RULES AND STRATEGIES FOR ENJOYING LIVE BLACKJACK

Simple rules and fast

gameplay 2 make it easy to play blackjack live with us. You just need to open a Betfair account, choose a game, 2 and then to get started by putting your chips on the table. If you are already an advanced blackjack player, 2 blackjack card counting strategies might be of help.

Remember that the goal of this card game is to beat the dealer 2 rather than simply reaching 21. However, if you get 21 on your first couple of cards then so much the 2 better! Remember that face cards count as 10 while an ace will be either 1 or 11, depending upon which 2 of these numbers suit you best.

Even newcomers to blackjack will

have no problems in getting to grips with the simple 2 rules of these games. After you place your stake, two cards are dealt with you and you need to decide 2 whether to Hit or Stand. Go over 21 and you are bust, meaning that you lose regardless of what the 2 dealer

has. Less than 21 but more than the dealer gives you a win.

If you feel confident then

you might want to "Double", if offered, to get one more card given to you on double your original stake. If the first two cards are identical, you may be offered the chance to "Split" them out as two hands, each with the original stake in play.

Win with

a blackjack hand of 21 on the first two cards for an improved payout. This is the best hand and the simplest type of win where you don't even need to make any decisions.

You

can also take out insurance to get a payout if the dealer gets blackjack. This is offered if the first card that the dealer gives to their own hand is an ace.

Side bets

add some extra spice, as you can win more on the likes of Pair, 21+3, and other interesting wagers. These bets are placed in addition to the main game and offer higher potential wins.

Arrive late to the table and find that it is already full of other

players who got there first? Choose to bet behind to wager on the hands of the players who are seated in front of you.

## HOW TO WIN AND WHAT PAYOUT TO EXPECT WITH LIVE BLACKJACK?

Win by getting a higher total than the dealer, but without going over 21.

It's as simple as that!

Expect a 1:1 payout for a straight win where you beat the

dealer but don't have 21 from the initial cards. If you get a magical 21 on your first two cards this rises to a return of three to two. Insurance typically pays out at 2:1.

Blackjack usually has one of the very best return to player (RTP) figures among casino games, often getting very close to 100%. This means that you should expect to win fairly regularly if you follow a solid basic blackjack strategy and Hit or Stand at the right times.

All side bets each have their RTP listed, which are usually a little

lower than the main game. The payout for these side bets will also be listed on the game and they are tempting, as they can be far higher than the main game's returns.
