Flipside is yet another game from the Nitrome Games category for which we are very excited, and we have  no doubt at all that you will be having a wonderful time playing it, because we sure know that we  did, which is the primary reason why you can now also find the game on our website, where we hope  that as many children as possible are going to get to it, so that they can also share in this  fantastic and fun experience. We also want you to win the game, so the next part of the description will  be used to explain what you do in the game and how. You use the left and right arrows to  drive the motorcycle, or A and D, depending on which one is easier for you. Jump with the up arrow  key or the W key, and while in the air, press the directional keys in order to do spins, which  are going to grant you extra points. You can play the game against a computer, or against a real friend.  The goal is to get the other motorcycle off the road, by battling in it, with the last one standing  being the winner of the game. Start right now, and we are sure that you are going to enjoy this  game greatly!
