Battle Slots

To be honest, the term "slot-machine/RPG" was one I never imagined I'd see. As a sucker for the "anything/RPG" 8 hybrid, I was incredibly curious if this particular combination title would work. As it turns out, Phantom EFX's Battle Slots 8 does an admirable job of mashing these seemingly-disparate genres together. While it lacks some of the polish and addictiveness of 8 the best RPG hybrids, Battle Slots nonetheless hits more often than it misses. The premise is forgivably absurd, even by fantasy 8 standards, as the writers work to shoe-horn an all-powerful magical Battle Slot Machine into a more familiar tale of demon 8 invasion and all-around monster infestation. It seems that the main character has stumbled upon the mysterious artifact about the same 8 time that an upsurge in monster attacks begin. Driven by Fate, and armed with the powerful Slot Machine, players set 8 across the world to track down and defeat the Ultimate Evil befalling the land. What follows is quite typical fare for 8 these hybrid-type games--players traverse a main-world map, stopping occasionally to do one-on-one battle with the local fauna and flora. As 8 expected, these slot-machine battles are the heart of the game. The slot machine itself consists of a 3x5 set of 8 reels, with about two-dozen pay lines. Various symbols determine the pay-outs. Red symbols generate physical attack points, while blue symbols 8 generate magical ones. Players build up pools of these red and blue points, and spend them on various attacks and 8 abilities. In addition, players can also earn experience and money from the green and gold symbols, respectively. As the game progresses, 8 players earn bigger and better symbols to install into their slot machines. Additionally, players also earn increasingly-powerful spells and abilities, 8 and soon must tailor their skill selection to fit into the limited skillbook that can be brought into battle. The 8 slot machine is also quite customizable--as players determine their style of play, they can set sliders to change the relative 8 proportion of symbols appearing. Players can choose all blue symbols focusing only on magical attacks and abilities, all red symbols 8 focused on all physical moves, or some mix of the two. Also, a similar slider balances the experience/gold symbol ratio, 8 requiring players to decide whether they'd like faster advancement or additional money for goodies. Besides direct-damage attacks, spells and skills can 8 also manipulate the slot machine itself. Mostly this involves extra spins, tying up enemy spins, adding wild symbols, or stealing 8 symbols from the opponents. Finding the right balance between damage and manipulation effects is quite enjoyable, but once that "perfect" 8 setup is discovered, the game almost becomes too easy. Toward the end

of the game, I found a build that netted me more than 9 wins out of every 10 battles. Unless I happened to hit an extremely harsh string of luck on the spins, I was crushing enemies with almost laughable ease. This customizability is surprisingly deep, and players can change focus easily in a single playthrough. This is both a blessing and curse--while players won't regret less-than-optimal character layouts in a given game, there is less drive to start a new game to try out a different character design. A large part of what I like most about RPGs of this sort is the character development, and the ability to change everything on the fly detracts from that. Battle Slots isn't the most impressive-looking game, but it's on par with many of the casual-style titles. Likewise, the music and sound effects are unobtrusive and forgettable. The writing is very tongue-in-cheek, and hits more often than it misses, often being mildly amusing and worth a pause before clicking through. I did grow quickly tired with the battle banter, but since it was only text I could easily ignore it. The gameplay itself was quite smooth and simple. All the various town, store, and customization screens were easily navigable, and changing out a slot machine layout was a breeze. Battle itself was simply a matter of hitting "spin" until enough mana/attack points had been earned, then clicking one of the available spells. As a slightly-more-than-casual RPG, Battle Slots hits the right note in ease of play. For those looking for a casual game with an unusual premise, Battle Slots certainly fits that bill. While it neither wowed me with its style, nor sucked me in with a "one more spin" addiction, I did enjoy much of my time spent at the reels. This is one of the more unusual titles I've found lately, and is worth a peek at the demo at the very least.

PARIS (Reuters) - O primeiro-ministro interino bilionário do Líbano negou todas as alegações de lavagem, depois que uma queixa foi apresentada na França por dois grupos anticorrupção nesta semana.

A queixa contra Najib Mikati foi formalmente apresentada na terça-feira ao Ministério Público Nacional Financeiro da França pela organização não governamental francesa anticorrupção Sherpa e pelo Coletivo de Vítimas das Práticas Fraudulentas ou Criminais.

Em um comunicado, Sherpa disse que o objetivo é "declarar as condições sob quais figuras políticas libanesas como Najib Mikati acumularam riqueza considerável e sobre a função dos intermediários financeiros.

Não havia nenhum detalhe disponível sobre as somas de dinheiro envolvidas.

O grupo disse que chamou a atenção dos promotores franceses para as condições sob as quais Mikati "acumulou ativos significativos na França. A queixa também questiona a origem das verbas transitadas pelo sistema bancário francês".

Mikati disse que ele e membros de sua família sempre agiram em conformidade com a lei, num comunicado publicado quarta-feira pela Agência Nacional de Notícias do Líbano. A declaração defendeu "integridade" da família e afirmou seu negócio é caracterizado por uma transparência completa."

Primeiro-ministro desde 2024.

Ele fundou a empresa de telecomunicações Investcom com seu irmão Taha na década dos anos 80 e vendeu-a em 2006 para o Grupo MTN da África do Sul por BR R\$ 5,5 bilhões.
