#### About Bang Bang Games

At Bang Bang Games they call themselves a boutique slot studio, and they live up to this definition. It's a small company that creates unique content that stands out. Just a few people are working for the studio, but that's enough to generate thrilling ideas for games and deliver fantastic slots.

Founded in 2024, the

developer doesn't have the urge to supply a large volume of content. Instead, it rolls out a small number of titles a year. With up to 10 people on board, it would be impossible to ensure world-class content and at the same time a high output level.

There isn't much information about Bang Bang Games available as the company doesn't even have its website after three years on the market. But players shouldn't be concerned about its legitimacy. The developer is registered in the UK and got licensed there in 2024. Contributing to the company's trust level is the fact that the studio is a part of the YG Masters program launched by Yggdrasil.

#### Bang Bang Slots

Its first games

were developed exclusively for Endemol Shine Gaming in 2024. The same year the studio joined YG Masters to expand its reach and gain more exposure. This latter partnership gave Bang Bang Games a significant boost and access to an extensive selection of Yggdrasil's proprietary features such as MultiMax, DoubleMax, Gigablox, etc.

The video

slots feature vibrant artwork and exciting gameplay. They are usually packed with one bonus game and a couple of boosters. The games are translated into over 25 languages

and can be played on desktop as well as mobile devices. All Bang Bang video slots share amazing audio-visuals and engaging math, which is always different.

## Features

### Bang Bang

Games uses an extensive range of features one of which is typically free spins. But it has some favorite tools. The studio loves Yggdrasil's engines such as Gigablox, MultiMax, DoubleMax. But the team is capable of designing some thrilling features on its own. UltraNudge, for instance, will be enjoyed by gamblers as they get all symbols to nudge down after every win. There are other common features to mention:

### Bonus Gamble

adds more thrill as players can risk their free spins in the hope to get a better deal. And they sometimes can take risks several times in a row, significantly increasing the number of free spins. What's even more exciting is that after each successful attempt, the chances of winning the risk game improve in some games.

### Bonus Buy. With Bang Bang

Games slot machines it isn't necessary to wait for features to trigger naturally. Many titles offer a shortcut to the bonus game, and multiple options can be offered. So that you can opt for a cheaper version with a basic bag of features or a more expensive and potentially more lucrative option.

### Bonus Boost is another way to trigger features. But

this time players pay +25% on the total bet, and bonus activation isn't guaranteed. The money is paid to double the chances of landing free spins.

## RTP

At first, RTP used to

vary from 95.5% to 96.6%. However, Bang Bang Game's later releases have RTP within a very tight range and the figure is either 96% or 96.1%. Keep in mind that some games have adjustable RTP, meaning that there are multiple versions with different theoretical returns. Pharaoh's Gaze DoubleMax, for instance, is rolled out in four versions: 86%, 90.5%, 94.1%, and 96.1%.

The studio's early releases have a single RTP,

but its later titles typically have four versions with pretty much similar returns as the one mentioned above. To find a slot's RTP, all you need to do is open the Game Rules file. Close to the bottom of the page, there's the Return to Player section.

Volatility is usually either medium-high or high. But hit frequency varies, creating a different experience every time. It can be quite low like in Shadow Raiders MultiMax (18.32%) or rather high like in Jokrz Wild UltraNudge (31.2%). Both slots are highly volatile, but the latter should drop payouts almost twice more frequently.

There

are no crazy figures in terms of max wins. At press time, the lowest is x7,216 (Jokrz Wild UltraNudge Gigablox) and the highest is x23,500 (Jokrz Wild UltraNudge).

the feature and awards +3 free spins. When the bonus game gets triggered, there's an opportunity to Gamble it for a higher starting multiplier.

Shadow Raiders MultiMax
