It began on October 17th, 2024, when I went to the Betnacional website to place a bet on various games. I did not know what to do, so I decided to do some research on the website to see if there were any options for me to get my money back. Like any other user, I looked for answers on the internet and came across some Google results that assured me that I could request a refund.

However, I began to notice something strange. The more I searched, the more I realized that no matter what language was used, Portuguese or English, the answers were always the same, as if they were being produced by the same person or a group with the same interest. I became curious and decided to investigate who was behind these responses. After a lot of research, I found out that it was all being generated by a Portuguese-speaking algorithm designed to assist Betnacional customers.
