Punters often enjoy placing different bets on their favourite sports.

Experienced players know that the most widely used and most popular types of bets are moneyline (when you bet on a specific team to win) and point spread (where you place wagers on a team winning by a specific number of points or goals). However, another commonly used type of wager is Totals.

By the end of this guide, you'll know precisely how totals betting works and how to place these bets on your own.

Let's take a look.

What is the total or over/under in betting?
