E-mail:

you passed some time on-line recently, would be forgiven for thinking there is something in the water. Some adults - generally from the millennial Gen Z cohort are also known as "regressed to a form of infantile foaf", even when discussing serious topics. In this language the cost of living crisis is the best cozzy life; the next general elections will be the mental holidays and a mental collapse will be "genny".

This linguistic phenomenon, with some very dumb abbreviations has created a lot of confusion particularly among US users of social media as the British slang is now its own genre premier sport bet with interviews with American celebrities (all of them were done - Billie Eilish and Emma Stone. While this the British users of social media regularly share their thoughts on the more recent idiom in the posts "If I were re-elected", "se sou gen". "

If you are finding all this confusion, offensive or simply not noticeable - I understand. I did it too; but now there is only one word about how I feel premier sport bet with relation to this peculiar search for idiotic: patriotic!

Slang is subjective. It cringes at a person it seems intelligent, and it is not for me to judge what it is like as presumptuous or sincere? I certainly have my own preferences: "innit" (not-no) and "babe" seem natural to me but I would never say totes (or drinkypoo), something which I am still confused when someone says it because of gastric irritation after a long night out!

Although slang is as old as the idiom itself, I am convinced that this culture of contractions is something new. The romance was exactly as it superaccelerated in the speed of innovation of the term turned out to be and in the competitive but democratic nature of this phenomenon". New phrases are created premier sport bet with a online population by premier sport bet with approval as fast as possible (sim: "pandemic"). My moment never transformed into a collective sport with many words".

Besides the obvious camaraderie and behind-the-scenes mania, there is something more premier sport bet with game here. Sometimes even non-serious words serve a real need...

"cozy lives", popularized for the first time after a {sp} conversation on the Depop commercial platform went viral. "I can't go to the babe, I'm sad," responds the seller to a buyer offer - "Especially with the cozies and all this jazz." Given the taboo premier sport bet with talk about money and the people embarrassed blaming themselves for it is easier for those who find themselves without money

I saw a positive "cozy lives" effect among my own friends. Where previously groups of WhatsApp discussing parties or meetings were full of anxiety premier sport bet with talk about money, now the simple phrase makes it clear: "Sorry girls I can't pay for this". Cozy lives", which is easily understood and accepted without need for justification as never before; Never me to open up for judgment." It is likely I am similar "for people who are much happier"

Yes, it would be better if people could talk honestly without having to wear their problems premier sport bet with a joke. And it is not like denying the foaf language can minimize quite dark situations? I think of my own childhood poverty and I can never imagine using the term "cozy liv" to help me open up about a rejection for example But again... Never said anything!

sentimentos!

E assim eu digo, viva as pequenas frases engraçadas! Coloque-as premier sport bet com bandeira e teça elas no hino; alegrem nessas expressões idiota de uma nação dos punmaker. Saboreie a alegria das cláusulas crowdsourceds na busca por um sociedade mais aberta? Eles são fonte do orgulho nacional ou devo dizer que não é nada bom para ninguém...
