the clipboard, we will use it when setting up Holdem Manager 3.

If you made any changes to the 888Poker Hand History Options:

Click OK to save the changes.

Play a pair of hands

before continuing.

Preferred seating 888Poker

Favorite place allows you to display your

HUD next to the desired player. If you have problems aligning the HUD, then it's often a matter of setting the "Preferred Seating" function.

After the launch of the new

version of the client, 888Poker places the player at the table in the bottom center.

When setting up Holdem Manager 3 Preferred Seating for 888 Poker, use the Auto Center option.

We have listed the main problems with the settings due to which Holdem Manager 3 does not work on 888Poker. Naturally, there are more reasons for the malfunctioning of poker software. If you have configured everything exactly as described above, we recommend that you check if you have the latest version of the poker room client installed. Also pay attention to whether you are using a third-party layout. In some cases, the cause of the problems lies precisely in it.

If you have not yet decided on

the appropriateness of purchasing Holdem Manager 3, we recommend that you try it for free. Trial Holdem Manager 3 can be downloaded for free from the official website of the developer.

Nemonte Nenquimo: Líder Waorani que defiende la selva amazónica

Nemonte Nenquimo, líder de la comunidad indígena Waorani de la Amazonia ecuatoriana, ha dedicado su vida a la lucha por la protección de su tierra y su cultura. Desde la fundación de la Alianza Ceibo en 2024, ha ganado numerosos premios por su activismo, incluyendo el prestigioso premio Goldman al Medio Ambiente y el título de Campeona de la Tierra de las Naciones Unidas en 2024. Su liderazgo ha sido crucial en tres victorias políticas importantes, como la prohibición de la perforación de petróleo en el Parque Nacional Yasuní en 2024.

Una lucha por la supervivencia

El libro "We Will Not Be Saved" de Nemonte Nenquimo y Mitch Anderson relata la historia de vida de Nemonte y su lucha por la supervivencia de su pueblo. Desde su infancia en la aldea de Nemompare, Nemonte experimentó el impacto de la llegada de misioneros evangelistas y la industria petrolera en su comunidad. Su relato destaca la importancia de la conexión de los Waorani con la selva amazónica y la necesidad de proteger su territorio y cultura.

Una llamada a la acción

El libro de Nemonte Nenquimo es una llamada a la acción para los ejecutivos de la industria petrolera y los líderes empresariales. A través de su historia personal y la de su comunidad, Nemonte muestra la importancia de comprender y respetar la selva amazónica y los pueblos indígenas que la habitan. Su mensaje es claro: la destrucción de la selva amazónica y la vulneración de los derechos de los pueblos indígenas tendrá consecuencias devastadoras para el mundo entero.

El papel de los aliados

Nemonte Nenquimo y Mitch Anderson creen que la protección de la selva amazónica requiere la colaboración de aliados en todo el mundo. Instan a los inversionistas, líderes empresariales y responsables de la toma de decisiones sobre el flujo de fondos a leer su libro y a entender la importancia de la selva amazónica y los pueblos indígenas que la habitan. Su objetivo es construir alianzas que apoyen la lucha de los pueblos indígenas por la protección de sus tierras y culturas.
