Play Bonus Buy Slots At One Of These Top Casinos

Played just like any traditional game

the only thing that separates it from regular content is the option to pay for a bonus.

But it always comes as an optional feature, and it's always the chance to trigger it through a base round. The price starts at about 50x bet and can reach 2,000x for higher win potentials. Usually, it's a pack of spins that's on sale and included are some extra boosters and modifiers.

A slight RTP boost is common if the feature is paid for.

Many such titles give punters multiple bonus choices. Demo play slots to explore the content. Rounds have different potentials and different volatility levels. Safer options ensure more wins will land, whereas riskier rounds have features that can award some massive payouts.

The author of this ingenious product is BTG, a studio with major innovative slot solutions behind its belt. White Rabbit, their timeless hit, was a breakthrough. It is still greatly popular and remains a benchmark. Despite many titles flooding the market, the initial solution was so great that nothing has changed much. It was slightly adjusted in later releases to offer a more exciting experience. But the core is still the same, and free slots demo experience should prove it.

Bonus Buy

Variations

Most developers integrate feature buy into their slots and add some modifications to this option. The simplest one is when players get just a single round. But there are other titles with more choices.

It's never possible to tailor a bonus to all gamblers, and the solution developers have found is to offer two or more options that cater to different categories of slot fans. Bonuses would often have different volatility levels. Paying a similar price, punters either compromise on the number of spins or a multiplier.

The price isn't always fixed. It can vary in response to what an online slots bonus offers. It can be more than just a tradeoff between spins and multipliers. This difference is explained by higher win potential. For instance, Deadwood by Nolimit offers two versions. One is priced at 71x bet, the other one – 750x bet. The second round provides an extra boost by converting low-paying icons to wilds on three central reels.

One category offers players multiple free slots with bonus rounds plus the added thrill of the bonus gamble. In case they win, more games and/or a higher multiplier are credited. When it's a loss, they either return to the main game or have a bonus downgraded. BTG's Extra Chilli is an excellent example. Players initially get 8 spins, and if they dare to take the risk multiple times, eventually unlock 24 of them. To encourage risk-taking, the chances of success increase from 50% to 60% after the first successful gambling attempt.

Token accumulation is something everyone loves because it helps cut the cost. Not commonly used, it was introduced by BTG in White Rabbit. Instead of charging the full price of slots free spins, the developer integrated the special icon, a gold coin with the BTG logo. Whenever it shows up, it chips away a portion of the price and if you wait enough to accumulate, the entry is free. This collection strategy is an exciting alternative whenever paying the full price seems a bit expensive.

What about the Cost?

The price ranges between 50x and 100x bet. If that sounds too expensive, there are still a few options that are cheaper. But of course, you won't get much potential for paying less. The X-citer series by ELK Studios is probably the cheapest. There's a range of features to buy and the lowest price is just 5x.

At the press time, the most expensive free slots with bonus that is up for sale are San Quentin and Mental. The former slot offers three bonuses for 100x, 400x, and 2,000x. For the max price, punters get a bonus packed with everything so that hardly any spin will be a losing one.

To stop slot fans from spending too much at a time, the studio limited the max bet to 4 EUR in case of a 2,000x bonus. While 24 EUR and 32 EUR are the limits for 400x and 100x bonus games, correspondingly. The benefit of getting the most expensive version is that RTP increases from 96.26% to 96.95%.

Fans

of feature-packed, expensive online slots bonus games, should explore the Nolimit City's collection. This developer loves charging crazy amounts of money but delivers an exciting experience for the money. San Quentin is their record-breaker when it comes to price, but isn't the only title with expensive bonuses. Ready to risk a nice chunk of your bankroll? Check out Deadwood, Bushido Ways, Mental and other titles.

Top

Titles

We've put together a beautiful selection of free slots with bonus and free spins. Start by exploring random titles or simply trust the choice of savvy gamblers and pick the top titles for the ultimate experience. Right here we'll list some titles that deserve special mention.

Money Train 2 is capable of delivering a mind-blowing experience. It isn't all about the thrill and eye-popping payouts, but the slot's

potential attracts punters anyway. It's a masterpiece that exceeds the highest expectations: an extraordinary steampunk wild west environment in combination with cool features. This slot is famous for its thrilling Money Cart game. 100x bet is charged for skipping the less thrilling part and landing right where you want to be the most with a chance to hit up to 50,000x.

