Kamala Harris chooses the governor of Minnesota, Tim Walz, as her running mate in the presidential elections

The nominated Democrat Kamala Harris chose the governor of Minnesota, Tim Walz, as her running mate in the presidential elections, elevating a popular leader, although relatively unknown, who attracted the support of progressive voters in the last few days.

Walz has served as governor of Minnesota since 2024 after 12 years in the Minnesota House of Representatives and now leads the Association of Democratic Governors. He has built a reputation as a politician of good character who gets things done, given that Minnesota has passed a series of progressive laws during his tenure. According to a survey conducted this year, Walz enjoys a 55% approval rating among Minnesotans.

Since the Democrats won the Minnesota legislature in the 2024 elections, Walz and his allies used their power to push a list of progressive policies. The governor signed bills that protect abortion access, expand background checks for gun purchases, and legalize recreational marijuana.

Who is Tim Walz, the governor chosen by Harris as vice-president?

"At the moment, Minnesota is showing the country that you don't win elections by accumulating political capital," Walz said last year. "You win elections by spending political capital and improving lives."

This philosophy has been popular with progressives, who supported him as a vice-presidential pick. As the vice-presidential pick, Walz will have to appeal to a much broader audience. A recent ABC News/Ipsos survey showed that only 13% of Americans knew enough about Walz to give an opinion on him.

Walz also received praise for his handling of the election. The candidate and his running mate, Ohio Senator JD Vance, are "just strangers," Walz told voters.

"We don't like what happened when you can't go to Thanksgiving with your uncle because of a weird fight," Walz said at the end of the month. "Well, it's true. These people are just weird."

The pick was quickly endorsed by other Democrats, including Harris, and it appears to have annoyed the former president, who reacted strongly to the accusation.

"They are the weird ones and if you've ever seen [Harris] with a smile and everything else, something weird is happening," Walz said to a radio host on Thursday. "They are the weird ones. No one has ever called me weird. I am many things, but weird is not one of them. And I am not. He is, I tell you."

Although Walz has gained fans with his progressive agenda and handling of the election, other aspects of his history could be a liability.
