When should I start playing slots for real money?

If you're ready to make the leap from free games to real money slots, there are a few things you'll need to consider.

The first step in starting real money play is selecting your perfect casino online. The internet is awash with online casinos, but finding a trustworthy and reputable one can be harder than it seems. If you're not sure where to start, make sure you check out our list of recommended sites and casino reviews.

Often online casinos offer a generous bonus package, particularly if you're a new player. So, make sure you read up on the best offers available to you to make sure you take advantage of the most lucrative deals. Look out for no deposit bonuses, free spins and much more.

Make sure your chosen casino accepts a wide range of different banking methods for both deposits and withdrawals. All reputable casinos will accept credit or debit cards and various types of e-wallets. Some even take Bitcoin.

To make a deposit, you'll need your bank details (or the details of your chosen banking method) to hand. You'll also need to give the online casino personal information such as your name, address, date of birth and so on.

Look out for slots bonuses

When you're ready to play for real money, take advantage of bonuses to build your bankroll. Slots games have their own bonuses such as free spins and no deposit bonuses. With these, you can play free slots but win real money. Make sure to check the terms and conditions of all bonuses

Most casinos will use two decks of cards for every poker game, with one being used for the active

hand and the other deck being shuffled by the automatic shuffler. Both decks will be continuously alternated in and out of play - typically either every hand or every other hand.