Nitropolis by ELK Studios is another amazing title.

100x bet unlocks up to 25 FS with locked nitro reels and one random icon that takes the scatter properties. That's not it, another round is three times the price of the previous one but this price increase is totally justified as one guaranteed retrigger is comes in the package and ensures two scatter pay icons. An explosive title like this is either loved or hated by different categories of punters. The casino online free bonus is the culmination of the gameplay. Nitro Reels is the source of excitement. It doesn't really expand, but divides into smaller symbols and accommodates up to 12 icons instead of two. If you wondered how 85+ million ways to win is even possible, that's the answer.

Dead or Alive 2 has drawn massive attention from the moment it was rolled out. Initially the studio presented a version without a shortcut to bonuses, but later launched another version. It has a more traditional set of characteristics and still is able to appeal to gamblers across the globe.

Extra Chilli brings a light, positive atmosphere into this otherwise dark-themed collection. It was created by BTG as a sequel to the all-time player favorite Bonanza. Free online slots with bonuses typically let you simply buy spins, but this one allows anyone to gamble them multiple times. It's a fun slot that sends positive vibes and offers a thrilling experience. The initial cost is 50x, but every golden coin you accumulate chips away a small portion of the price. It's a traditional Megaways title with 117,649 win ways, tumbling reels, and an unlimited win multiplier.

San Quentin by Nolimit City. Even though this developer didn't invent the feature, it wouldn't feel right to include at least a single title from its portfolio because of the major impact it had on this category. San Quentin sparked some controversy in the gaming community after slot details were published because of its prison theme and certain imagery that some find disturbing. Its 2,000x price tag also stirred some controversy. Nevertheless, the title has a huge fan base because of its unique theme as well as thrilling math.

Should I Play Bonus Buy Slots?

For some, it's an appealing solution that made gambling much more exciting. But there's a darker side to this innovation. The feature has influenced player behavior and encouraged taking more risks, which is a major issue. Gamblers can be impulsive, and this additional risk causes legitimate concerns.

Within a short period, they can buy features multiple times and go broke quite fast. This can worsen the situation with problem gambling. Jurisdictions that have a firm grip on the industry don't approve such solutions. And this probably explains why BTG, the studio that set the trend by introducing free slot games with bonus spins buy, voluntarily stopped adding the option.

So, should you play these games? Yes, if it's done responsibly, and no, if it's the reason you get carried away. If you can control your behavior and gamble safely, it's so much fun. The library continuously grows, and many epic old and new titles are there to try. But if you find it hard to control your impulses, it's better to stay away from them.

Pros and Cons

Having the chance to enter bonus rounds can significantly

boost player engagement. It's so much more exciting to have this choice and waste no time triggering features naturally. The cost is typically moderate, between around 50x and 100x. However, the price is sometimes incredibly high. It isn't just more fun, studios make sure to spice bonus rounds with extra stuff boosting the hit frequency and the payout sizes.

But on the flip side, it can be quite addictive. So, you'll need to have more self-control to play responsibly. If carried away, it's so simple to lose a lot of money within a short period. That's the reason the tool is prohibited in strictly regulated jurisdictions such as the United Kingdom. It is just so much riskier to spend too much on free slots with bonus rounds if those are readily available for purchase.

When you pay for a bag of spins, the expectation is to break-even in the worst-case scenario, which isn't always the case. Often you'll leave disappointed because over time games become increasingly volatile, and to produce those crazy payouts, there must be more disappointing bonus round entries.

Alternative Option

An alternative to buying rounds is to pay a bit more per spin for increased chances of naturally triggering a casino online free bonus. This option isn't as common across the industry, but there's at least one studio that often has integrated it into many of its slots.

Pragmatic has an extensive selection of titles with Ante Bet. It costs around 25% extra. The price may vary a bit, but never too much, and it is per spin. Doesn't seem expensive, but the extra money can eventually add up to a rather significant sum. Usually, the activation of the Ante Bet throws twice more scatters that release free spins. No guarantee, though, that it'll be hit anywhere soon.

Gates of Olympus is one example. This incredible scatter pays game can sell 15 FS for 100x and additionally offers to pay 25% extra to faster get to the bonus. Free slots demo is there to compare the options.
