Roulette77 is a website dedicated to providing you with all the details you need to know about American Roulette and its variations, how the game differs from other popular variants. The website features a dedicated demo version you can play for free and without registration so you may practice the game and learn about the set-up, any key differences to other versions and try titles by several casino vendors. The website includes a demo version designed by Roulette77.

All games you will find here and at one

of the casinos we recommend will be available for both mobile and desktop play. If you prefer to skip the demo versions you will find here and rather jump straight and play for real money please refer to the list of online casino websites that host excellent American Roulette variations. No download is necessary to participate in any of the games and you can play from your mobile device!

Wheel and Table

The American Roulette

wheel layout is actually not unlike the one you have seen for the European game.

Essentially, you have 38 color-coded sectors on the wheel, while the actual table layout follows pretty much the same pattern as its European counterpart. The big difference here is the American Roulette wheel numbers.

You see, there are two zeros

here, the 0 and 00, which make the American Roulette wheel numbers slightly different than their European and even French counterparts. This means that the total numbers here aren't 37, but 38, because of that second zero. The addition of a zero comes with some interesting changes to the gameplay.

While the game will play in very much the

same way, you may experience a new five-number bet and a surrender rule.

How To Play

American Roulette At Roulette77

Choose The Game And Supplier You Prefer. You will

notice that there are several tabs to choose from above the game. Switching between these tabs you will be able to switch between the different types of games, including Roulette77's own version. Pick From Play For Real And Play For Free. Players will be

able to further choose the mode of gameplay. You can test the games for free or, if you prefer, we will redirect you to the website that is best suited for your gaming needs and offers real money roulette. Place Your Bets Based On Your Preference. If you are not sure about any specific type of bet, payout, or what the probabilities are, we recommend consulting with the table above, which will provide you with detailed information about this. Wait For The Dealer To Spin The Ball And Announce The Winning Numbers The Game Will Automatically Process All Stakes Based On The Outcome Bets, Odds,

and Payouts

To understand the American roulette payouts, the best way to do this is to reference an American roulette payout chart. This way, you will always know what you are looking at and what the expected return from individual bets actually is. Players who are eager to make a difference in their gameplay can do so by simply checking a chart.

As to the actual American roulette odds, admittedly, you will have a slightly bigger American Roulette house edge to deal with. This version comes with 5.36% compared to a standard 2.70% for the European version. However, thanks to the Surrender rule that applies to the 0 and 00 in some versions, you can mitigate this housed edge further.

The types of wagers you will find available here include Outside and Inside Bets. The rest are pretty standards, with Streets, Squares, Lines, and a special Five Number Bet that is available for this game. The Outside Bets are Odd/Even, Black/Red, High/Low, Dozens and Columns, and so on.
