Shell Shockers is unique online shooter in first-person perspective where all the characters are represented exclusively by eggs. The player takes control of one of them in a multiplayer deathmatch arena with an arsenal of guns at his or her disposal.

Developed by Blue Wizard Digital, this game fills a unique egg-shaped niche in the world of tactical shooters. Players can customize their character's name and appearance, select a game mode they are interested in and join the action at any time. The goal is simple: stay alive by hiding from enemy fire and do your best to pierce through the shells of other eggs on the server, effectively destroying them.

Game modes

There is a good variety of gameplay options in Shellshock.io the player can choose from. In a free for all deathmatch it's every man (or egg) for himself, team vs team has two opposing forces of players trying to overpower one another, and in capture the flag (or in this case – the spatula) the goal is to take the spatula from the other team and bring it to your base.

Weapons & Classes

In Shellshockers.io There are 6 types of eggs (classes, if you will) that the player can choose from. Eggsploder is particularly good at blowing things up with a rocket launcher, Crackshot is a master of covert operations and sniper rifle kills. Other classes include a conventional Soldier as well as Scrambler, Whipper and Ranger – each with their set of skills, arsenal and unique perks. Shotguns, automatic rifles, machine guns and other tools of destruction should be utilized to the player's advantage depending on the situation: while it is definitely tempting to stick to heavy weaponry, sometimes it is not wise to do so in confined spaces. A shotgun is very powerful but only works well at shorter distances. Experiment with different weaponry to optimize your strategy and defeat your enemies.

Papa Francisco y la relación contradictoria de la Iglesia Católica Romana con la homosexualidad

Cuando se difundieron informes de que el Papa Francisco había utilizado una ofensiva expresión anti-gay al hablar con obispos italianos en una conferencia el mes pasado, muchos católicos quedaron impactados y desconcertados. ¿Cómo podía un papa conocido por su apertura y aceptación de las personas LGBTQ usar un lenguaje soez y advertir a los preladados sobre la admisión de hombres gay en seminarios?

Sin embargo, la pregunta y la aparente inconsistencia en el mensaje de Francisco reflejan las profundas contradicciones y tensiones que subyacen en la relación de la Iglesia Católica Romana con la homosexualidad.

La iglesia sostiene que "las tendencias homosexuales" son "intrínsecamente desordenadas". Cuando se trata de la ordenación, las directrices de la iglesia establecen que las personas con "tendencias homosexuales profundamente arraigadas" no deben convertirse en sacerdotes.

Sin embargo, la ordenación también ha sido un refugio de cierto tipo para los hombres católicos homosexuales, según investigadores y sacerdotes, quienes afirman que al menos miles de clérigos son gay, aunque solo unos pocos son públicos sobre su orientación sexual debido al estigma que aún persiste en la iglesia.

Las profundas contradicciones y tensiones en la relación de la iglesia con la homosexualidad

En el pasado, todas estas contradicciones estaban amortiguadas por un halo de tabú, pero los comentarios recientes y espontáneos de Francisco las han sacado a la luz.

"El papa levantó el velo", dijo Francesco Lepore, un ex latinista de la Santa Sede que dejó la iglesia, salió del armario como gay y se convirtió en activista.
